Re: Sexual Assault Domestic Violence Grant Program (SADVGP) for State Fiscal Year 2027

Name of Person Presenting: Andi Martin, Sexual & Domestic Violence Initiatives Supervisor

The purpose of the Sexual Assault Domestic Violence Grant Program (SADVGP) is to support the delivery of direct services to sexual assault and domestic violence victims. Funding comes from both state general funds allocated to support sexual assault and domestic violence victims and federal Victims of Crime Act (VOCA) funds, awarded to DCJS by the U.S. Department of Justice’s Office for Victims of Crime. A total of \$20,737,569 is available for this funding opportunity.

In accordance with VOCA guidelines, direct services to victims of crime include efforts that:

1. Respond to the emotional, psychological, or physical needs of crime victims;
2. Assist victims to stabilize their lives after victimization;
3. Assist victims to understand and participate in the criminal justice system; and/or
4. Restore a measure of security and safety for the victim.

DCJS Recommendations	
Amount Requested	\$20,599,546
Amount Denied	\$0
Amount Reduced/Increased	\$14/\$138,037
Total Amount Recommended	\$20,737,569

This was a continuation funding opportunity for which applicants could request level funding. **No applications were denied.** The total amount recommended is more than the total amount initially requested. Due to confusion with the grant guidelines, some applicants initially inadvertently requested

less than level funding but were permitted to resubmit their budgets to request level funding. One applicant submitted more than level funding, so the application was decreased to level funding.

Recommended funding supports the following: 1) personnel (counselors, therapists, victim advocates, volunteer coordinators, supervisory staff, outreach and education staff); 2) supplies (office supplies, printing costs, shelter maintenance, training registrations, victim emergency clothing, victim moving expenses, agency phone and internet services); 3) consultants (translation and interpretation services, victim childcare services, certified public accountants, technology services, victim therapy services); 4) travel (staff mileage and per diem reimbursement for meetings, court accompaniment, hospital accompaniment, and trainings); 5) indirect costs in accordance with a federally negotiated indirect cost rate or the de minimis rate; and 6) training funded by this grant program may be used to train paid staff and volunteers on how to provide services to victims of crime.

The Virginia state budget may include an increase to support this grant program. If approved, DCJS would include additional funds in the awards using a proportional allotment process based on objective factors for each program, such as geographic area and services offered by the program. DCJS will work with applicants to add these funds into their budgets using the same requirements set forth in the grant guidelines.

**In summary, DCJS staff request approval to fund 54 grant applications for the 12-month period (7/1/2026 - 6/30/2027), totaling \$20,737,569, using federal VOCA funds and state general funds allocated for this purpose, plus additional funds as may be appropriated by the General Assembly to be added proportionately to approved recipients' award amounts.**
