Re: Victim Witness Grant Program, State Fiscal Year 2025

---

The purpose of the Victim Witness Grant Program (VWGP) is to provide financial support to local and statewide victim assistance programs. These programs provide direct services, information, and assistance to victims of crime as required by the *Code of Virginia*. The majority of funding for this grant program comes from federal Victims of Crime Act (VOCA) funds administered to DCJS by the U.S. Department of Justice's Office for Victims of Crime. In addition to federal funds, State General Funds and Virginia Crime Victim-Witness Special Funds also support this grant program.

For State Fiscal Year (SFY) 2025, DCJS staff **request approval for a 12-month continuation of 114 current VWGP awards**. There are no applicants recommended for denial of funding. DCJS staff continue to monitor all grant recipients for compliance with state and federal rules and grant conditions.

In summary, DCJS staff **request approval to fund 114 projects for the 12-month period (7/1/2024–6/30/2025), totaling \$18,049,369**. This is comprised of VOCA funds (\$11,884,791), State General Funds (\$4,663,603), and Virginia Crime Victim-Witness Special Funds (\$1,500,975) allocated for this purpose.

Also, approximately \$1.3 million in additional State General Funds were appropriated in the recently finalized biennium state budget, for a State General Fund total of \$5,988,807. DCJS staff also **request permission to proportionally allocate the additional State General Funds to these 114 recipients, increasing the total award to approximately \$19.4 million**.
