I. Introduction

The Virginia Department of Criminal Justice Services (DCJS) is pleased to announce the availability of grant funds to assist localities with providing temporary assistance to help alleviate potential intimidation of witnesses. The purpose of the Witness Protection Grant Program (WPGP) is to support witnesses and their families who may be in danger because of their cooperation with the investigation and prosecution of serious crimes. Grant awards shall be used to provide time-limited assistance of up to 90 days to witnesses to defray the costs associated with their ability to safely serve as a witness including, but not limited to, lodging, medical, transportation, food, and relocation expenses.

II. Eligibility

Participation in the Witness Protection Grant Program is open to all local law enforcement agencies, Commonwealth's Attorneys' offices, and other local government agencies as appropriate.

- Law enforcement and other local government agencies must be willing to acknowledge collaboration with the Commonwealth's Attorneys' Office for services.
- One application can be submitted on behalf of the locality, allowing local agencies to submit a request under the same grant number. However, the grant must be assigned to a specific agency for grant management purposes.

III. Amount Available

The maximum amount that may be requested is \$25,000 per locality. The final initial award amount will be determined based on the number of applicants who enroll. DCJS may also give priority or larger awards to localities whose applications reflect services to a larger citizen group.

IV. Grant Application Deadline

Applications for this program will be received on an ongoing basis, subject to the availability of funding. However, applicants are **strongly** encouraged to apply for enrollment to reduce the reimbursement timeframe. **Enrollment is required prior to seeking reimbursement.**

Initial enrollment applications are encouraged to be submitted in the DCJS Online Grants Management System (OGMS) no later than 5:00 p.m. on December 31, 2024. Enrollment will expedite the claims reimbursement process in the event the agency has a claim. Instructions on how to register in OGMS are available as an attachment. If you have not already done so, it is recommended that you register for OGMS as soon as possible as the registration process can take several days.

Applications may be submitted on an as-needed basis by eligible entities beyond the enrollment application deadline.

V. Summary of WPGP Process

1. Apply for Enrollment—*ALLOWS THE AGENCY TO BE POSITIONED FOR REIMBURSEMENT*

Eligible agencies must enroll to participate in the WPGP in OGMS. A confirmation of enrollment will be sent via OGMS. Agencies are strongly encouraged to apply for enrollment early to reduce the amount of time for claims processing. It is not necessary to wait until there is claim.

2. Submit a Pre-Approval Request Form—*DETERMINES PRELIMINARY APPROVAL*

Once enrolled, agencies may submit a Pre-Approval Request form for preliminary approval. All requests must be strictly for the provision of witness protection services deemed allowable per this notice. A narrative, to clearly justify the request, is required on the form. DCJS will send notice of approval, denial, or request more information via OGMS.

3. Submit Claim and Required Supporting Documentation—*DETERMINES APPROVAL FOR PAYMENT*

Upon review of the supporting documentation (proof of payment), the claim may receive final approval and payment will be issued. If any item requested is not adequately justified or is not supported by the required documentation, the payment will be reduced by that amount.

4. Reimbursement—*INITIATES PAYMENT*

Agencies are typically reimbursed within 30 days barring any extenuating circumstances via an Electronic Fund Transfer (EFT) transaction.

All claims must be submitted via DCJS approved claim forms provided upon grant award. Because funds are distributed on a first-come, first-served basis, agencies are cautioned against submitting past 90 days of the expenditure occurrence.

The WPGP operates on a reimbursement basis only. To be reimbursed, the law enforcement agency or Commonwealth Attorney's Office must first pay/obligate funds.

VI. Definitions

Witness Protection — temporary emergency placement based upon imminent and preset threat of danger to the witness. Placement is based upon a determination of need and length of time that witness needs to be removed from current circumstances. Safety planning (see the definition below) is required as part of this process.

Witness Relocation — a permanent move of the witness from their current living situation to housing that will provide an opportunity for greater safety. Safety planning from a long-term perspective is required as part of this process.

Violent Crime — an act committed in Virginia which, regardless of adjudication, involves the application of force or violence or the threat of force or violence by the offender upon the victim. For the purposes of this program, violent crime includes homicide, aggravated assault, rape, sexual assault, and attempted murder.

Dependent — may include but not be limited to mother, father, spouse, spouse's mother, spouse's father, child, grandchild, adopted child, or others who are wholly or partially dependent for support upon the witness, both living with and not living with, the witness at the time of the crime or others deemed necessary/integral for the prosecution of the crime.

Witness Protection Grant Program

Director — the Director of DCJS or his/her designee for the purposes of this notice.

Family Member — may include but not be limited to the spouse, parent, grandparent, stepmother, stepfather, child, grandchild, brother, sister, half-brother, half-sister, adopted children of parent, or spouse's parents.

Offender — a person who commits a crime.

Safety Planning — a preliminary threat assessment and interim plan to help ensure witness safety until a more comprehensive assessment and planning can be conducted. A safety plan is a personalized plan that includes practical information about staying safe, physically and emotionally. A useful safety plan includes all the important information needed to help witnesses take control of an unsafe situation and move forward after experiencing a crime.

Supplanting — State funds must be used to supplement existing State and local funds for program activities and must not supplant (replace) those funds that have been appropriated for the same purpose. If the agency has funds already budgeted for the same services allowable through the WPGP, those funds must be exhausted prior to acceptance of WPGP funds.

Victim — a person, a dependent or family member of a person who suffers emotionally, psychologically, or physically as a direct result of a crime.

Witness — a person whose testimony is desired in any proceeding or investigation by a grand jury or in a criminal action, prosecution or proceeding.

VII. Mandatory Program Requirements

2. The Commonwealth Attorneys' Office or law enforcement agency must provide a statement of conditions that qualify each witness to be serviced for protection.
3. A statement of the projected costs over a specific period of time.
4. The agency receiving assistance will be responsible for the development and implementation of a record-keeping system, based on the following criteria, to verify the eligibility of witnesses of crime and/or their dependents to receive services:
 - a. The crime must have been committed in Virginia.
 - b. The crime must have involved the threat or the use of force or violence in its commission.
