Re: FY2026 School Resource Officer (SRO) Continuation Grant Applications

Name of Person Presenting: Mr. Tracy Matthews, Law Enforcement Grant and Programs, Manager, Public Safety Training and Virginia Center for School and Campus Safety

The purpose of the School Resource Officer/School Security Officer Incentive Grant Program is to continue funding for School Resource Officer (SRO) positions and continue funding and establish new funding for School Security Officer (SSO) positions in Virginia public schools. School Resource Officer positions provide law enforcement and security services to schools across the Commonwealth, and School Security Officer positions maintain order and discipline, prevent crime, and investigate violations of school board policies. Funding originates from *Code of Virginia* § 9.1-110.

The FY2026 School Resource Officer Incentive Grant Program funding opportunity is intended to fund the continuation of existing SRO grants that have not exceeded their four-year grant cycle.

Grant Application Review	
# Grants Submitted	116
# Grants Denied	13
# Grants Recommended	103

DCJS Recommendations	
Amount Requested	\$23,858,346
Amount Denied	\$993,809
Amount Reduced/Increased*	\$1,737,721/\$86,435
Total Amount Recommended	\$21,213,251

**Thirteen (13) applications are recommended for an increase in funding due to the match funding and/or requested funding being incorrect on the initial application.*

Recommended funding supports SRO positions for school divisions across the Commonwealth, necessary SRO equipment, and expenses for some participants to attend the DCJS School Safety Training Forum.

In summary, **DCJS staff request approval to fund 103 grant applications for the 12-month period (7/1/2025 – 6/30/2026), totaling \$21,213,251**, using \$14,085,445 SRO/SSO Incentive Grant Program funding and \$7,127,806 in local match.

24-Apr-2025

Application Number	Grant Program	Applicant	Organization Type	Type of Application	Requested Funding	Recommended Funding	Application Criteria	Grant Project Description
549215	School Resource Officers	Abingdon, Town	Town Government	Continuation of Grant	\$100,525.00	\$103,874.00	Meets criteria with conditions	We are applying to receive continued funding for one grant-funded School Resource Officer at Abingdon High School. The grant-funded SRO began during the 2022/2023 school year and continues present day. This secondary position allows Abingdon High School, with an approximate population of 880 students - largest in county, to have increased security and safety throughout the day. Our grant-funded SRO works closely with our non-grant-funded SRO to frequently patrol school grounds, create positive interactions with students, present on relevant topics during classes, serve as an informal role model, provide dedicated traffic control monitoring before and after school, and provide support and assistance to the school administration, as needed.
550303	School Resource Officers	Abingdon, Town	Town Government	New	\$88,948.00	\$0.00	Ineligible	Washington County Public Schools, in partnership with the Abingdon Police Department, seeks to establish a School Resource Officer (SRO) at EO, a mixed-use facility housing a satellite campus in Abingdon, Virginia. Unlike traditional schools, EO students share common spaces with the public, increasing security risks. An SRO will provide a dedicated law enforcement presence, immediate emergency response, and support for students' mental well-being. With school safety concerns, including incidents of violence and behavioral crises, remaining a priority statewide, this position is critical. Funding this new position will enhance security, prevent unauthorized access, and help build positive relationships between law enforcement and students.
550118	School Resource Officers	Amelia, County	County Government	Continuation of Grant	\$73,742.00	\$74,642.00	Meets criteria with conditions	The Amelia County Sheriff's Office currently works with Amelia County Public Schools to provide three School Resource Officers (SROs): one in the high school, one in the middle school and one in the elementary school. The Amelia County Elementary School SRO is a part-time deputy with the Sheriff's Office. The elementary school SRO has been grant funded for the last two years, and we are seeking funding to continue this position to maintain a secure academic location and to create a safer learning environment for Amelia County students within the Amelia County Elementary School.
549883	School Resource Officers	Amherst, County	County Government	Continuation of Grant	\$483,340.00	\$483,342.00	Meets criteria with conditions	Amherst Sheriff's Office is applying for the continuation of 5 SRO positions. One high school, one middle school and 4 elementary schools will be staffed with this grant. Activities include patrolling school grounds, build relationships with students, serving as a valuable resource to students, teachers and administrators. By infusing substance abuse and violence prevention messaging in schools, they play an important educational role. SROs create the opportunity for school-aged children to have non-confrontational, non-enforcement contacts with law enforcement that may contribute to more positive opinions of law enforcement later in life.
549971	School Resource Officers	Appomattox, County	County Government	Continuation of Grant	\$82,607.00	\$57,454.00	Meets criteria with conditions	Currently we have 4 schools with a SRO positions in each school. The school range from Primary through High School. A continuation of this project would allow us to put a S SRO in the schools, which they would be placed at the High School level.
549975	School Resource Officers	Augusta, County	County Government	Continuation of Grant	\$887,319.00	\$889,020.00	Meets criteria with conditions	Our jurisdiction will utilize the Augusta County SRO Program continuation grant to continue funding our SRO Grant Project, which consists of twelve (12) grant-funded School Resource Officer positions. Currently, we have eleven (11) grant-funded SRO positions and one open position. These SROs serve in Augusta County Public Schools, including two (2) high schools, four (4) middle schools, and six (6) elementary schools. Our open position is an Elementary School position, and we hope to fill this position in the Spring of 2025.
549402	School Resource Officers	Bedford, County	County Government	Continuation of Grant	\$1,103,881.00	\$1,020,706.00	Meets criteria with conditions	Bedford County Sheriff's Office wished to apply for continuation funding for 14 SROs in order to have a School Resource Officer at every school in the county. While all high and middle schools already have an SRO, we wish to enhance safety in our 13 elementary schools and our one alternate school. Due to the remoteness of many of these schools (one 17.4 miles from the Sheriff's office), a response to a crisis could take longer than desired. With the news regarding school shootings and violence, the need for more safety measures in elementary schools is growing. An added law enforcement presence at a younger age can be impressionable and hopefully promote good choices in young students going forward.
550373	School Resource Officers	Bland, County	County Government	Continuation of Grant	\$45,007.00	\$35,197.00	Meets criteria with conditions	Applicant seeks a continuation of funding for one School Resource Officer position at the elementary school to enhance partnership between local law enforcement agencies and school division.
