Re: 2026-2027 Residential Substance Abuse Treatment for Prisoners (RSAT) - Supplemental Funding

Name of Person Presenting: Kristin Hunter, Behavioral Health Coordinator

The purpose of this funding opportunity is to break the cycle of drug addiction and violence by reducing the demand for, use, and trafficking of illegal drugs. RSAT’s objectives are to enhance the capabilities of states and units of local and tribal governments to provide residential substance use disorder (SUD) treatment for incarcerated individuals and assist individuals and communities through the reentry process by delivering community-based treatment and other broad-based aftercare services.

DCJS Recommendations	
Total Original Awarded Amount (including match)	\$556,180
Supplemental Recommended	\$565,000
Local Match Requirement for Supplemental Awards	\$188,335
Revised Recommended Total	\$1,309,515

DCJS recommends supplemental funding to support the five currently funded programs through this DCJS funding opportunity. Funds are used to support personnel and consultants that provide direct services to incarcerated individuals and those transitioning back to the community, staff training relating to SUD and evidence-based curricula, Medication Assisted Treatment (MAT), and reentry supports.

In summary, DCJS staff request approval to fund five current RSAT grantees with a supplemental award of \$113,000 each with a required local match of \$37,667 for an extended 15-month award period (7/1/2026 - 9/30/2027), totaling \$753,335 (including \$188,335 in subrecipient match), using federal funds allocated for this purpose. This would bring the award totals for these five programs to \$1,309,515 (including subrecipient provided match).

RSAT -- Grants Committee Recommendations (Cover Report)

Residential Substance Abuse Treatment - Supplemental Funding
