RE: Training availability for in-service and entry-level requirements

DATE: January 26, 2011

The Department has compiled a list of the schools *currently certified and offering* either the Locksmith in-service (25I) and/or the Locksmith entry-level (25E) training courses. In an effort to assist constituents who are required to complete training in order to receive or maintain a registration, we are updating you on this training availability.

The below training schools – appearing in alphabetical order - are currently offering the following training. For more information, please contact the school directly. Some or all of these schools may be willing to bring training to a location near you if you have enough students to make up a class. Please contact each one directly for options on training location, schedules and availability.

If you need additional assistance with the application process, please contact our Customer Service Center at 804-786-4700 or via email at ORA.Info@dcjs.virginia.gov.
