

Teacher Key: Community helpers - tools

- Firefighter - water hose
 - A firefighter helps keep our neighborhood and friends safe by putting out fires and saving people when there is an accident. Firefighters use a water hose to put out fires.
- Bus drivers - bus
 - A bus driver helps keep our neighborhood and friends safe by driving them to different places like school, the store, and home. The bus driver uses the bus to take a lot of people at one time
- Teachers - pencils
 - Teachers help our neighborhood and friends by helping students learn and grow. Teacher use pencils at school to teach students how to write
- Doctor - Stethoscope
 - Doctors help keep our neighborhood and friends safe by making sure everyone's body is healthy. Doctors use a stethoscope to check your heart
- Crossing guard - stop sign or whistle
 - Crossing guards help keep our neighborhood and friends safe by helping people and cars cross the street. Crossing guards use whistles and stop signs to warn people when it is and isn't safe
- Chef- Spatula
 - Chefs help our neighborhood and friends by making healthy food for people to eat. Chefs use spatulas as a tool to cook
- Children - Brain
 - Children help our neighborhood and friends by following the rules and being kind to others. You use your brain as a tool to make smart choices!
- Police officer - dog
 - Police officers help our neighborhood and friends by ensuring everyone is safe and following the law. Some police officers use a dog to find lost items or people by smelling.
