Date: February 27, 2025

Re: Operation Ceasefire Grant Program (OCGP) Forensic and Analytical Technology for Law Enforcement

The purpose of this Operation Ceasefire grant initiative is to support the use of technology that will result in reducing violent crime within the Commonwealth while implementing effective and sustainable solutions to intercept and eliminate local cycles of violence. Projects funded under this program will support local initiatives to fight violent crime by providing resources for law enforcement.

DCJS received 61 applications totaling $7,482,289. After reviewing the applications, staff recommends approval of 56 applications totaling $4,936,867.

Five applications in the amount of $832,900 were not recommended for funding. Of the five not recommended for funding, three are current recipients of substantial earmarked funding under the Safer Communities Program and two applicants submitted insufficient information to justify the funding.

In summary, DCJS staff request **approval to fund 56 grant applications** for the 12-month period (7/1/25-6/30/26) **totaling $4,936,867** using State Special Funds allocated for this purpose.

OCGP -- Grants Committee Recommendations (Cover Report)
Operation Ceasefire Forensic and Analytical Technology

Application Number	Location	Jurisdiction	Requested DCJS Funds	Requested Local	Requested Total	Recommended DCJS Funds	Recommended Local	Recommended Total
546617	Abingdon, Town	Town Government	$75,193.00	$0.00	$75,193.00	$75,193.00	$0.00	$75,193.00

OCGP -- Grants Committee Recommendations (Summary Report)
Operation Ceasefire Forensic and Analytical Technology

Application Number	Grant Program	Applicant Location	Implementing Agency	Type of Application	Requested Funding	Recommended Funding	Application Criteria	Grant Project Description
546617	Operation Ceasefire Grant Fund	Abingdon, Town	Town Government	New	$75,193.00	$75,193.00	Meets Criteria	The Abingdon Police Department is seeking funding for equipment through the Operation Ceasefire Grant Program to obtain and upgrade the technological infrastructure within the investigative division. This funding will support the acquisition of advanced forensic tools and analytical software essential for enhancing investigative capabilities. By incorporating state-of-the-art technology, this department aims to improve evidence processing, data analysis, and overall case resolution efficiency.
547583	Operation Ceasefire Grant Fund	Albemarle, County	County Government	New	$26,585.00	$26,585.00	Meets Criteria	The Albemarle County Police Department is seeking funding to enhance the Criminal Investigative Division by acquiring four tower workstations (2 for major crimes, 1 for theft investigator and 1 for Evidence Unit) to be used for downloading crime scene images and inspect digital files and cell phone data. The department is also seeking funding to purchase the i2 Analyst's Notebook for criminal investigators and analyst.
548087	Operation Ceasefire Grant Fund	Alleghany, County	County Government	New	$80,000.00	$80,000.00	Meets Criteria	The Alleghany County Sheriff's Office is requesting $80,000 through the FY 2025 Operation Ceasefire Grant Program to purchase a mobile crime scene trailer. This trailer will enhance the department's ability to process crime scenes on-site, improving evidence preservation and reducing delays in investigations. The mobile unit will be equipped with necessary forensic tools, a climate-controlled space, and communication equipment, allowing for secure, efficient investigations and reducing the strain on resources.
548101	Operation Ceasefire Grant Fund	Amherst, Town	Town Government	New	$7,375.00	$7,375.00	Meets Criteria	The town of Amherst Police Department is seeking funding to purchase crime investigation tools, Blacklight flashlights, crime scene privacy screens and Advance laser Trajectory finder kit.
546179	Operation Ceasefire Grant Fund	Bedford County	County Government	New	$183,958.00	$150,000.00	Meets at reduced level	Bedford County intends to use this funding to purchase equipment for forensic investigations. The equipment purchase will help officers quickly identify fingerprints, identify narcotics at the scene, and improve the efficiency and speed.
547925	Operation Ceasefire Grant Fund	Big Stone Gap, Town	Town Government	New	$128,369.00	$80,000.00	Meets at reduced level	Big Stone Gap Police Department is requesting funding to support the purchase of forensic tools and technology that will aid in accurate evidence collection and analysis. Equipment: Getac A140 Tablets (5), TruNarc Analyzer, Generac Magnum Light Tower and Krimesite Master Scan & Find Latent Print.
547763	Operation Ceasefire Grant Fund	Brunswick, County	County Government	New	$196,673.00	$130,000.00	Meets at reduced level	The BCSO OCGP Forensic and Analytical Technology for Local Law Enforcement, FY2025 Investigative Equipment Acquisition Project is a plan to increase the available investigative tools and technology within the Brunswick County Sheriff's Office and allow our investigators to efficiently process crime scenes. The funds available from this grant process will support the purchase of several investigative tools and related equipment to aid our investigators with their important job details, and positively affect the entire Sheriff's Office as a whole. Equipment:GrayKey/Axiom Essential, ForenscopeLITE Latent Fingerprint System, Motorized Lab Stand, Evidence Collection Kits, Safe Develop Fingerprint Chamber, 30' Safefume Fuming Chamber, Evidence Packing Deluxe Kits and Finger Print Ink Pad.
548005	Operation Ceasefire Grant Fund	Buchanan, County	County Government	New	$99,200.00	$80,000.00	Meets at reduced level	The Buchanan County Sheriff's Office will utilize grant funds to improve its efforts to address violent crime through the use of technology by purchasing new Forensic and Computer Equipment to better document and examine crime scenes and process digital evidence.
547779	Operation Ceasefire Grant Fund	Charlottesville, City	City Government	New	$180,000.00	$150,000.00	Meets at reduced level	Charlottesville Police Department is seeking funding to support the purchase of Peregrine's Ascent and Legacy Data software, which includes on-site training, system configuration, ongoing technical support. This will help CPD integrate over 9 separate systems onto one unified platform to increase operational efficiency; allow CPD to pursue real time policing and crime data management; allow staff to develop more in-depth Geospatial analytics; and automatically connect relevant case information from several different platforms.
545961	Operation Ceasefire Grant Fund	Chesapeake, City	City Government	New	$196,444.00	$104,000.00	Meets at reduced level	The Chesapeake Police Department seeks to obtain Forensic and Analytical Technology that will address the equipment needs of the Police Department's Forensics Unit and Criminal Investigations Section. The Police Department intends to purchase 3D scanners that will allow personnel to document crime scenes accurately. The scanner has the capability to produce a true rendition of a crime scene including trajectories, measurements, and imagery. Additionally, we are intending to purchase tablet devices capable of triaging digital data while the investigator is still on scene of a crime. These devices support a goal of reducing violent crime while implementing effective and sustainable solutions.

ID	Program	Locality	Government Type	Status	Amount Requested	Amount Awarded	Determination	Description
549955	Operation Ceasefire Grant Fund	Chesterfield, County	County Government	New	$43,600.00	$43,600.00	Meets Criteria	This proposal seeks funding for the acquisition and implementation of software to enhance our ability to securely manage, analyze, and store digital evidence. With the increasing volume and complexity of digital evidence in criminal investigations, the implementation of digital evidence management software would provide a robust, scalable, and compliant solution to ensure that data is handled efficiently, securely, and with integrity throughout the investigative process.
548024	Operation Ceasefire Grant Fund	City of Franklin Police Department	City Government	New	$194,044.00	$120,000.00	Meets at reduced level	Franklin City PD is seeking funding to obtain the following technology: CellHawk (software to map cellular data), IntelScope/ GangScope (criminal intelligence database), IVe (vehicle forensics tool), TruNarc (field-based presumptive narcotics, precursor, and cutting agent testing), Evident ForenScope SuperSpectral, Evident ForenScope Contactless LITE Latent Fingerprint System, and the necessary hardware/ software to utilize the acquired technology.
544776	Operation Ceasefire Grant Fund	Colonial Heights, City	City Government	New	$199,970.00	$150,000.00	Meets at reduced level	The Colonial Heights Police Department seeks funding to acquire advanced forensic equipment and cutting-edge technology to combat rising violent crime in our community. This funding will enhance officers' efficiency in responding to violent incidents and streamline evidence collection and processing, strengthening our ability to address crime trends and safeguard the City of Colonial Heights effectively.
546526	Operation Ceasefire Grant Fund	Crewe, Town	Town Government	New	$87,725.00	$87,725.00	Meets Criteria	Grant funds will be used to acquire digital forensics equipment to assist Crewe Police Department in addressing and solving crimes of violence, specifically those involving firearms. Crewe has seen an increase in shooting calls / crimes over the past several years, and obtaining technology to assist in recreating the scenes accurately and realistically will help our investigative unit increase the rate of closure on these types of incident.
546581	Operation Ceasefire Grant Fund	Culpeper, County	County Government	New	$155,468.00	$120,000.00	Meets at reduced level	The Culpeper County Sheriff's Office is proposing a number of technological improvements to address violent crime. Artificial intelligence technology will be used to transcribe and preserve digital records. A digital suite of solutions to extract digital forensic data will be implemented, and provide live community crime map.
548018	Operation Ceasefire Grant Fund	Dickenson, County	County Government	New	$200,000.00	$150,000.00	Meets at reduced level	Dickenson County is seeking funding to provide additional resources to the current investigative division to address gun violence. These funds will be used to purchase forensic crime scene investigation technology and equipment that will assist investigators in processing crime scenes and solving major/violent crimes.
548065	Operation Ceasefire Grant Fund	Dinwiddie, County	County Government	New	$67,795.00	$7,000.00	Meets at reduced level	Dinwiddie County Sheriff's Office is seeking funding to support the purchase of forensic and analytical technology designed to enhance investigations. Equipment purchase includes Lafayette Polygraph, CSI metal detector, bullet hole testing kit, forensic lamp, underwater viewing system and FLOCK OS.
548020	Operation Ceasefire Grant Fund	Emporia, City	City Government	New	$200,000.00	$100,000.00	Meets at reduced level	The Emporia Police Department is actively working to combat gun violence and violent crime in our small town city in Southside Virginia. To enhance our efforts, we are looking to acquire Cellphone Forensic and Evidence gathering equipment, provide training for our officers, and sustain our partnerships with vendors for analytical software.
547670	Operation Ceasefire Grant Fund	Farmville, Town	Town Government	New	$95,000.00	$15,000.00	Meets at reduced level	Farmville PD is seeking funding to purchase FLOCK OS to integrate the current Flock cameras, and cameras from community businesses into one solution to increase our efficiency in responding to violent crime.
547553	Operation Ceasefire Grant Fund	Franklin County	County Government	New	$63,395.00	$63,395.00	Meets Criteria	Franklin County is seeking funding to purchase and implement forensic technology equipment to prevent, combat, and address violent crime. The funds will support the purchase of various equipment that is necessary to combat and reduce violent crime. Equipment Request: NAVVix MLS Mobile Mapping System, Evidence Markers, Sane-Lite Kit, Advance Laser Trajectory Finder Kit, Ultra Lite ALS CSI Pro Pointer Metal Detectors and Bluetooth Laser Distance Measure.
547931	Operation Ceasefire Grant Fund	Fredericksburg, City	City Government	New	$154,000.00	$100,000.00	Meets at reduced level	Fredericksburg City PD is seeking funding to purchase equipment that will aid in criminal investigations. Equipment purchases consist of: Multispectral Imaging Equipment and ForenScope 8k LAB Android with Motorized Laboratory Stand.
547061	Operation Ceasefire Grant Fund	Greene, County	County Government	New	$112,717.00	$80,000.00	Meets at reduced level	To aid our investigators and deputies in solving cases with forensic and analytical technology that we currently have to outsource. We have an investigator certified in forensics and all back certain tools and technology to process what could be done by our office without waiting on the outsourcing to fit us into their schedule.
547551	Operation Ceasefire Grant Fund	Greensville, County	County Government	New	$197,021.00	$150,000.00	Meets at reduced level	Greensville PD is requesting funding for forensic equipment to equip the investigative division with the tools needed to assist in solving cases in a timely manner with the increased gun violence within our community.
547737	Operation Ceasefire Grant Fund	Hampton, City	City Government	New	$107,500.00	$100,000.00	Meets at reduced level	Hampton Police are seeking to procure a full FARO System to include both a Transit System and a Handheld FARO to make the mapping of crime scenes and fatal accidents more efficient. FARO produces crime scene maps at a degree of accuracy that is not possible via human measurement (our current system).

Number	Program	Locality	Government Type	Status	Amount Requested	Amount Awarded	Criteria	Description
547791	Operation Ceasefire Grant Fund	Hanover, County	County Government	New	$82,919.00	$82,919.00	Meets Criteria	The Hanover County Sheriff's Office (HCSO) is seeking funding to enhance its forensic investigation capabilities through the acquisition of a Full Spectrum Color Imaging System (FSIS-II) Rugged Master. This advanced fingerprint and forensic evidence capture device will be instrumental in improving HCSO's ability to capture and analyze evidence and will facilitate precise and efficient investigations of violent crimes.
547703	Operation Ceasefire Grant Fund	Henrico, County	County Government	New	$132,200.00	$100,200.00	Meets at reduced level	The HCPD identified digital forensics as being an essential tool for investigating violent crime cases. Artificial Intelligence (A.I.) allows investigations to identify information from a large group of datasets quickly and produces detailed reports. With its advanced features, this tool will support more thorough, timely, and accurate investigations. The software creates a wholistic report that is easy for police, prosecutors, and juries to understand. Implementation Plan: Equipment Purchase and advanced Training for Operators to include (8) Detectives. In 2024 Henrico had 403 victims covering the crimes of homicide, rape, robbery, assault, and human trafficking. A.I. is expected to assist approximately this number of people yearly.
547935	Operation Ceasefire Grant Fund	Hurt, Town	Town Government	New	$7,682.00	$7,682.00	Meets Criteria	Hurt Town PD is seeking funds to purchase three FLIR monoculars with protector cases. Three monoculars would allow for one to be put in each patrol vehicle to use since time is of the essence with a heat signature.
547637	Operation Ceasefire Grant Fund	James City, County	County Government	New	$61,500.00	$0.00	Does not meet criteria	The James City County Police Department seeks to acquire Flock Safety software licenses to enhance its investigative and crime prevention capabilities. This project will provide 90 full-time sworn personnel access to advanced ALPR data and real-time analytics, enabling more efficient investigations and improved public safety. The funds will support the purchase of software licenses, integration with existing systems, and comprehensive training for officers to ensure proper implementation and use.
547544	Operation Ceasefire Grant Fund	Louisa County	County Government	New	$154,863.00	$100,000.00	Meets at reduced level	This project seeks funding to enhance our law enforcement agency's digital forensic capabilities by acquiring critical tools and training to efficiently exploit and analyze electronic devices in support of criminal investigations. The requested funding includes a 3-year license for GreyKey ($37,926.27), one year of specialized training ($6,995), and Digital Intelligence hardware: three forensic workstations ($33,799 each) and a blocker kit ($8,545). These resources will enable timely and effective evidence extraction, improving our ability to combat digital crime and protect the community.
548040	Operation Ceasefire Grant Fund	Lynchburg, City	City Government	New	$178,850.00	$148,850.00	Meets at reduced level	The Lynchburg Police Department (LPD) seeks funding to acquire two advanced tools to enhance its efforts in combating violent crime and streamlining investigations: the Peregrine analytical platform and the ForenScope Super Spectral (Model FS-SS). The CIIS-compliant Peregrine platform will unify siloed data, provide real-time analytics, and support data-driven strategies to address gun violence and repeat firearm offenders. The ForenScope Super Spectral will expedite fingerprint collection at crime scenes without traditional powders, saving time and improving evidence integrity. Together, these tools will strengthen LPD's capabilities to ensure public safety and improve investigative efficiency.
546307	Operation Ceasefire Grant Fund	Manassas Park, City	City Government	New	$200,000.00	$0.00	Does not meet criteria	Manassas Park PD is seeking funds to update and replace the current Computer Aided Dispatch (CAD) System. The replacement and enhancement of the Computer Aided Dispatch software supporting dispatch capabilities will allow staff to identify violent crime areas, dispatch resources to the areas, and reduce the local cycles of violence in our communities.
547655	Operation Ceasefire Grant Fund	Manassas, City	City Government	New	$34,744.00	$34,744.00	Meets Criteria	The purpose of this program proposal is to request technology, comprising of the CINT Commander II, Satellite Networking Package, and 836 Tactical I Video Phone, which has the opportunity to revolutionize the Manassas City Police Department's ability to manage violent crime and high-risk incidents by enhancing real-time communication, situational awareness, and tactical coordination. Together, these tools are expected to reduce response times by up to 30% and increase situational awareness for command staff and field units, improving the overall safety and efficiency of high-risk operations.
545832	Operation Ceasefire Grant Fund	Martinsville, City	City Government	New	$107,000.00	$107,000.00	Meets Criteria	This project will utilize grant funding to purchase Peregrine data integration software. This software connects and integrates the data in our existing software platforms and makes it more accessible and actionable. It provides crime analysis as well as real-time information to patrol units.

547612	Operation Ceasefire Grant Fund	Matthews County	County Government	New	$116,662.00	$100,662.00	Meets at reduced level	This project seeks to fund an Artificial Intelligence program for deputies' body worn cameras. Funding will support the purchase of two software components through Axon Software systems. Axon Fusus One is the first software program we are seeking to acquire which streamlines emergency & incident management, by fusing all of a community's video assets into a single platform. Fusus One is a map-based interface that combines private and public video streams into a single feed, enabling greater situational awareness and a common operating picture for those directly affected by an incident taking place. Axon Draft One is the second program we are seeking funding for which is a narrative tool for the sheriff's office that is powered by body camera audio. Using Draft One, you can quickly generate draft narratives in Axon Evidence that can be carefully reviewed and revised, then eventually copied after editing into our Records Management System.
547248	Operation Ceasefire Grant Fund	Montgomery County	County Government	New	$132,314.00	$100,000.00	Meets at reduced level	The Montgomery County Sheriff's Office seeks funding to support the purchase of Evident ForensScope Crime Scene Bundle (CSI Pro II, Contactless LITE, Super Spectral with Anti-Stokes and TruNarc equipment.
547878	Operation Ceasefire Grant Fund	Orange County	County Government	New	$85,140.00	$85,140.00	Meets Criteria	This proposed project is to purchase a FARO Focus Laser Scanning Solution for the Orange County Sheriff's Office to be used in the investigation of violent crime. The funds will support the purchase of and training with a FARO Focus Laser Scanning Solution. This system will be used by deputies of Orange County Virginia to document crime scenes from violent crimes and other crimes for any victim of the associated crime that occurs in Orange County Virginia. The FARO Focus Laser Scanning Solution will be purchased with grant funding and training will be obtained after receipt.
546466	Operation Ceasefire Grant Fund	Patrick County	County Government	New	$194,211.00	$150,211.00	Meets at reduced level	Patrick County is seeking grant funding to equip the current mobile crime scene response vehicle along with additional forensic equipment for crime scene investigations. The state-of-the-art equipment will feature artificial intelligence to streamline investigations. Equipment request includes: Crime-lite AUTO, Trajectory Rods, Sketch Kit, Thermometer, Bullet Path, Dental Stone Castings, various lighting, SafeFume Cyanoarylate Fuming Chamber, Axon Interview Room, Foster-Freeman Crime Light Auto, Air Science Drying Cabinet, Robin Flare Plus2 Forensic Light Source Kit and Faraday Pouches.
544650	Operation Ceasefire Grant Fund	Pennington Gap, Town	Town Government	New	$143,528.00	$15,950.00	Meets at reduced level	The Pennington Gap Police Department requests $142,528 from the Operation Ceasefire Grant Program to enhance its capabilities in combating violent crime and improving officer preparedness. The project involves acquiring advanced forensic equipment and a state-of-the-art training simulator to bolster operational effectiveness. All six field officers and relevant personnel will receive training, directly benefiting from the new equipment and simulator. Residents will experience improved public safety outcomes due to increased efficiency in handling drug-related incidents and enhanced officer decision-making in high-pressure situations. This Program provides the PGPD the necessary tools and training to effectively reduce violent crime.
546364	Operation Ceasefire Grant Fund	Petersburg City	City Government	New	$200,000.00	$125,000.00	Meets at reduced level	The Petersburg Bureau of Police seeks funding to implement Blueline AI, Peregrine, Skopenow, and FLOCK OS to enhance violent crime reduction efforts. By integrating these technologies into a centralized dashboard, the funds will support 100 personnel, including patrol officers, crime analysts, crime suppression units, and investigators. The entire department will use these tools in some capacity to improve intelligence gathering, crime analysis, and real-time decision-making. Training will be required before deployment, with the Training Sergeant leading department-wide sessions. This project will streamline workflows, enhance data-driven policing, and improve public safety across Petersburg.
546072	Operation Ceasefire Grant Fund	Portsmouth City	City Government	New	$172,500.00	$0.00	Does not meet criteria	The Portsmouth Police Department will use grant funds to purchase data analysis software and a Hydraulic lift to gather evidence from vehicles. The data analysis software will transform the Portsmouth Police Departments crime reduction strategies by providing Integrated Data Access and Analytics, Enhanced Investigative Capabilities, Real-Time Operational Intelligence, and Community Impact. The hydraulic lift will provide thorough and complete evidentiary analysis of vehicles used in violent crime, property crime, and other crimes against persons.
547639	Operation Ceasefire Grant Fund	Powhatan County	County Government	New	$64,190.00	$64,190.00	Meets Criteria	This project aims to equip the Powhatan County Sheriff's Office with forensic equipment to improve evidence collection efforts related to criminal investigations. The funds will support the acquisition of two Apple iPads, Apple Pencils and licenses for Polycam scanning software, as well as FORENSCOPE mobile imaging forensic devices to include a CSI Pro Smartphone 2 and a SuperSpectral. The devices will support the Criminal Investigations Division to include 5 full-time employees and 1 part-time as well as 4 patrol evidence technicians. The acquisition of these devices enhances the abilities of the Powhatan County Sheriff's Office as it relates to crime scene investigations, therefore any victims of violent crime will benefit.

ID	Fund	Locality	Government Type	Status	Amount Requested	Amount Awarded	Criteria	Description
547650	Operation Ceasefire Grant Fund	Pulaski County	County Government	New	$80,555.00	$80,555.00	Meets Criteria	The Pulaski County Sheriff's Office is seeking to streamline our Criminal Investigation Division's investigation process as well as disseminate pertinent information to Patrol Deputies during ongoing investigations. The funds would support several forensic based items to include Tablets, metal detectors, a drying cabinet, external hard drives, and a 3d laser scanner.
547596	Operation Ceasefire Grant Fund	Pulaski, Town	Town Government	New	$83,108.00	$83,108.00	Meets Criteria	The Pulaski Police Department is seeking grant funds to significantly make an impact on the investigation and recording of evidence for crime scenes. Our Investigations Division consists of a Captain and three (3) investigators who are responsible for all major crime scene investigations as well as other felony and misdemeanor cases. Since we are a small agency in a rural community, our funding does not allow us many state of the art investigative tools. We are seeking to add a Trimble X9 laser scanner and two (2) Nikon Z7 Mirrorless Cameras to our equipment for more accurate forensic investigation.
547611	Operation Ceasefire Grant Fund	Radford City	City Government	New	$160,855.00	$130,855.00	Meets at reduced level	This project aims to reduce violent crime in the City of Radford as well as the New River Valley utilizing collaborative efforts between law enforcement agencies across all levels of government. To accomplish this, Radford City Police Department is seeking the procurement of the equipment needed to submit ballistic evidence from seized firearms and casings to NIBIN. This equipment will aid in the ability to not only produce case leads that allow for the focused and strategic enforcement of prolific offenders, but also to provide a system that is strategically located in the New River Valley that will offer a readily accessible investigative tool freeing up resources for other leads in an investigation.
545773	Operation Ceasefire Grant Fund	Richmond City	City Government	New	$200,000.00	$0.00	Does not meet criteria	The Richmond Police Department (RPD) is seeking $200,000.00 to support a new Records Management System (RMS). The goal of this project is to support technology enhancements enabled through a new RMS aligned with organizational strategic priorities and assessment recommendations to further enhance RPD's capacity to combat violent crime. An RMS serves as the hub for data collection including crime reports and statistics. A modern RMS can eliminate manual processes, siloed data, and duplicative data entry. This project will build operational capacity and leverage modern technological advancements in implementing crime reduction strategies.
546152	Operation Ceasefire Grant Fund	Roanoke City	City Government	New	$198,900.00	$0.00	Does not meet criteria	Roanoke City is seeking grant funds to improved technological capabilities offered by Celebrite Premium, FlockOS and Tip411. The enhanced version of Cellebrite Premium will provide Roanoke City investigators the ability to improve the speed and accuracy to collect, review, analyze and manage a range of digital evidence sources. Additionally, Roanoke City has only the basic version of the Tip411 application which has provided difficulties when disseminating crime tips promptly and accurately. The enhanced version of Tip411 adds dynamic databases, unlimited subscribers and advanced features to ensure robust crime tip capabilities.
547546	Operation Ceasefire Grant Fund	Roanoke County	County Government	New	$98,550.00	$98,550.00	Meets Criteria	The Roanoke County Police Department proposes to implement the Operation Ceasefire Forensic and Analytical Technology Grant to enhance the technology of its investigators by purchasing a new mobile laser scanner and two forensic laptops to assist with forensic in-field processing of crime scenes and digital evidence. These devices will allow investigators to work at a more efficient pace, collecting significantly more accurate measurements, and processing complex scenes quicker allowing for evidence to flow into the hands of investigators quickly. Mobile laser scanners measure within millimeters of accuracy, allowing for greater precision and after-the-fact scene recreation.
546912	Operation Ceasefire Grant Fund	Saint Paul, Town	Town Government	New	$29,138.00	$29,138.00	Meets Criteria	St. Paul Police Department is seeking funding to purchase a Master RUVIS Kit to collect and preserve forensic evidence. This forensic kit will allow the St. Paul Police Department to help to find latent prints that are normally overlooked on a crime scene. As a result, the Department will have the ability to collect additional evidence that could lead to reducing violent crime within the Town of St. Paul, Wise County, and Russell County.
547929	Operation Ceasefire Grant Fund	Scott County	County Government	New	$57,195.00	$57,195.00	Meets Criteria	Scott County is requesting funds to purchase a TruNarc drug tester, that allows drugs to be tested with out potential exposure to dangerous drugs such as fentanyl. Additionally, Scott County is requesting funds for a laser crime scene scanner that assists with diagramming crime scenes and creating a 3D image with all measurements of the scene, faraday bags to secure electronics that are seized in most crimes and a trajectory kit to determine ballistic trajectory on shooting scenes.
548080	Operation Ceasefire Grant Fund	Spotsylvania County	County Government	New	$58,733.00	$58,733.00	Meets Criteria	The Spotsylvania County Sheriff's Office is respectfully requesting $58,733 in state funds to purchase technology that will aid in violent crime investigations and prosecutions. The requested items include ten mobile fingerprint identification scanners and one forensic camera for crime scene documentation.

ID	Fund	Locality	Government Type	Status	Amount Requested	Amount Awarded	Determination / Description
546222	Operation Ceasefire Grant Fund	Strasburg, Town	Town Government	New	$81,630.00	$81,630.00	Meets Criteria — Strasburg Police Department is seeking grant funds to support the purchase of advanced technology for crime scene processing. If awarded the opportunity, the Strasburg Police Department intends to purchase a FARO 3D crime scene scanning tool that would eliminate many hours of hand drawing and traditional measuring techniques.
547827	Operation Ceasefire Grant Fund	Suffolk City	City Government	New	$173,510.00	$140,510.00	Meets at reduced level — The Suffolk Police Department is seeking funding to purchase a forensic camera with a dock station and a Fingerprint Imaging Workstation. These 3 pieces of equipment will enhance the Department's equipment and technology base in order to continue providing the most up-to-date forensic evidence analysis. With better efficiency, the advanced photography equipment will help reduce the error rate with fingerprint exams, thus increasing the ability to locate suspects faster. The entire community of the City of Suffolk will be served by this equipment. Presently, there are 5 Crime Scene Investigator's and 1CSI Supervisor in the Department.
548019	Operation Ceasefire Grant Fund	Tazewell County	County Government	New	$90,000.00	$90,000.00	Meets Criteria — These grant funds if awarded would be to purchase a Leica Scan with training that will be used on crime scenes.
457714	Operation Ceasefire Grant Fund	Virginia Beach City	City Government	New	$172,250.00	$120,000.00	Meets at reduced level — VBPD is seeking funding for the purchase of forensic equipment to reduce violent crime within the city of Virginia Beach and the Commonwealth. This request includes 1.) IBIS ClearCase; 2.) FARO laser scanner and 3.) Mirrorless Crime Scene Cameras. This equipment will provide the department with the most technologically advanced forensic tools to effectively sustain long term solutions to quickly intercept and eliminate local cycles of violence. This equipment will also support the recent ISO-17020 accreditation the VBPD Forensic Unit recently achieved in December 2024.
548026	Operation Ceasefire Grant Fund	Warren County	County Government	New	$140,270.00	$100,000.00	Meets at reduced level — The Warren County Sheriff's Office is seeking to expand it's capability to respond to and investigate violent crime in our community. Our goal is to better equip and train our investigations division to be more effective at solving cases and building better cases for prosecution to reduce violent crime. This project involves the acquisition and deployment of two advanced laser imaging devices the Leica BLK360 and BLK2GO along with their supporting software. These devices will allow investigators to capture high-definition, panoramic, 3D walkthroughs of crime scenes, ensuring comprehensive and precise documentation. Utilizing this technology will allow investigators to measure and record crime scene elements with unparalleled accuracy and efficiency, significantly reducing the time required for traditional evidence collection methods. This enhanced documentation process will improve case presentations in court, providing judges and juries with a clear and comprehensive understanding of crime scenes.
546083	Operation Ceasefire Grant Fund	Washington County	County Government	New	$79,772.00	$79,772.00	Meets Criteria — The Washington County VA Sheriff's Office is applying for the Operation Ceasefire Grant Program to acquire a Leica 360-degree Scanner, Forensic Light Source, and 10 sets of barrier filters. These tools will enhance the Criminal Investigation Division's (CID) ability to document and analyze crime scenes accurately and efficiently. The Leica Scanner will provide precise digital reconstructions, while the Forensic Light Source and filters will improve detection of hidden evidence, improving investigations and supporting public safety.
548084	Operation Ceasefire Grant Fund	Weber City, Town	Town Government	New	$162,400.00	$100,000.00	Meets at reduced level — The Weber City Police Department aims to enhance its ability to combat drug-related crime and improve forensic investigations through the acquisition of advanced technologies. Key tools will include a Mobile Digital Drug Identification Device, evidence tracking systems, high-resolution forensic cameras, portable evidence collection kits, and laser trajectory finders. These technologies will improve officer safety, streamline evidence management, and enable faster, more accurate investigations, ultimately strengthening cases and enhancing the department's ability to address rising crime rates and drug trafficking.
547797	Operation Ceasefire Grant Fund	Wise County	County Government	New	$180,088.00	$100,000.00	Meets at reduced level — Wise County is seeking to purchase forensic equipment to help investigate and prosecute crimes. Equipment purchases include forensic equipment to detect trace evidence and latent prints. 3D imagining equipment to recreate crime scenes, and equipment to extract data from electronic devices.
547916	Operation Ceasefire Grant Fund	Wythe County	County Government	New	$115,000.00	$95,000.00	Meets at reduced level — The Wythe County Sheriff's Office seeks to acquire a Forensic 3D Scanner to enhance its ability to process homicide crime scenes independently. Currently, the agency relies on external assistance to capture critical crime scene imagery. This advanced technology will enable the creation of 2D and 3D images for courtroom presentations, providing judges and juries with a highly detailed, immersive visualization of crime scenes, ultimately strengthening the pursuit of justice.
547688	Operation Ceasefire Grant Fund	York County	County Government	New	$200,000.00	$100,000.00	Meets at reduced level — York County is seeking funding to expand the technological capabilities of the existing Leica Geosystems package, Forenscope package and the Department's ICAC capabilities. These upgrades will enable York County to capture, analyze, and present crime scene data with greater precision and efficiency.
