From: Tracy Matthews, Manager, Division of Public Safety Training and Virginia Center for School and Campus Safety

Date: May 29, 2025

Re: Edward Byrne Memorial Justice Assistance Grant (JAG) - Law Enforcement Equipment

---

Name of Person Presenting: Tracy Matthews

The purpose of Edward Byrne Memorial Justice Assistance Grant ("JAG") funds is to allow states and units of local government, including tribes, to support a broad range of activities to prevent and control crime based on their own state and local needs and conditions. As the State Administrative Agency (SAA), DCJS has the responsibility of managing the coordination and distribution of JAG funds in a manner that supports and improves the overall criminal justice system of the Commonwealth of Virginia.

This competitive funding opportunity was open to all local law enforcement agencies and public campus law enforcement agencies. Applicants were invited to submit applications with a project to purchase equipment that improves or enhances the delivery of daily law enforcement services to the community and/or ensures the safety of citizens and officers.

Grant Application Review	
# Grants Submitted	145
# Grants Denied	70
# Grants Recommended	75

DCJS Recommendations	
Amount Requested	\$8,106,734
Amount Denied	\$3,971,438
Amount Reduced	\$342,782
Total Amount Recommended	\$3,792,514

Priority was given to those applicants who could spend the money by September 30, 2025, as some federal funding for this funding opportunity ends in September. **Seventy (70) applications were denied;** five (5) applicants were deemed ineligible and sixty-five (65) did not meet criteria, e.g. asked for items not allowable, asked for items that were outside the grant period, or had an incomplete/poor application. Eighteen (18) applications were reduced in funding due to unallowable expenses and/or insufficient justification.

This funding opportunity was for law enforcement based equipment and supplies only. Items that were recommended for funding included items such as Mobile Data Terminals (MDTs), first aid kits/Automatic External Defibrillators (AEDs), ballistic shields and helmets, bicycles, cameras, radar detections, etc.

**In summary, DCJS staff requests approval to fund seventy-five (75) grant applications for the six-month period (7/1/2025-12/31/2025), totaling \$3,792,514 using \$2,844,365 in federal JAG funding allocated for this purpose and \$948,149 in subrecipient match contribution.**

## BJAG -- Grants Committee Recommendations (Cover Report)

### Byrne Justice Assistance Grant Program LE Equipment

# **BJAG -- Grants Committee Recommendations (Summary Report)** **Byrne Justice Assistance Grant Program LE Equipment**

29-May-2025

Application Number	Applicant	Organization Type	Type of Application	Requested Funding	Recommended Funding	Application Criteria	Grant Project Description
550439	Abingdon, Town	Town Government	New	\$37,068.00	\$37,068.00	Meets criteria with conditions	The Abingdon Police Department seeks funding to strengthen operational readiness, enhance officer safety, and improve critical response capabilities. Funding will support the purchase of Harris radios and vehicle-mounted spotlights to improve communication and visibility; RADAR units to enhance traffic safety enforcement; and OUGHT flashlights for daily officer reliability. Tactical team efficiency will be advanced through the purchase of noise-reducing headsets and a breaching backpack kit. A tactical command case will serve as a mobile command center, enhancing real-time situational awareness during emergency operations. These tools will directly enhance the department's ability to serve and protect the community.
550635	Albemarle, County	County Government	New	\$74,489.00	\$74,489.00	Meets criteria with conditions	Albemarle County PD would like to equip our SWAT Team with night vision goggles. Night Vision Goggles are a commonplace tool with SWAT teams across our region and the country, increasing the operational effectiveness and safety of the team in all areas of low-light and no light operations to include search and rescue, infiltration and exfiltration, signaling/communication, tracking, target identification, and more. SWAT teams are not afforded the luxury of postponing barricades, hostage situations, manhunts, or search and rescue operations because of time of day. Implementation of night vision capabilities allows the operator to more successfully distinguish civilians, suspects and other teammates in low/no light environment.
551527	Amherst, County	County Government	New	\$74,000.00	\$0.00	Does not meet criteria	The Amherst County Sheriff's Office is looking to utilize the JAG LE Equipment Grant to purchase vital equipment that did not make it into the FY2026 budget. This equipment requested is pertinent to the operations of the Sheriff's Office to aid in investigations, retention of digital evidence, optimize operating systems, and aiding our officers in the field for various scenarios. While these various units are consequential to the daily operations of the Amherst Sheriff's Office, there were items marked for FY26 budgeting that outweighed the requested items, so we are seeking funding through the JAG LE Equipment grant to ensure these needs are met in a timely manner.
550645	Amherst, Town	Town Government	New	\$64,563.00	\$0.00	Does not meet criteria	Requesting 12 body and three in car cameras.
549962	Appomattox, County	County Government	New	\$74,480.00	\$68,043.00	Meets criteria with conditions/reduced level	To provide new and updated equipment for local law enforcement to better serve the community.
551769	Aquia Harbour Police Department	County Government	New	\$43,586.00	\$0.00	Ineligible	Currently, officers rely on portable radios to verify information shared through a joint dispatch system with the Stafford County Sheriff's Office. However, the high volume of radio traffic can sometimes delay officers access to critical information. This project would allow for the purchase and upfitting of five mobile data computers and five mobile data terminals to give officers the ability to have faster and more detailed information to support their decision-making when responding to calls for service. This technology will also enhance overall officer effectiveness, safety, improve surveillance capabilities, support proactive crime prevention, strengthen community policing efforts, and foster positive relationships with community.
550940	Arlington Co. Police Department	County Government	New	\$75,000.00	\$0.00	Does not meet criteria	The Arlington County Police Department (ACPD) is applying to request consideration of funding for supply needs in support of its efforts to improve and enhance the delivery of daily law enforcement services to the community, by ensuring the safety of our officers, community members, and their property. The items requested for funding will all help officers and support staff conduct their duties in a more safe and efficient manner, as they work to reduce crime and improve the quality of life for all our residents and visitors. If awarded, grant funding for these requests will help provide the critical difference that allows these important improvements by supplementing our limited local budget.
551450	Ashland, Town	Town Government	New	\$13,737.00	\$13,737.00	Meets criteria with conditions	The purpose of the grant is to purchase various pieces of equipment that focus on traffic safety, officer safety, and the detection of criminal activity. The items the agency wishes to purchase are three radar sets, one Stalker laser, one set of portable speed bumps, two spike strips, one spike strip trainer, and 35 Hylin Chest Seals.

551923	Augusta, County	County Government	New	\$72,500.00	\$0.00	Does not meet criteria	The Augusta County Sheriff's Office (ACSO) seeks funding to acquire an Advanced Tactical/Operational Medical Unit (ATOM Unit), a specialized medium-duty pickup truck designed to enhance tactical and operational medical support capabilities. This vehicle will serve as a multi-functional asset for casualty evacuation, tactical and operational medical support, CBRN decontamination, mass casualty incidents, search and rescue operations, and dignitary protection. It will also provide rehabilitation for officers during extended law enforcement operations.
551126	Bath, County	County Government	New	\$35,805.00	\$0.00	Does not meet criteria	Bath County Sheriff's Office is needing to replace current tasers due to malfunctions and misfires in the current tasers. The current tasers are 5 years old and have had multiple issues including the switch breaking. We have several officers that have no taser now due to failures.
549923	Bedford, County	County Government	New	\$60,192.00	\$60,192.00	Meets criteria with conditions	Bedford County intends to use this funding to purchase equipment to improve the delivery of law enforcement services and in turn improve the safety of our citizens as well as out officers. Since COVID-19, there has been an increase in mental health situations, domestic violence, drug use and related crime, theft, and violent crimes. The equipment requested will allow officers to move quickly and efficiently address situations with the use of tools that we currently do not have. This will allow officers to handle the growing number of calls more efficiently and better enable officers to serve the county while ensuring the safety of citizens and officers.
551896	Big Stone Gap, Town	Town Government	New	\$74,516.00	\$68,321.00	Meets criteria with conditions/ reduced level	The Big Stone Gap Police Department (BSGPD) aims to enhance its law enforcement capabilities by acquiring four FLIR Scout Pro thermal imaging devices, 13 Portable Breath Testers (PBTs), and Getaic A140 rugged tablets. These technological upgrades will support the department in addressing key public safety needs, including search and rescue operations, impaired driving detection, and efficient data management during patrols and investigations.
551247	Blacksburg, Town	Town Government	New	\$73,023.00	\$73,023.00	Meets criteria with conditions	The Blacksburg Police Department is seeking grant funds to purchase mobile dispatch terminals (MDT). These are the computers that are mounted in the police vehicles. Like most technology, many of them have run their course and need to be updated. We are also looking at using the grant to purchase a number of PBT (Preliminary Breath Test) devices. While we have several new ones, we also have some vehicles that don't have one and some that are old and inoperable.
549897	Blackstone, Town	Town Government	New	\$75,000.00	\$0.00	Does not meet criteria	Funds, if granted, would be used for the acquisition and installation of replacement and modernized information technology (IT) infrastructure within the Blackstone Police Department. The agency currently has opportunities in the field of digital media storage, affecting officer and public safety, and ancillary evidentiary issues in the Commonwealth's Attorney's Office. Current needs are for two servers, one for body cameras, one for records management. There is need for eleven desktop computers with monitors, for booking, dispatch, administration, and patrol, along with twelve Mobile Data Terminal laptops (MDTs) and twelve MDT mounts for vehicles. Department technology was last partially updated in 2019 and was not a complete modernization.
550219	Bluefield, Town	Town Government	New	\$75,000.00	\$0.00	Does not meet criteria	The Bluefield Police Department respectfully requests funding through the JAG grant to replace outdated protective equipment for our Special Response Team (SRT) and to provide critical upgrades for all of our patrol officers. The last time our SRT's body armor and protective gear were updated was in 2016 which was made possible with grant funding, and due to budget constraints, these essential upgrades are only possible through the current grant funding. While our SRT and patrol officers are highly trained and ready to respond to a wide range of critical incidents, their current equipment no longer reflects modern safety standards.
549841	Bridgewater, Town	Town Government	New	\$75,000.00	\$0.00	Does not meet criteria	A police department needs essential equipment like internal police vehicle equipment, mobile data terminal (MDT) computers, and dash cameras for several practical and operational reasons. These items are vital items necessary for the police to safely police the community.
549776	Broadway, Town	Town Government	New	\$69,663.00	\$34,900.00	Meets criteria with conditions/ reduced level	The Broadway Police Department is looking to obtain 7 Panasonic Toughbooks, 8 Flock Safety cameras & 4 AEDs. The Panasonic Toughbooks will be replacing the current MDTs in the patrol vehicles that are going to be obsolete in October 2025. The Flock Safety cameras include 6 LPR cameras at the Broadway parks. The AEDs will be going into each patrol vehicle as the department currently does not have any AEDs. All of the equipment that we are looking to obtain will help us to better serve our community and ensure their safety within town.

550419	Brunswick, County	County Government	New	\$75,000.00	\$0.00	Does not meet criteria	Brunswick County Sheriff's Office is seeking funding assistance to replace existing out of date mobile data terminals (MDT). Current MDT's are over 6 years old. It is an industry standard to replace computers every five years. As technology advances, computers experience slow operation and are no longer compatible with both software and hardware security updates. The inability to perform necessary updates makes the computers, along with the sheriff's office network, vulnerable to cybersecurity threats. The age of the computers also leave the officer in the field with potentially unreliable equipment which is a direct threat to his/her safety as well as the citizens that we serve and protect.
551807	Buchanan, County	County Government	New	\$75,000.00	\$75,000.00	Meets criteria with conditions	The Buchanan County Sheriff's Office will purchase equipment related to the response and investigation of crimes within Buchanan County, aid in the delivery of services to the citizens of Buchanan and its visitors, increase law enforcement accountability and safety, and respond to gun violence. The Buchanan County Sheriff's Office (BCSO) will enhance and better equip its SROs, Patrol, and Investigative Divisions.
551665	Buckingham, County	County Government	New	\$71,440.00	\$71,440.00	Meets criteria	The Byrne Justice/JAG LE Equipment Grant consists of monies made available from the federal government to assist localities in procuring, upgrading, and updating ballistic equipment used in the performance of an officers duties to ensure the safety, security, health, and well-being of our citizens. In our case these funds will be utilized to upgrade antiquated tactical gear, which is out of date and extremely heavy compared to current options, and provide additional ballistic protection to our daily duty vest. Additionally these funds will provide for the first time procurement of communications equipment to be used during tactical and narcotic interdiction operations.
551755	Buena Vista, City	City Government	New	\$75,000.00	\$75,000.00	Meets criteria	The Buena Vista Police Department has recently increased its sworn capacity from 17 to 22 sworn officers. To do so, the department has worked to build the proper infrastructure to house and equip the additional officers. For this project, the department wishes to enhance the equipment and the tools offered to its officers to successfully ensure a safe and secure community. Much of the department's equipment is dilapidated and in need of replacing while some equipment although a necessity in most areas, had been placed on hold until the department is able to find a funding source to obtain it.
551304	Charles City, County	County Government	New	\$20,823.00	\$0.00	Does not meet criteria	Charles City County Sheriff's Office are looking to improve the safety of our deputies by providing them with proper equipment and tools that will help keep them safe if they are placed in a situation that could cause harm. We also need to provide the necessary equipment to ensure our Communications Officers radios are updated with the proper encryption.
551269	Charlottesville-Albemarle Airport Auth.	Other	New	\$15,964.00	\$0.00	Does not meet criteria	The CAADPS currently employs a paper system for policy creation and management. This approach often leads to inconsistencies, delays in updates, and difficulty in tracking compliance within the agency. As a result, our department struggles to maintain compliance Our policy manual that has not been updated in over a decade. We have completed policies up for approval and implementation, but our current methodology does not allow this to be accomplished promptly. Implementing police policy software will enhance our organizational efficiency, transparency, and compliance within our department. With the support of policy management software, our department will be better equipped to uphold the highest standards of professionalism.
551190	Charlottesville, City	City Government	New	\$73,799.00	\$73,799.00	Meets criteria	Charlottesville Police Department requests funds for 8 new high-performance computers to replace existing laptops in its General Investigations Bureau (GIB) to process the increasing amount of digital evidence more efficiently. It also requests upgraded communications and safety equipment to outfit its fledgling Emergency Services Unit (ESU). This includes: - Accommod link console - 6 sets of respirator masks with voice protection units and tactical mask communications systems - 3 sets of night vision devices and breakaway helmet mounts - 5 dual beam aiming laser/IR illuminators. This equipment will allow the ESU to safely respond to high risk calls, reducing risk to its members, the public and potential offender(s).
551712	Chase City, Town	Town Government	New	\$73,479.00	\$0.00	Does not meet criteria	If awarded this grant will replace all of the current Mobile Data Terminals that are in service for the Chase City Police Department. It will also provide needed printers, mounts and cables to effectively get started with electronic ticketing.
550639	Chesapeake, City	City Government	New	\$75,000.00	\$0.00	Does not meet criteria	The Chesapeake Police Department is proposing the acquisition of advanced surveillance cameras to significantly enhance the department's operational capabilities, aligning with the broader mission of improving public safety and response efficiency. By integrating these cameras into the department's Real-Time Crime and Information Center (RTCIC), the department will provide critical video feeds to patrol officers, supervisors, investigators, and other city departments in real time.

549828	Chesterfield, County	County Government	New	\$69,398.00	\$59,398.00	Meets criteria with conditions/ reduced level	The Chesterfield County Police Department seeks funding for various equipment items, to include a portable training facility, helmets, two-way radios, rubber dummy kits, a fan for the shooting range, wrestling mat and an infrared sauna through the in the amount of \$52,051, through the FY26 OCS 6-month Byrne/JAG Law Enforcement Equipment grant opportunity. It is anticipated that if funded, all the proposed equipment will be procured by September 30, 2025.
550391	Chesterfield, County	County Government	New	\$72,557.00	\$0.00	Ineligible	The Sheriff's Office is looking to supplement additional equipment purchases needed for expanding staff and end of life of existing hardware.
552061	Chilhowie, Town	Town Government	New	\$20,500.00	\$0.00	Does not meet criteria	The Chilhowie Police Department seeks to purchase Truck Vault organizers for the rear for our current vehicles. These organizers are equipped with weapon locks, locked equipment drawers, and command boards to assist us with ICS protocols. They will be equipped with inverters to assist us with charging radios, lights, and UAV operations. Once we are awarded we will have these organizers installed in vehicles we currently utilize.
551369	Chincoteague, Town	Town Government	New	\$74,641.00	\$74,641.00	Meets criteria with conditions	The Chincoteague Police Department seeks Byrne/JAG funding to purchase and install CCTV cameras at critical intersections and high-traffic areas around the island. This initiative aims to enhance public safety, improve investigative capabilities, and lay the groundwork for future expansion to provide comprehensive surveillance coverage across the majority of the island and its streets.
551152	Christiansburg, Town	Town Government	New	\$68,944.00	\$0.00	Does not meet criteria	To replace an officers in-vehicle equipment after his vehicle was totaled in a motor vehicle accident. The police department had a new vehicle to replace the vehicle totaled but not the equipment needed to go inside the vehicle. This department is also needing to upgrade several outdated computers for other patrol vehicles.
551630	Clarke, County	County Government	New	\$49,824.00	\$49,824.00	Meets criteria with conditions	Grant funds received from this program will be used to purchase (8) eight new APX6000 Portable radios to complete the upgrade and replacement of all our portables. These radios were purchased in 2007. They can no longer be repaired, creating a safety issue for our personnel.
549798	Clifton Forge, Town	Town Government	New	\$14,000.00	\$0.00	Does not meet criteria	The purpose of this project is to allow for the purchase of a narcotics canine.
551925	Coeburn, Town	Town Government	New	\$23,727.00	\$23,727.00	Meets criteria with conditions	The Coeburn Police Department has several equipment shortages that drastically impact the efficiency of the department and diminish the safety of the officers and the public. This grant will allow us the ability to purchase 3 prisoner transport cages, 7 sets of spike strips, 7 weapon racks for patrol vehicles, 1 Toughbook and mount, 1 digital camera for investigations, evidence markers and measurement kits. We will also purchase shelves and a refrigerator to replace those within the evidence room due to extensive degradation. We will also purchase 1 computer set, projector, and screen to allow us to conduct group department training events. We will also purchase 1 computer docking station to replace one within the police station.
549649	College of William and Mary	State University	New	\$65,600.00	\$0.00	Does not meet criteria	The William & Mary Police Department is respectfully requesting funding from the Byrne/Justice Assistance Grant to fund our agency with police interceptor trunk storage vault system, Surefire X300 weapon lights as well as compatible Safariland holsters, a Motorola vehicle radio, and CEJA Weapon Detection System.
550096	Colonial Heights, City	City Government	New	\$44,660.00	\$39,630.00	Meets criteria with conditions/ reduced level	This project aims to enhance law enforcement operations by integrating advanced technology for improved safety, efficiency, and decision-making. The HMWLC 75-inch Smart Board will support interactive training and real-time collaboration. Panasonic Toughbook mobile data computers will provide officers with up to date mobile data computers (MDC) and replace aging MDCs. The digital crime scene camera will enable high-quality evidence capture, ensuring accurate documentation. The Lexis Nexis desk officer reporting system will streamline incident reporting and case management. Lastly, the 45ight 2.0 tactical rover will enable safe remote assessments of hazardous environments, enhancing officer safety and tactical response capabilities.
550338	Culpeper, County	County Government	New	\$74,876.00	\$0.00	Does not meet criteria	The Culpeper County Sheriff's Office will utilize grant funds to purchase equipment that improves or enhances the delivery of daily law enforcement services to the community and improve the safety of citizens and officers. The Culpeper County Sheriff's Office has been working diligently over the past 15 months to make necessary upgrades and invest in equipment and technology that will assist in increasing capacity and efficiency within the agency.

551610	Culpeper, Town	Town Government	New	\$37,272.00	\$0.00	Does not meet criteria	The department is requesting purchase a new Unmanned Aerial Vehicle (UAV), commonly referred to as a drone, to replace a retired unit from our established UAV Program. The retired drone was deployed numerous times and has been directly credited with saving lives and protecting property during critical incidents. The department is also requesting grant funding to enhance public safety and security with the purchase of a camera system for our designated Safe Trade Zone located in the parking lot. The Safe Trade Zone has been in place for approximately 10 years and serves as a critical location where citizens conduct person-to-person transactions, often stemming from online sales, or custody exchanges of children.
550947	Damascus, Town	Town Government	New	\$22,000.00	\$22,000.00	Meets criteria with conditions	The Damascus Police Department seeks funding to purchase and deploy a trained narcotics detection K9 officer, including all necessary equipment to properly outfit a police vehicle for the safe transport, special gear for the K9 officer to perform drug detection duties and supplies to maintain the health of the K9 officer. This resource will directly support drug enforcement efforts amid rising methamphetamine and fentanyl activity. From 2012 to 2019, the Damascus Police Department included K9 Officer King, K9 Officer King aided in 257 drug arrests. Since his 2019 retirement, only 33 charges have been made. A new K9 will restore this critical public safety capability. All funds from this grant will be expended by the priority deadline.
551289	Dayton, Town	Town Government	New	\$35,917.00	\$35,917.00	Meets criteria with conditions	The primary objective of this project is to enhance the efficiency and effectiveness of law enforcement operations by replacing the current Mobile Data Terminals (MDTs) in police vehicles with modern, more advanced, and reliable devices. The new MDTs will provide officers with real-time access to critical information, improve communication with dispatch, and support the execution of daily tasks, improving overall safety, responsiveness, and operational efficiency.
551767	Dickenson, County	County Government	New	\$74,894.00	\$74,894.00	Meets criteria	Dickenson County Sheriff's Office seeks funding to enhance law enforcement services by adding 8 in-car camera systems to our fleet (10 of 25 vehicles currently equipped) and purchasing covert recording equipment for undercover narcotics investigations. This Project upgrades 10-year-old technology and boosts capacity to improve officer safety, evidence collection, and combat drug trafficking in our rural, economically challenged community.
551484	Dinwiddle, County	County Government	New	\$59,035.00	\$0.00	Does not meet criteria	With the support of a Byrne Justice Assistance grant, the Dinwiddle County Sheriff's Office will subscribe to a service designed to facilitate the overhaul of the existing policies and procedures manual and implement changes that will enhance the delivery and efficiency of services to the community, and ensure the safety of citizens and deputies. This overhaul will result in the Dinwiddle County Sheriff's Office's first-ever Virginia Law Enforcement Professional Standards Commission (VLEPSC) accreditation.
550014	Elkton, Town	Town Government	New	\$75,000.00	\$0.00	Does not meet criteria	This funding will upgrade The Town of Elkton Police Department's outdated mobile (in-car) radios. The current radios used in all Police Department patrol units are obsolete, to the point that the company, Harris no longer makes parts for the radio system and they can no longer receive vital software updates. By receiving this funding, it will give reliable communications capabilities to our officers so that they may continue to serve the citizens of Elkton and Rockingham County.
552073	Emporia, City	City Government	New	\$14,428.00	\$0.00	Does not meet criteria	This law enforcement equipment grant will be utilized to purchase police equipment needed by the Emporia Police Department to further their mission, goals and strategic action plan.
550429	Fairfax, County	County Government	New	\$74,691.00	\$74,691.00	Meets criteria with conditions	The Fairfax County Police Department (FCPD) seeks \$75,000 from the Edward Byrne Memorial Justice Assistance Grant (JAG) to upgrade its forensic and surveillance equipment. The funding will be used to purchase advanced tools such as the Dual 77 ALS for evidence detection, Crime Point peephole cameras, Canon V8-H47 cameras for low-light observation, Axis PTZ cameras, and essential components for camera deployment. These upgrades will enhance the capabilities of the Technical Investigations Unit (TIU) and the Crime Scene Section (CSS) in crime investigation and evidence collection, benefiting over 1.1 million residents. The project aims to complete procurement and deployment by September 2025.
550649	Fredericksburg, City	City Government	New	\$20,000.00	\$20,000.00	Meets criteria	The grant will fund the purchase of a Pole Camera System: Pole Camera, Under Door Camera, and a 5 Monitor (receives encrypted wireless/hardwired video from camera system and displays on LCD screen). This equipment is critical for enhancing operational safety, improving situational awareness, and increasing the effectiveness of high-risk law enforcement operations.

551110	Galax, City	City Government	New	\$74,308.00	\$0.00	Does not meet criteria	The Focus Core Laser Scanner would be a great asset for our department for on-scene digital documentation. We have no way to document any type of scene other than standard photography, hand sketching, and hand taken measurements. This piece of equipment would give us a modern-day tool for scene documentation, freeing up otherwise required units on scene and the overall cost associated with processing a scene. This unit is suited for 3-D crime scene documentation, crash scene reconstruction, arson investigation, crime prevention, court testimony, and much more. The Galax Police Department is able to borrow LEICA from the State Police but only if available and only for a major crime scene and if State Police personnel are available.
549765	Grayson, County	County Government	New	\$74,455.00	\$74,455.00	Meets criteria with conditions	The Grayson County Sheriff's strives to provide its citizens with extraordinary service and protection. While doing so, it is routinely important to upgrade the outdated equipment and resources. Several areas in our office need attention, from patrol to Animal Control as well as our Civil division. The budget request details our current needs. Our current operating budget does not provide an avenue for these items, making it imperative to utilize these Byrne/JAG Grant funds.
550965	Greene, County	County Government	New	\$34,850.00	\$0.00	Does not meet criteria	Our goal is to improve or enhance daily services to the community, as our official mission is Putting Citizens First. It is necessary to update some of our equipment to meet the demands of our citizens and to provide them a safe and secure community in which to live. The purchase of AED's will provide us the ability to provide life saving assistance as we are the first responders to all incidents, including medical.
550714	Greensville, County	County Government	New	\$73,606.00	\$0.00	Does not meet criteria	This grant will replace our Mobile Data Terminals (MDT's) that were implemented in 2018.
549884	Grotoes, Town	Town Government	New	\$35,467.00	\$0.00	Does not meet criteria	Purchase Mobile Data Terminals (MDT) for patrol cars. This will keep the Police Officers in the field to be more visible and add another layer of communication with the emergency communications center. This will also aid the officers in locating information in the filed while conducting investigations.
551181	Grundy, Town	Town Government	New	\$29,566.00	\$29,523.00	Meets criteria with conditions/reduced level	Improving the agencies training and resources, while also upgrading technology and communications equipment is vital to the agency in order to achieve its mission and goals. This project will consist of the purchase of additional portable radio to ensure all officers working special and routine assignments remain in constant communication with dispatch and fellow officers. The acquisition of AEDs for each patrol vehicle will enable officers to provide life-saving medical assistance in cardiac emergencies. The purchase of moving and operational steel targets will enhance our firearms training program by improving officers' decision-making skills, threat recognition, and overall accuracy. Replacing outdated technology in the evidence room.
551474	Halifax, County	County Government	New	\$73,999.00	\$30,720.00	Meets criteria with conditions/reduced level	The Halifax County Sheriff's Office will utilize the requested equipment to enhance general investigations by providing digital forensic information, security cameras for evidence storage and building security enhancements, traffic safety, through the use of updated radar units, agency training room enhancements, updated computers and software, and update the Project Lifesaver equipment for the agency.
550972	Halifax, Town	Town Government	New	\$39,000.00	\$0.00	Does not meet criteria	Halifax PD requests funding to purchase Seven ruggedized computer tablets with keyboards to address our need for improved efficiency and productivity. These tablets are needed to replace 5 old, outdated computers currently in the vehicles. Two of the computer tablets would be a first-time purchase for two newly hired officer's vehicles that is currently without mobile computers. Halifax PD is also requesting funding to purchase four vehicle weapon gun locks to secure firearms inside the patrol vehicles. These locks would provide protection and secure firearms safety storage of weapons in the vehicle. Funding for a vehicle storage system for patrol truck. Funding for six tire deflation devices for allowing for one in each department vehicle.
551213	Hampton, City	City Government	New	\$40,600.00	\$40,600.00	Meets criteria with conditions	The City of Hampton will use FY26 Byrne/Jag Equipment funds to purchase one laptop computer to aid in the preparation and presentation of cell phone extracted evidence in court proceedings, purchase nine new cameras for the Forensics Unit with required accessories to enhance crime scene documentation, and purchase two AED units for the Patrol Division.

550240	Harrisonburg, City	City Government	New	\$74,729.00	\$74,729.00	Meets criteria with conditions	Harrisonburg seeks to enhance the delivery of police services and the safety of our community by adding equipment in four categories: public event security, digital evidence recovery, mental health crisis, and tactical training. Pedestrian/bike walk-through additions to existing anti-ram vehicle barricades would provide complete protection during outdoor public events. Our Digital Evidence Lab requires an upgraded computer workstation to meet demand and technological advances. Mental health crisis is one of our leading call categories. Adding restraint systems will increase safety for responders and consumers. We need updated equipment to enhance our force-on-force training, preparing officers for real-world situations.
551089	Henrico, County	County Government	New	\$72,000.00	\$72,000.00	Meets criteria	The Henrico County Police Division (HCPD) serves a broad and ever-expanding community that hosts countless visitors to public events and local landmarks. The Police Division is well supported by the County, though not every need is able to be funded. Patrol officers are currently provided with Level IIIA Ballistic Shields that only protect them from handguns. The Level IIIA Ballistic shields will not protect officers from rifle caliber rounds fired at them. Thus, the Division proposes to use grant funding to procure six (6) Level III rifle-rated ballistic shields for use in our patrol department that will greatly benefit public safety and HCPD officers.
550229	Henry, County	County Government	New	\$45,365.00	\$0.00	Does not meet criteria	The Crime-Lite Auto Kit is requested for the furtherance of our crime prevention strategy here in Henry County Virginia. This device will allow us to more thoroughly investigate violent crimes that occur in our community. The device has capabilities that our agency does not currently have. Also, because our Deputies will be trained with this device, they will be able to assist other neighboring jurisdictions if so needed.
549336	Herrndon, Town	Town Government	New	\$75,000.00	\$75,000.00	Meets criteria with conditions	The Herrndon Police Department intends to utilize this funding for necessary equipment to improve or enhance the delivery of daily law enforcement services and ensure the safety of the public and officers. The plan is to purchase and replace 20 mobile computers running the Microsoft Windows 10 operating system due to its technological phase out and end of support.
551325	Highland, County	County Government	New	\$57,604.00	\$56,405.00	Meets criteria with conditions/ reduced level	Protecting our officers so they can protect our community will be the goal of this grant. We will purchase equipment that will protect both our human and K9 Officers in time of crisis. With the increased risk of active shooter incidents, drug violence and public unrest, personal safety equipment for Highland's Officers will be welcomed. By adding ballistic shields, protective helmets for both our K9 and officers, and ear protection for our K9, our officers will be safer when entering dangerous situations. By adding a small drone to the arsenal, officers will be able to take extra caution and be more protected. We will equip our officers with AEDs and trauma first aid kits in their patrol vehicles for both their use and for the public.
549824	Hillsville, Town	Town Government	New	\$75,000.00	\$0.00	Does not meet criteria	The Hillsville Police Department will use funding from the Byrne/Justice Assistance Law Enforcement Equipment Grant to upgrade the existing computer and processing systems to the latest technology to meet the ever-increasing computing, printing, and processing needs of Law Enforcement Agencies. By having upgraded technology, the job performance and efficiency of the Officers and Staff will be positively effected. Whether producing incident reports, producing accident reports, communicating through electronic mail, or working with the abundance of department information, the Officers and Staff will be performing their duties and responsibilities to the highest level because of the upgraded technology made possible by this equipment grant.
551651	Independence, Town	Town Government	New	\$21,927.00	\$0.00	Does not meet criteria	We live in a rural area with limited resources. Our department is in need of an updated policy and procedure manual, 2 new computers, a laptop, and a police bullet proof vest. Due to decrease of income in our rural area our police budget does not have the ability to cover the total cost of the items listed at full cost.
550245	James City, County	County Government	New	\$62,928.00	\$62,928.00	Meets criteria	The James City County Police Department seeks funding to enhance SWAT training and operational effectiveness. This project includes acquiring Kinetic Breaching Tools to improve tactical entry safety, upgrading the TI Training Lab system for realistic use-of-force training, and expanding Axon Flex 2 helmet cameras for improved documentation and training review. These enhancements will increase officer safety, refine decision-making in high-risk scenarios, and ensure SWAT personnel are equipped with the best tools to protect the community.
552004	Kilmarnock, Town	Town Government	New	\$55,273.00	\$0.00	Does not meet criteria	This grant will be utilized to purchase equipment that otherwise this department would not be able to obtain.

551626	Laurel Ridge Community College	Community College	New	\$75,000.00	\$75,000.00	Meets criteria with conditions	The Laurel Ridge Community College Police Department is seeking funding to purchase Alertus Emergency Beacons to support our emergency mass notification system. These beacons are activated by police officers and emergency response team members and provide audible and visual alerts to the college community when life threatening situations exist. The current system covering our campus locations has 75 areas that do not receive alerts.
551570	Longwood University	State University	New	\$23,187.00	\$0.00	Does not meet criteria	Longwood University Police intends to utilize these grant funds so we can obtain equipment to assist us in enhancing our efforts to protect Longwood University, and the surrounding community that our normal budget would not allow us to obtain.
550287	Louisa, County	County Government	New	\$69,107.00	\$69,107.00	Meets criteria with conditions	Our sheriff's office is seeking funding to purchase 15 Getac 8360 G2 rugged laptops, including vehicle docks, DC vehicle adapters, and comprehensive bumper-to-bumper extended warranties. The current Mobile Data Terminals (MDTs) in use are over a decade old, obsolete, and no longer serviceable due to a lack of available parts. These MDTs are essential to every aspect of our deputies' duties, from dispatch and emergency response to report writing and motor vehicle accident documentation. Upgrading to modern, reliable technology will enhance officer efficiency, improve response times, and ensure seamless communication, ultimately strengthening public safety in our community.
551101	Lunenburg, County	County Government	New	\$64,539.00	\$64,539.00	Meets criteria with conditions	The Lunenburg County Sheriff's Office seeks to enhance the efficiency and effectiveness of our patrol operations through the JAG LE Equipment project. This initiative focuses on upgrading and modernizing the computer equipment in our patrol vehicles, ensuring our deputies have reliable and advanced technology to serve the community. Grant funding will be used to acquire new computers, routers, printers, and mounts, which are essential for seamless communication, report generation, and real-time data access. These upgrades will improve response times, increase officer safety, and enhance overall law enforcement capabilities.
551024	Luray, Town	Town Government	New	\$42,264.00	\$42,264.00	Meets criteria with conditions	The Luray Police Department is requesting \$31,697.58 in grant funding, with a \$10,565.86 cash match, to purchase 16 Dell Latitude 5430 Rugged MDTs for our patrol vehicles and four new desktop computers with monitors and keyboards for the office. The MDTs will provide officers with access to critical data, improving response times and safety. The new desktops will enhance administrative efficiency by replacing outdated equipment. This upgrade will streamline operations, efficiency of paperwork, and boost productivity.
551756	Lynchburg, City	City Government	New	\$74,499.00	\$0.00	Does not meet criteria	The Lynchburg Police Department (LPD) is seeking funding to acquire communication headsets for our CNT and Drone teams, 2 forensic bullet traps and 9 spike strips
550047	Madison, County	County Government	New	\$65,562.00	\$0.00	Does not meet criteria	This project seeks funding to acquire drones and multi-data terminals, updating and upgrading the current equipment. The goal is to enhance the ability of our agency, and respond to incidents in a more efficient and timely manner. The equipment is crucial for effective operations and daily duties for law enforcement officers. Utilizing outdated or insufficient resources brings challenges. This project will overall enhance our response in emergency situations and increase officer safety. Should this project be awarded, procurement would be completed prior to September 30, 2025.
551496	Manassas, City	City Government	New	\$57,616.00	\$57,616.00	Meets criteria with conditions	This project will provide the Manassas City Police Department with a comprehensive upgrade to its law enforcement technology and operational infrastructure, directly addressing current capability gaps in surveillance, digital investigations, and tactical communications. The tools include high-definition surveillance camera systems, vehicle-mounted and pole-deployed video units with remote connectivity, high-performance digital forensic computers and monitor for evidence processing, and mission-critical tactical headsets that ensure clear, reliable communication during high-risk operations. This investment in advanced equipment will provide immediate operational benefits while positioning the department to meet evolving public safety demand
550463	Marion, Town	Town Government	New	\$13,619.00	\$11,925.00	Meets criteria with conditions/ reduced level	We plan on purchasing the necessary equipment to perform polygraph examinations in house, as we have an investigator attending training in May. We also plan on purchasing 20 organizational gear bags for our patrol units along with four rifle rounds rated throw over vests for active shooter scenario situations.

550212	Mecklenburg, County	County Government	New	\$91,982.00	\$0.00	Does not meet criteria	The Mecklenburg County Sheriff's Office recognizes this grant in the amount of \$568,987.20 - Federal .25% locality cash match \$22,995.00. Total Project of \$91,982.20. Mecklenburg County will absorb any overage costs . Side Scan Sonar w/Winch, \$64441.74 from Atlas North America; Shearwater Dive Computer (3) \$ 3000.00 from Amazon; EOTEC Laser, \$ 4566.36 from Atlantic Tactical; Safariland Level III Vest, \$20399.20 from Atlantic Tactical. This project main objective is for officer safety and proficiency, and our community safety.
551986	Middleburg, Town	Town Government	New	\$15,000.00	\$15,000.00	Meets criteria with conditions	The Middleburg Police Department is seeking funding to purchase new radar equipment for our patrol vehicles to enhance traffic safety throughout the Town of Middleburg. Our current radars are over 19 years old and need to be replaced. By upgrading our equipment, we aim to increase our ability to monitor and enforce speed limits, reduce speeding, and ultimately improve the overall safety of our roadways for residents, visitors, pedestrians and cyclists. These new RADARS will enable our officers to work more efficiently and effectively, reinforcing our department's commitment to proactive, community-oriented policing and traffic safety.
549827	Middletown, Town	Town Government	New	\$15,625.00	\$0.00	Does not meet criteria	This BIAJ LE Equipment Grant would benefit the Middletown Police Department as it would allow us to upgrade our handguns with magazine pouches for our law enforcement officers, as well as upgrading our office laptops used for the efficiency of records management and reporting. The handguns are in need of upgrade due to their overdue aging since they were last purchased in 2014. Meanwhile, the office laptops need upgrading due to ongoing technical issues affecting daily tasks of the officers and civilian staff in our department since the laptops were purchased approximately during the beginning of Covid-19.
551593	Montgomery, County	County Government	New	\$72,172.00	\$0.00	Does not meet criteria	The Montgomery County Sheriff's Office provides full-service law enforcement services to over 100,000 citizens encompassing two towns and Virginia Tech, along with the more rural areas of the county. The goal of this project is to continue to provide the best law enforcement services for the citizens of Montgomery County, Virginia by equipping our deputies with the necessary equipment to streamline law enforcement operations and enhance public safety.
552012	Mt Jackson, Town	Town Government	New	\$43,795.00	\$0.00	Does not meet criteria	To purchase new Mobile Data Terminals (MDT's) for 7 patrol cruisers.
550183	Narrows, Town	Town Government	New	\$28,858.00	\$0.00	Does not meet criteria	Our Dept is looking to replace our Old Tasers with the Taser 7. The old XC 26 we have are Obsolete. This Equipment grant would allow us to purchase them and replace our old ones with money a small jurisdiction like ours is hard to budget for.
550969	Nelson, County	County Government	New	\$43,167.00	\$0.00	Does not meet criteria	The Byrne/JAG Program - LE Equipment Grant Purchase for the Nelson County Sheriff's Office is a project aimed at enhancing the office's law enforcement capabilities through the acquisition of essential equipment. The grant funding will be used to purchase necessary gear, tools, and technologies that support the Sheriff's Office in improving public safety, responding to emergencies, and ensuring effective law enforcement operations. The goal is to strengthen the Sheriff's Office's ability to protect and serve the community while adhering to best practices in law enforcement.
551557	New Kent, County	County Government	New	\$72,000.00	\$0.00	Does not meet criteria	The New Kent Sheriff's Office is committed to enhancing public safety by equipping deputies with the necessary tools to prevent and control crime effectively. This project focuses on acquiring advanced equipment to improve efficiency, ensure officer safety, and strengthen our ability to serve the community. By updating our resources, we aim to provide faster response times, better crime prevention, and increased protection for our citizens. Investing in these tools reinforces our dedication to keeping New Kent County safe and meeting the evolving needs of our community.
551862	Newport News, City	City Government	New	\$75,000.00	\$15,000.00	Meets criteria with conditions/ reduced level	Law enforcement agencies play a pivotal role in ensuring urban safety through a combination of proactive and reactive strategies, effectively utilizing technology to enhance their efforts and foster community trust. Proactively, officers engage in community policing, building relationships with residents to collaboratively identify and address public safety concerns. This approach not only deters potential criminal activity but also promotes transparency and accountability, essential elements in establishing legitimacy within the community.

550190	Norfolk, City	City Government	New	\$60,000.00	\$60,000.00	Meets criteria with conditions	The Norfolk Police Department (NPD) seeks to upgrade the Individual First Aid Kits (IFAKs) issued to all officers, enhancing their ability to provide critical medical care in emergencies. The current IFAKs were purchased approximately 10 years ago and lack modern, life-saving tools such as tourniquets and other essential trauma care items. Given the department's role in responding to violent incidents, accidents, and medical emergencies, this upgrade is necessary to improve survival rates for both officers and the community.
551858	Northern Virginia Comm College	State University	New	\$70,200.00	\$70,200.00	Meets criteria with conditions	NOVA's 52 police officers are responsible for the safety of over 73,000 students and 3,400 staff on six campuses. This project will improve crime prevention and reporting by enabling the NOVA Police Department to purchase and install license plate recognition (LPR) cameras on each campus. Using grant funding, NOVA will purchase the Flock Safety LPR system. Equipped with AI driven LPR technology, Flock cameras provide 24/7 monitoring, real-time alerts, and valuable evidence collection. Installing Flock cameras will enhance safety by providing real-time data about vehicles on campus property and sharing that data with local police departments, when needed, related to vehicular crimes.
551424	Northumberland, County	County Government	New	\$36,487.00	\$36,487.00	Meets criteria with conditions	Northumberland County Sheriff's Office has relied on grant funding to support highway safety. RADAR and LIDAR are not part of our regular budget purchases; thus, we use them until end of life, or it becomes too costly to repair. We are seeking approval of this application to bolster our efforts to increase highway safety throughout Northumberland County.
551043	Norton, City	City Government	New	\$74,996.00	\$63,667.00	Meets criteria with conditions/ reduced level	We are applying for this grant to acquire critical equipment that will enhance our department's capabilities, which we currently do not have access to due to budget constraints. This equipment is essential to improve our overall efficiency in day-to-day police work and will significantly bolster our preparedness and response in high-stakes situations, such as active shooter scenarios. With this support, we aim to better serve and protect our citizens, ensuring that we are equipped to handle emergencies swiftly and effectively.
550322	Nottoway, County	County Government	New	\$74,998.00	\$31,207.00	Meets criteria with conditions/ reduced level	Funding from this grant will allow Nottoway Sheriff's Office to enhance officer safety in active shooter situations, as well as increase fleet protection and decrease damages during pursuits.
550730	Old Dominion Univ	State University	New	\$54,750.00	\$0.00	Does not meet criteria	The Old Dominion University Police Department (ODUPD) aims to improve safety across the campus and surrounding community by strategically deploying Flock Safety automated license plate recognition (ALPR) cameras. This initiative is designed to enhance ODUPD's capabilities in crime prevention, detection, and resolution. By leveraging this technology, the department anticipates faster response times, an increase in case clearance rates, and overall, a safer atmosphere for over 50,000 students, faculty, staff, and community members.
551512	Orange, County	County Government	New	\$68,200.00	\$68,200.00	Meets criteria with conditions	This grant project is designed to purchase 63 Team Wendy ballistic helmets and 63 lights for the assignment to deputy sheriffs with responsibilities to respond to any active shooter or other dangerous call for service that involves a suspect's use of firearms. The Team Wendy ballistic helmets come configured for threat level IIIA with rails that will accommodate several devices to include the Streamlight Sidewinder Stalks also listed in this grant along with the thermal and night vision monoculars that we purchased using the ARPA grant award from 2023. There are also several devices that can be purchased at a later date and used with this platform including face shields, communication equipment, cameras and ear cups.
551189	Page, County	County Government	New	\$32,600.00	\$32,600.00	Meets criteria	The Page County Sheriff's Office (PCSO) is applying for \$32,600 (\$24,450 state/federal funds request) to purchase LE equipment such as, thermal & night binocular & monocular, & camcorders with applicable accessories & built in technology. This funding will enable PCSO to purchase this equipment for our patrol, investigation, ERT, & School Resource Officers (SRO). Having this equipment on our sworn deputies will improve our capability for proper visualization & to maneuver through many different types of emergency situations & calls; foster transparency & accountability while protecting civil liberties & privacy interest, & improve the quantity & quality of evidence being utilized internally and/or as an evidentiary tool for cases.
551538	Patrick Henry Community College	State University	New	\$73,251.00	\$62,865.00	Meets criteria with conditions/ reduced level	Patrick & Henry Community College (P&HCC) is requesting funds to update the antiquated surveillance system that is currently in place. P&HCC is working to migrate all surveillance to Verkada Command, a cloud-based camera management and storage solution. This solution is a web-based management system that is hosted off-campus. Proposed upgrades will replace cameras that are no longer functioning and are reaching the end of their useful and/or warranty life. The end result will be more high functioning surveillance system across campus that will enhance security.

550634	Pearisburg, Town	Town Government	New	\$72,197.00	\$0.00	Does not meet criteria	Mobile Data Terminals (MDTs) are used to send and receive information through our dispatch system in real time. Currently our agency depends on the Giles County Sheriff's Office dispatch to assign our calls via radio communications. This system is antiquated and creates serious delay times in how information is sent and received. If we are awarded this grant it will be used to purchase computer equipment, docking stations, software and other necessary components to deploy the MDT program.
549805	Pennington Gap, Town	Town Government	New	\$60,000.00	\$0.00	Does not meet criteria	We seek funding to upgrade our department's computing hardware from laptops to portable tablets. This initiative is critical as we transition to issuing electronic summonses, allowing officers to secure signatures on-site and streamline case filing processes. Tablets will enhance operational efficiency, reduce paperwork, and improve data accuracy and security in field operations
550903	Petersburg, City	City Government	New	\$56,250.00	\$0.00	Does not meet criteria	Under the Enhancing Officer Safety Through Duty Gear Modernization project, the Petersburg Bureau of Police seeks DCJS Byrne JAG 2025 funding to complete a department-wide upgrade of essential duty gear. The project will provide 125 officers with standardized holsters, weapon-mounted lights, handheld flashlights, and GETAC mounts. This effort directly supports officer safety, particularly during nighttime operations, and is part of a larger, multi-grant strategy to modernize the department's full-duty weapon system and enhance operational readiness.
549877	Piedmont Regional Jail	County Government	New	\$70,309.00	\$0.00	Ineligible	Project will include purchasing additional tasers for security staff. To incorporate a training aid for firearms to better equip security staff for emergency situations. The training aide will allow instructors to assist trainees with problematic areas during firearm training.
549801	Pittsylvania, County	County Government	New	\$70,180.00	\$0.00	Does not meet criteria	The Pittsylvania County Sheriff's Office is seeking grant funds to purchase needed equipment necessary to maintain officer and public safety. The Sheriff's Office is in need of tourniquets, automated external defibrillators, tactical shields, stop the bleed kits, and spike strips.
550937	Poquoson, City	City Government	New	\$75,000.00	\$0.00	Does not meet criteria	We will utilize these funds to acquire new Mobile Data Terminals (MDTs) to replace our current outdated equipment. This upgrade is essential to ensure compliance with the Multifactor Authentication (MFA) standards mandated by the Virginia State Police (VSP) and the Federal Bureau of Investigations (FBI).
550218	Portsmouth, City	City Government	New	\$40,884.00	\$40,884.00	Meets criteria with conditions	Purchase laptop computers for the Portsmouth Police Department's new unit. Purchase exercise equipment for the Department's gym promoting health, wellness and readiness of the police personnel.
551657	Pound, Town	Town Government	New	\$57,176.00	\$57,176.00	Meets criteria with conditions	In an effort to provide greater officer and community safety, as well as officer efficiency, the Pound Police Department is requesting funding for body cameras, in-car cameras, and digiticket electronic ticketing equipment. As we are a small department with limited funding and resources, we strive to make every effort to keep officers and the community safe. Body cameras and in-car cameras will provide a greater level of officer accountability, minimize potential discrepancies in recounting encounters with citizens, and offer additional evidence that may be used in court cases. The digiticket equipment allows for greater officer and administrative efficiency which streamlines the ticketing process for officers and offenders.
551180	Powhatan, County	County Government	New	\$39,854.00	\$39,854.00	Meets criteria	The Powhatan Sheriff's Office seeks to obtain new equipment to replace old equipment that is no longer operational and to obtain new equipment to enhance the capabilities of our agency from medical response to high-risk incident response.
550169	Prince Edward, County	County Government	New	\$75,001.00	\$0.00	Does not meet criteria	This project will consist of vehicle computers, hand held radios, radars, and vehicle jump boxes. This equipment will ensure that the Sheriff's Office will get equipment needed to handle calls in a timely manner, and provide a sense of safety that the hand helds that will help us to communicate more effectively. The jump boxes will ensure that our deputies can start their vehicles even when their batteries are dead. The radars will give the deputies that do not have one a chance to stop speeders more efficiently. Vehicle computers will provide more efficient report writing for deputies that do not already have them.
551392	Prince William, County	County Government	New	\$75,000.00	\$0.00	Does not meet criteria	With funding from the Byrne/Justice Assistance Law Enforcement Equipment Grant Program, the Prince William County Police Department is proposing to implement a property crime suppression initiative via precision hot spot enforcement and use the available grant funding to purchase mobile camera and license plate reader (LPR) technology to address the increasing number of property-related crimes, as well as other crimes in general, especially theft from motor vehicles, theft of motor vehicle parts/accessories, and motor vehicle theft.

551893	Pulaski, Town	Town Government	New	\$18,470.00	\$18,470.00	Meets criteria with conditions	The agency is requesting grant funds to replace outdated and broken equipment, to provide needed accessories to equipment, and to supplement patrol existing equipment.
551788	Richard Bland College	State University	New	\$73,785.00	\$73,785.00	Meets criteria	The mission of this project is to add and replace outdated camera systems in two (2) campus buildings that have met end of life and no longer is serviceable and/or no updates are available to support their programs. The goal of this project is to enhance the overall safety, security, and emergency preparedness of Richard Bland College by replacing obsolete surveillance systems in two key campus buildings with modern, reliable camera technology. This upgrade will ensure continuous video monitoring and recording capabilities, support effective incident response and investigations, and provide a safer environment for students, faculty, staff, and visitors.
550332	Richlands, Town	Town Government	New	\$71,398.00	\$71,398.00	Meets criteria with conditions	The grant funds will be used to replace mobile in-car radios utilized by all uniformed officers in the Richlands Police Department. The current mobile radios that are in operation are 15 years old or older. They are well beyond the expected life of use date.
549740	Richmond, City	City Government	New	\$75,000.00	\$0.00	Does not meet criteria	The Richmond Police Department requests funding for the non-lethal BolaWrap 150 handheld remote restraint device. The device provides law enforcement personnel a safer means of managing non-compliant subjects without the use of higher levels of force. This enhances officer performance by providing low intrusion and temporary restraint to a suspect in alignment with Departmental de-escalation policies and practices. When used earlier in an encounter, the device will prevent, or at least reduce, use-of-force incidents and minimize the potential for injuries. The equipment would assist in increasing capacity and efficiency within the Department.
551453	Roanoke, City	City Government	New	\$75,000.00	\$75,000.00	Meets criteria with conditions	If awarded the requested amount, the Roanoke Police Department (RPD), while adhering to the City of Roanoke's procurement guidelines, will acquire a Commander 3400 Video Surveillance Trailer from Mobile PRO Systems. By deploying this equipment, the goals are: 1) to provide greater police surveillance in target areas where data show disproportionately greater numbers of calls for service, incidents and offenses, 2) to increase the amount of time RPD officers patrol other target areas, 3) increase surveillance capacity at public events and in public spaces, and 4) aid in evidence collection, storage, and processing.
549559	Roanoke, County	County Government	New	\$74,993.00	\$0.00	Does not meet criteria	The Roanoke County Police Department proposes to implement the Edward Byrne Memorial Justice Assistance Grant. The purpose is to enhance the safety of Roanoke County Police Department personnel and the citizens of Roanoke County. Project activities include the purchase of MDIT/in-car computer docking stations with the associated necessary parts, less lethal munitions platform (pepperball guns) along with the associated necessary parts, and other equipment, SWAT camera (pole camera) along with the associated necessary parts, and other equipment. The expected outcome is to provide an increased level of safety to officers and citizens by providing the necessary equipment to perform at the highest level, as well as the reduction of crime.
551774	Rockbridge, County	County Government	New	\$74,675.00	\$74,675.00	Meets criteria with conditions	Enhance the Rockbridge County Sheriff's Office capabilities of providing services to the community during low/no-light conditions through the use of handheld night vision devices, thermal imaging devices, and binoculars purchased with the assistance of the Byrne/Justice Assistance Grant for law enforcement equipment.
551598	Russell, County	County Government	New	\$65,722.00	\$65,722.00	Meets criteria with conditions	The requested funds will be used to significantly update and purchase critically necessary supplies/equipment needed to continue improving and enhancing the delivery of daily law enforcement services to the citizens of Russell County. Thus improving Russell County Sheriff's Office primary goal of enhancing the community-oriented public safety services to the citizens of Russell County as well as reducing crime and making significant officer safety enhancements for the members of the Russell County Sheriff's Office by equipping all members of the Russell County Sheriff's Office Divisions with the most modern up-to-date equipment possible.
550990	Saint Paul, Town	Town Government	New	\$50,040.00	\$49,161.00	Meets criteria with conditions/reduced level	This grant will provide the St. Paul Police Department with funding to purchase new and upgraded body cameras for all officers. It will also allow the department to acquire 7 Cradlepoint devices and 7 Panorama LG units for each patrol vehicle, enabling seamless cloud-based uploads of body camera footage.

551647	Salem, City	City Government	New	\$42,155.00	\$42,155.00	Meets criteria with conditions	The Salem Police Department is requesting funds from the Byrne Justice Assistance Grant to help replace the Department's Duty Flashlights and its Level IIIA Ballistic Helmets, 2 pieces of essential equipment, that are both at or nearing their life expectancies. The funding would specifically purchase 68 - Cloud Defensive MCH Duty-HC flashlights and 68 - Safariland Open Top Flashlight Holders for all sworn officers, and 56 - Protech Delta 4 full-cut level IIIA ballistic helmets to include the helmet's inner suspension system with mesh liner for all sworn officers who are not members of the Emergency Response Team.
550987	Scott, County	County Government	New	\$57,948.00	\$0.00	Does not meet criteria	Scott County Sheriff's Office is asking for 14 Motorola Body Camera's for 14 patrol deputies. Each deputy will have one camera to replace the one they have currently. Scott County Sheriff's Office needs new body camera's because the ones we have are outdated, having issues and can no longer be repaired. Body camera's are essential to the department to ensure safer interactions between the community and officers.
550012	Scottsville, Town	Town Government	New	\$16,200.00	\$16,200.00	Meets criteria with conditions	The Town of Scottsville is a small rural town with a population of 547 residents and businesses. The Town of Scottsville has a Police Department has a total of five computers, four of which are the GETAC 8360 Touchscreen computers and one old Panasonic Toughbook computer that was donated to the department more than fifteen years ago. Replacing our oldest computers will serve as a much-needed operational tool for traffic crashes, field reports, and other communications needs with our community. As a rural Police Department would also like to purchase four Philips Heartstart AEDs for officers to carry in their assigned patrol vehicles. As our officers are often first to arrive on emergency scenes, this is critical lifesaving equipment.
549940	Shenandoah, Town	Town Government	New	\$25,873.00	\$0.00	Does not meet criteria	The equipment that we are requesting will be used to replace our existing in car cameras that are no longer serviced by the manufacturer. We are also wanting to purchase Body Worn Cameras (BWC), our department does not currently have BWC's.
551883	Smithfield, Town	Town Government	New	\$25,000.00	\$25,000.00	Meets criteria with conditions	The Smithfield Police Department (SPD) is looking to enhance its tactical incident response capabilities by acquiring a tactical camera kit. This project will improve the department's ability to efficiently and effectively respond to and handle tactical incidents by providing the tactical response team with a tactical camera kit. This acquisition will ensure officers can properly respond to, control, and resolve tactical incidents.
551976	South Boston, Town	Town Government	New	\$20,000.00	\$0.00	Does not meet criteria	The South Boston Police Department will purchase three new in car cameras and all of the hardware (Axon in-car camera). The cameras are a vital tool used by our law enforcement officers for evidentiary purposes and accountability. The South Boston Police Department will also purchase two portable Motorola radios and three in car Motorola radios. The Motorola radios are essential in the everyday job function of law enforcement officers. The South Boston Police Department operates on a limited budget for equipment and this grant will be detrimental in the success of the South Boston Police Department.
551014	South Hill, Town	Town Government	New	\$16,156.00	\$9,163.00	Meets criteria with conditions/ reduced level	This grant will fund equipment to enhance law enforcement services and officer safety. We are requesting police bicycles, bike racks, a metal detector, and upgraded batons and handcuffs. Police Bicycles & Bike Racks: Bicycles will improve officer mobility, allowing for faster responses and better community engagement. Bike racks will securely store bicycles. Metal Detector: This tool will help officers detect weapons and prohibited items during patrols and events, enhancing safety. Upgraded Batons & Handcuffs: Provide officers with more durable, effective equipment for safe responses. These upgrades will improve law enforcement operations, increase officer safety, and enhance protection.
551959	Southampton, County	County Government	New	\$29,821.00	\$29,821.00	Meets criteria with conditions	The funds requested will be used to replace the agency's aging, poorly functioning, camera system in our attached jail facility. The system currently in use has many cameras that no longer function, creating blind spots and gaps in coverage, which creates a security risk for the facility and a safety risk for the deputies working in the jail. The existing system operates on two different platforms because some of the original cameras are not compatible with the replacement cameras installed in more recent years. The requested funding will accomplish both the replacement of broken cameras and the ability to have all camera feeds on one software platform. This up to date, functional system will be safer and more effective for our staff.

551927	Spotsylvania, County	County Government	New	\$51,300.00	\$51,300.00	Meets criteria	The Spotsylvania County Sheriff's Office is respectfully requesting \$38,475 in federal funds, or 75% of the total project costs, to purchase eighteen new Automated External Defibrillators (AEDs). The Sheriff's Office will provide the required 25% local cash match of \$12,825. Often arriving first on the scene of an accident or at a medical emergency, sworn personnel can utilize these medical devices to analyze an individual's heart rhythm. If needed, the AED will deliver an electric shock to restore a normal heart rhythm during a sudden cardiac arrest. The acquisition of these eighteen AEDs will allow the Sheriff's Office to equip all patrol deputies, on any given shift, with an AED in their patrol vehicle.
550414	Staunton, City	City Government	New	\$36,800.00	\$0.00	Does not meet criteria	The City of Staunton is committed to enhancing public safety, emergency response, and community resilience through innovative technology. As part of this effort, we are developing the Drone as First Responder (DFR) program, which aims to deploy drones for rapid situational awareness in emergency scenarios. To support this initiative, we are seeking funding to purchase a drone dock and a high-performance drone, enabling automated, rapid-response aerial surveillance and assessment capabilities.
550905	Strasburg, Town	Town Government	New	\$73,500.00	\$0.00	Does not meet criteria	This project involves the purchase and installation of secure, durable storage boxes for police vehicles across the department's fleet. The objective is to enhance equipment organization, improve officer safety, and increase operational efficiency during patrol and emergency response activities. Storage boxes will be selected based on compatibility with various vehicle models, durability under demanding conditions, and the ability to securely store essential gear such as firearms, medical kits, traffic control equipment, etc.
551720	Suffolk, City	City Government	New	\$74,300.00	\$74,300.00	Meets criteria	The Suffolk Police Department is seeking funding for rifle lasers, rifle lights and light mounts for the SWAT Team, two laptops, and an AV-Net device. It is important as a Department, to keep our officers and teams safe and provide them with the tools necessary to do so, especially during tactical operations. Furthermore, supplies become obsolete, break, or new technology edges out the old. Improving and upgrading supplies, equipment, even software helps make agencies work more efficiently. This proposal focuses on supplies to improve police functions and technology for more efficient investigative practices.
551108	Tazewell, County	County Government	New	\$21,176.00	\$0.00	Does not meet criteria	Radio Equipment : Reliable communication is critical for the safety and coordination of our Motor Squad. Upgrading to high-quality radio equipment will improve response times and ensure seamless communication between officers. Stop Sticks : To enhance public and officer safety, we are requesting funding to purchase Stop Sticks, a more effective and safer tire deflation device compared to our current equipment. Tactacam Cameras : Illegal dumping is a persistent issue in Tazewell County, creating environmental and community concerns. We are requesting funding for Tactacam cameras to monitor known dumping areas, deter offenders, and assist in identifying those responsible for these nuisance activities.
551260	Tazewell, Town	Town Government	New	\$46,166.00	\$0.00	Does not meet criteria	With this grant we hope to update outdated holsters as well as purchase newly required optics for pistols and update training room materials as well as purchase equipment for soft interview room.
550906	Timberville, Town	Town Government	New	\$19,202.00	\$19,202.00	Meets criteria with conditions	The primary goal of this project is to develop a mobile trailer equipped with advanced radar technology and a digital message board. This trailer will enhance safety and communication in high-traffic areas, providing real-time updates to the public for various applications, including traffic management, emergency notifications, and event announcements. The RADAR-Messge Board Trailer initiative aims to leverage technology for better community engagement and safety. With its innovative features and mobile functionality, this project is designed to meet the dynamic needs of rural environments and contribute positively to public management efforts.
551045	Victoria, Town	Town Government	New	\$13,678.00	\$13,678.00	Meets criteria with conditions	The purpose of this project is to provide our agency with equipment that will make policing in a small town more effective while increasing safety. Our agency is in need of an additional computer, rifle racks for patrol vehicles, scanners for electronic summons, and optics, holsters, and flashlights for upgraded duty weapons.

551972	Vinton, Town	Town Government	New	\$66,579.00	\$0.00	Does not meet criteria	The primary role of the police in securing a venue is to ensure the safety and protection of all individuals present, whether they are attendees, staff, or participants. By proactively securing the area, the police help to prevent criminal activities, acts of terrorism, or any form of violence that could threaten public safety. A well-secured venue also helps to maintain order, promote confidence among the public, and ensure that emergency response systems can function effectively. While visible police presence can deter potential attackers, strategic planning, such as perimeter control, can neutralize threats before they escalate. In essence, police venue security is fundamental to preserving peace and safeguarding lives.
550423	Virginia Beach, City	City Government	New	\$70,000.00	\$0.00	Does not meet criteria	VBPD is looking to purchase buoys/throw ropes for officers patrolling near/around water in order to save lives during calls for service; upgrade forensic cameras for the Forensics Unit to improve evidence collection; purchase a narcotic analyzer for the Special Investigations Unit for investigative purposes; tint meters for our Traffic Safety Unit to enforce traffic safety laws; and CPR dummies and Stop the Bleed kits for our Administrative Unit in an effort to provide education to Virginia Beach residents. This equipment supports the department's commitment to community oriented policing by providing improving the delivery of daily law enforcement services to the community and/or ensures the safety of citizens and officers.
551124	Virginia Commonwealth University	State University	New	\$74,258.00	\$74,258.00	Meets criteria with conditions	The Byrne Justice Assistance Grant- Law Enforcement Equipment if approved allows law enforcement to purchase equipment that better their ability to keep the citizens and officers safe. This includes upgrades to existing equipment and/or the purchase of updated equipment. The VCU Police Department has determined that funding should be spent on issuing each patrol officer a gas mask and canister, dispatcher headsets, and foggers. Patrol Officers are the first response to civil disturbances and protests. Dispatchers need new and better quality headsets. Their current headsets are inadequate for the type of work performance expected. Crowd Management Teams and fogger trained officers carry foggers during crowd control situations.
549653	Virginia Peninsula Regional Jail	County Government	New	\$125,274.00	\$0.00	Ineligible	The purpose of this project is to replace the existing Uninterruptible Power Supply (UPS) system for the Virginia Peninsula Regional Jail.
550302	Virginia Polytechnic Institute and State University	State University	New	\$92,560.00	\$0.00	Does not meet criteria	Obtaining equipment for departmental shooting range that enhances training, officer abilities, and ensures all standards are held to DCJS mandates. Equipment requested is automated turning target systems, up to 8 lanes, that provide a uniform standard for departmental qualifications (timer-based) and reduces/eliminates subjective time limits. Additionally, this system will provide enhanced training opportunities for officers by allowing decision-making testing to occur (ex: threat vs. non-threat targets) as well as time-based observation and decision making skills to be tested and evaluated.
550636	Warren, County	County Government	New	\$16,708.00	\$0.00	Does not meet criteria	The Warren County Sheriff's Office seeks funding to establish a professional social media room and podcast studio to enhance our community engagement efforts. This dedicated space will be utilized to create high-quality videos and podcasts that inform and connect with the public. The content produced will include public safety announcements, breaking news updates, recruitment videos, community event promotions, and recognition of staff achievements such as awards, promotions, and retirements. This initiative will improve our communication strategies, strengthen relationships with the community, and support our recruitment efforts in a highly competitive job market.
550236	Warsaw, Town	Town Government	New	\$74,119.00	\$71,185.00	Meets criteria with conditions/ reduced level	The Warsaw Police Department respectfully seeks funding under a grant to enhance law enforcement operations by acquiring essential equipment to improve officer safety, operational efficiency, and community service delivery. As a small-town agency serving a rural population with limited local resources, WPD performs the same critical functions as larger agencies but without the financial capacity to purchase modern, high-performance equipment. This funding opportunity presents a vital pathway to address these disparities and allow the agency to continue fulfilling its mission with excellence. All requested equipment will directly support core policing functions and will be purchased no later than September 30, 2025.
549873	Washington, County	County Government	New	\$68,000.00	\$68,000.00	Meets criteria with conditions	The Washington County Sheriff's Office is seeking grant funding under this program to procure thermal binoculars for the department and helmet attachments with night vision capabilities for our Special Response Team (SRT)/tactical team. Funding from this grant opportunity would help us to equip our officers out in the field with useful tools to better serve their community and provide additional safety measures in intense situations.

551461	Weber City, Town	Town Government	New	\$57,000.00	\$0.00	Does not meet criteria	The Weber City Police Department seeks grant funding to enhance field and administrative operations by acquiring vehicle-mounted camera systems with License Plate Recognition (LPR), printer mounts for patrol vehicles, and two office printers. These upgrades will improve officer safety, streamline reporting, and support case documentation. With only seven officers and limited local funding, the department relies on grants to obtain essential equipment. This project will increase efficiency, accountability, and investigative capabilities, helping the department address rising traffic volume and regional crime more effectively.
550122	Western Tidewater City Regional Jail	City Government	New	\$75,000.00	\$0.00	Ineligible	The Byrne Justice Assistance Grant will assist Western Tidewater Regional Jail (WTRJ), in providing funds needed for technological upgrades to software, hardware and licenses. Thus, the funds awarded will increase computer capacity, and efficiency while improving the security and operations of the organization.
551107	Westmoreland, County	County Government	New	\$30,034.00	\$7,490.00	Meets criteria with conditions/ reduced level	The proposed project aims to enhance the safety, effectiveness, and overall law enforcement operations conducted by deputies and detectives within the Westmoreland County Sheriff's Office.
549732	Williamsburg, City	City Government	New	\$64,000.00	\$64,000.00	Meets criteria	The Williamsburg Police Department will obtain equipment that will improve and enhance the delivery of daily law enforcement services to the community and increase the safety of both citizens and officers. Night vision and thermal imaging equipment will increase the capacity and efficiency of the Department, while also improving the ability of officers to locate lost children and wandering adults in locations without adequate lighting and in areas with no lighting. Additionally, officer and civilian safety will be increased while conducting high-risk operations or pursuing fleeing subjects in wooded areas using night vision and thermal imaging equipment.
549750	Wise, County	County Government	New	\$99,998.00	\$24,712.00	Meets criteria with conditions/ reduced level	Fund will be used to purchase equipment to further our law enforcement services.
550348	Wise, Town	Town Government	New	\$28,300.00	\$28,300.00	Meets criteria with conditions/ reduced level	The Town of Wise Police Department is seeking funding through this grant opportunity to enhance its technological capabilities by purchasing new computers for the agency. This includes the replacement of aging desktop computers and mobile data terminals for patrol cars.
550027	Wythe, County	County Government	New	\$75,000.00	\$75,000.00	Meets criteria with conditions	The Wythe County Sheriff's Office seeks to enhance officer and community safety by acquiring essential tactical equipment. Currently, our patrol vehicles are not equipped with breaching tools, which are critical for gaining lawful access to locked buildings or rooms when necessary. Additionally, the agency would like to purchase two night vision units with mounts to support tactical operations. These units would significantly improve deputies' ability to operate in low-light conditions. The agency would like to purchase sight illuminators for the two deputies rifles so the deputies will be able to see their gun sights while wearing the night vision.
550902	Wytheville Community College	Community College	New	\$40,854.00	\$40,854.00	Meets criteria with conditions	WCC PD, seeks to enhance officer, campus, and community safety by acquiring essential tactical, medical, and training equipment. Currently, none of the campus buildings or patrol vehicles are equipped with breaching tools/ballistic shields, which are crucial for gaining access to locked buildings/rooms when necessary and add a major level of protection to responding officers. Also, WCC PD currently doesn't have medical crisis response kits that would contain much needed medical supplies in the event of an active attack. Additionally, WCC PD would like to purchase a scenario trainer "Gunshot box" which is a highly advanced, electronic gunfire training system. This piece of equip, would significantly improve active attack resp. training
551574	Wytheville, Town	Town Government	New	\$14,599.00	\$0.00	Does not meet criteria	Nighttime safety is a critical function in law enforcement. The thermal monocular would allow officers to see in low-light or even complete darkness during search and rescue, and surveillance incidents that would pose a complete threat to the officers. The Eagle Radar units would be used by law enforcement officers for speed detection and traffic enforcement. The updated units would serve a vital purpose in our speed enforcement campaign. Having reliable radar units will allow patrol units to keep our streets safe and free of vehicle related incidents that results from high related speed.
551837	York, County	County Government	New	\$75,000.00	\$0.00	Does not meet criteria	The York-Poquoson Sheriff's Office is seeking funding to acquire a National Biometric Identification System (NBIS) Automated Fingerprint Identification System (AFIS) terminal. This terminal will enhance our agency's ability to capture, process, and submit biometric data in real-time, significantly improving identification accuracy, investigative efficiency, and officer safety. The addition of this technology aligns with state and national standards for biometric data sharing and supports our mission of providing effective, modern, and accountable law enforcement services.
