TRACER Scantron Interface Setup

Download the self-extracting-files from:

https://www.dcjs.virginia.gov/law-enforcement/tracer.

• *After downloading the file, launch TRACER.exe.*

• *Enter C:\TRACER in the Extract to: section.*
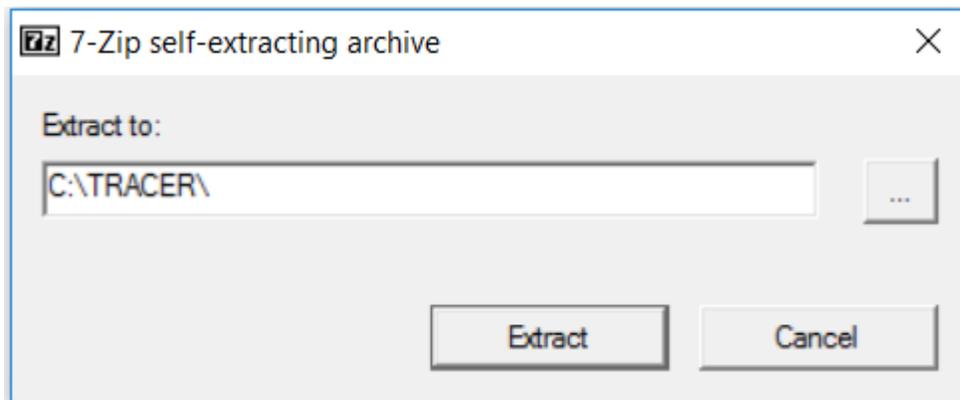

• *After it completes, go to your C:\TRACER folder.*

You will need to manually register the Scancomm.ocx file.

64 Bit System

• *Copy the Scancomm.ocx file from the folder you created.*

• *Paste theScancomm.ocx file into the Windows\SysWOW64 folder.*

• *Open the command prompt AS ADMINISTRATOR. a. On your Windows 10 search icon.*

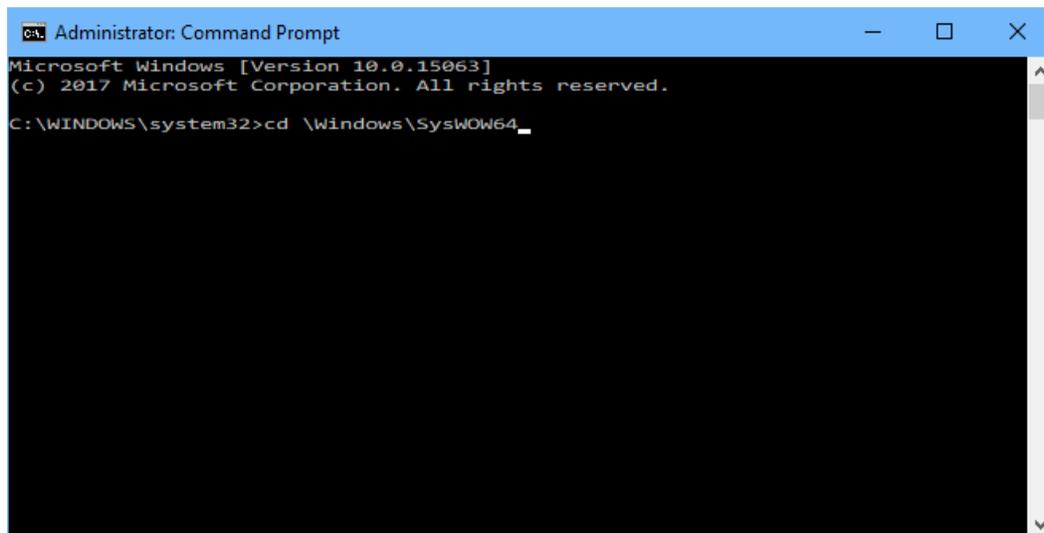

b. *Type "Command" and you should see the command prompt option.*

c. *Right click the Command Prompt choice and then select "Run as Administrator"*
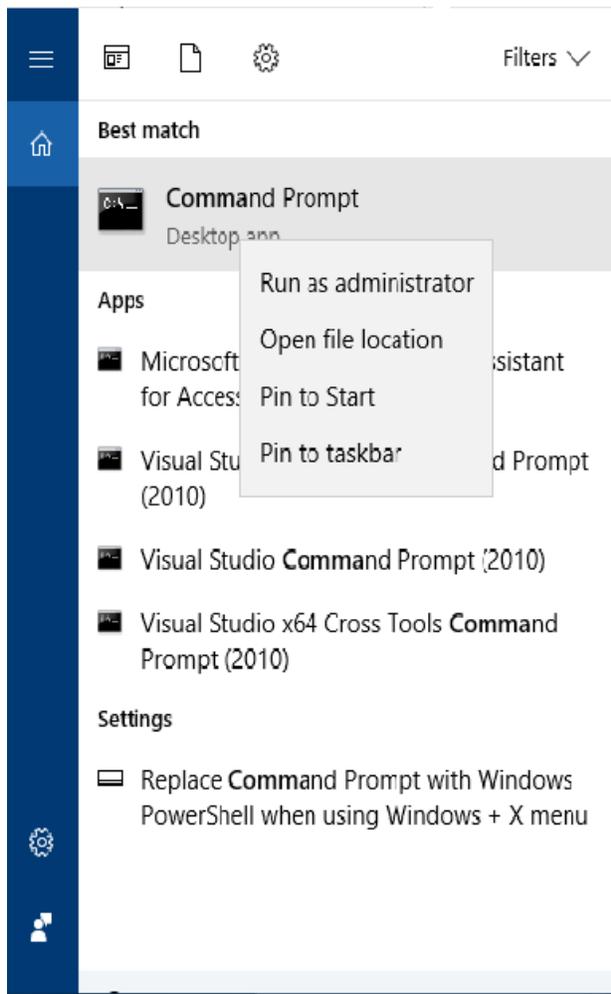

• Type: *cd \Windows\SysWOW64 into the command prompt window.*

- *Type: regsvr32 Scancomm.ocx into the command prompt window and press Enter*

- If you are successful you should see:

- Click OK and then close the command prompt window.

- Launch Dscan.exe
