Re: FY25 Comprehensive Community Corrections Act and Pretrial Services Act  
(CCCA/PSA) Funding Opportunity

---

The purpose of CCCA/PSA grant is to support local community-based probation and pretrial services agencies established and operating under the authority of the CCCA, as specified in the Code of Virginia.

Local community-based probation agencies were created in 1995 by the Comprehensive Community Corrections Act (CCCA, §9.1-173 COV). They were created to provide an alternative sentencing option for individuals convicted of certain misdemeanors or non-violent felonies for which sentences would be 12 months or less in a local or regional jail. Local community-based probation agencies provide services or referrals to services to include community service, assessment, education and/or treatment, and substance abuse testing.

Pretrial services were first created in Virginia in 1989, pursuant to authorizing language in the Appropriations Act. In 1995, pretrial services agencies were authorized by statute with the passage of the Pretrial Services Act (PSA, § 19.2-152.2 COV). Pretrial services agencies provide information, to include risk of failure to appear for court hearings and risk to public safety, to judicial officers (judges and magistrates) to help them make release decisions. Pretrial services agencies also supervise those released to the community and ordered to pretrial supervision pending trial. Pretrial services assist court-ordered individuals in meeting the conditions of their bail, such as compliance with substance abuse testing and Home Electronic Monitoring.

There are currently 37 CCCA and 35 PSA agencies that receive grant funding to support local probation and pretrial services. For the FY2025 CCCA/PSA solicitation, DCJS staff received 37 applications and request approval to award \$31,847,402 in state general funds to the 37 applicants. Of the request, \$825,000 would be awarded to Albemarle and Wise County for the Central and Southwest Virginia Regional Jail Expansion Authority. Additionally, funding was added to the FY2025 Appropriations Act for Prince Edward County, Salem, and Staunton to expand pretrial services into new localities served by their local pretrial agencies.

Full-time, state-funded CCCA/PSA employees received a 3% increase in the FY2025 state budget. Once DCJS receives the amount for disbursement from the Department of Planning and Budget, we will increase awards accordingly.

In summary, DCJS staff **request approval to fund 37 CCCA/PSA agencies for the 12-month fiscal year (07/01/2024 – 06/30/2025), totaling \$31,847,402**, using State General Funds allocated for this purpose.
