Re: FY2026 Comprehensive Community Corrections Act and Pretrial Services Act (CCCA/PSA)
Grant Funding

Name of Person Presenting: Angelica Brown, Grant Monitoring Coordinator, Adult Justice Programs

The purpose of the CCCA/PSA funding opportunity is to support local community-based probation and pretrial services agencies established and operating under the authority of the Comprehensive Community Corrections Act for Local-Responsible Officers (CCCA) and the Pretrial Services Act (PSA), as specified in the *Code of Virginia*. Funding is open to existing agencies meeting the requirements set forth in the *Code*.

The CCCA authorizes the creation of local, community-based probation agencies. First established in 1995, these agencies provide a sentencing option for courts to use for individuals convicted of certain misdemeanors or non-violent felonies for which sentences would be 12 months or less in a local or regional jail. Local community-based probation agencies provide services or referrals to services to include community service, assessment, education and/or treatment, and substance abuse testing.

Pretrial services agencies were first created in Virginia in 1989, pursuant to authorizing language in the Appropriation Act. In 1995, pretrial services agencies were authorized by statute with the passage of the PSA. Pretrial services agencies provide information, to include risk of failure to appear for court hearings and risk to public safety, to judicial officers (judges and magistrates) to help them make release decisions. Pretrial services agencies also supervise those released to the community and ordered to pretrial supervision pending trial. Pretrial

services assist court-ordered individuals in meeting the conditions of their bail, such as compliance with substance abuse testing and electronic monitoring.
