New	15	\$33,219	\$33,219

## Grant Project Description

Pursuant to judicial emergency orders issued by the Virginia Supreme Court and in keeping with the Executive Orders issued by the Governor, the Brunswick County Commonwealth's Attorney's Office was forced to indefinitely suspend all daily office operations and court dockets beginning March 23, 2020. As a result, our office is now overwhelmed with a backlog of cases as well as continuing to receive new matters on a daily basis. In order to expedite prosecutions effectively while still adhering to imposed limitations stemming directly from the effects of the Coronavirus outbreak, we are seeking funds to expand a part-time paralegal position to full-time.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	18	\$49,220	\$49,220

## Grant Project Description

The Buchanan County Commonwealth's Attorney's Office Coronavirus Response Program is looking to use the Coronavirus Emergency Supplemental Funding Grant to assist in three areas. The first area is temporary personnel to combat the backlog of cases. The next area is in technology and the purchase of three laptops to allow attorneys to work from home during periods where the courts are shutdown or the office is on a rotating schedule. And, the final area is in personal protective equipment to stop the spread of the coronavirus in the office.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	15	\$182,167	\$49,668

### Grant Project Description

Northampton Commonwealth's Attorney's Office is requesting funds to increase courthouse security and health due to the COVID-19 pandemic. If awarded, funds would be used to purchase personal protective equipment to aid the court, jail, and Sheriff's Office. Items requested include: forehead thermometers, hand wands, monitors, masks, gloves, medical robes, and a Body Security Scanning System. The courts are now using a metal detector and wands that do not allow for appropriate social distancing. The Body Security Scanning System would reduce the close contact between staff and citizens and therefore minimize the spread of the virus.

### Grant Project Description

The goal during this crisis was to protect staff and inmates from becoming infected and to provide adequate medical care for inmates who did become sick. HRRJ plans to use these funds to provide personal protective equipment and medical supplies to prevent the spread of the Coronavirus to the inmates, the correctional staff and medical staff within the jail. The funding is also needed to provide the cleaning and sanitation supplies necessary for adequately disinfect all areas of potential contamination within the facility to prevent the spread of the infection. In addition to providing PPE and intense disinfecting, technology was used to allow non-essential staff to work remotely to reduce the change of contamination.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	23	\$15,872	\$15,872

### Grant Project Description

Following the restrictive procedures and measures which were implemented at the beginning of the COVID-19, in order for Middle River Regional Jail to enter the phased implementation of return to full operational capacity and at the same time ensure the health and safety of everyone (employees, inmates, and the public) who enters the MRRJ, new screening, safety procedures and equipment will be requested. At the time of the budget development, the impact of COVID-19 was not factored into the equipment purchases costs. In order to protect inmates from airborne pathogens and bacterial and automated identity and temperature monitoring tool is required. The manual screening procedures currently in place will not be sufficient to allow MRRJ to safely return to full capacity without additional equipment. 1. Purchase tele-thermographic system equipment (software and hardware) to digitally screen everyone entering MRRJ. 2. Upgrade end user computer system to accommodate/interface with the telegraphic equipment.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	23	\$36,765	\$36,765

### Grant Project Description

The New River Valley Regional Jail is attempting to enhance our technological infrastructure in response to the COVID-19 pandemic and to be able to provide a continuity of prisoner and governmental services moving forward. As a rural jail in southwestern Virginia, the pandemic has further isolated and restricted our access to specialized medical care and mental health services for prisoners, as well as increased the requirement to make remote services available for judicial services, other governmental services. Further, there is a requirement to continue to train and update our staff members and doing so during the pandemic has proved very challenging. Our grant request prioritizes the need to update our infrastructure to respond to the current pandemic related to COVID-19 and allows for improved responses to similarly challenges in the future.

New	24	\$83,134	\$50,000

### Grant Project Description

The Coronavirus Emergency Supplemental Funding Grant (CESF) will assist Prince William - Manassas Regional Adult Detention Center to maintain a safe and healthy environment for both staff and inmates. Automated equipment to continue temperature checks will ensure that staff, inmates, volunteers and contractors are all checked prior to entry. The cleaning equipment is essential to the cleanliness of areas used by those that are in quarantine areas and other areas of the facility. Since jails are subject to high exposure of the coronavirus, this equipment is deemed necessary for use in the facility. Overtime is requested for hours related to the outbreak of the virus in May 2020.

## Grant Project Description

The Department of Forensic Science (DFS) respectfully requests funding under this program for two essential projects related to the coronavirus. One is the DFS Breath Alcohol Section and the other is in the DFS Forensic Training section. Both projects are designed to ensure continuity of operations and the safety of DFS staff and students attending in-person training. DFS is requesting various supplies, personal protective equipment, and audio/visual equipment to assist with working/training remotely and with protection of students and staff during on-site learning. Additionally, DFS will contract with the Breath Alcohol database provider to modify the system to allow for increased functionality for remote operations.

New	15.3	\$209,777	\$17,524

### Grant Project Description

This project primarily reflects acquisition of equipment necessary to ensure continuity of operations and protection of personnel during the COVID-19 emergency and during future public health emergencies. There are two components to the project. The base project requests essential equipment necessary to temporarily establish minimal command, control and dispatch functions in an alternate location for short periods of quarantine. The extended project requests funds for a trailer to serve as a Mobile Emergency Operations Center that exceeds the \$50,000 grant maximum and is accompanied by a statement of extraordinary justification.

It is the responsibility of this agency to ensure that our employees are able to perform their duties in a safe and effective manner. The safe performance of daily operations has been threatened by the life-endangering COVID 19 pandemic. As Bluefield VA PD continues to shoulder more of the burden of response to public safety needs, this project will seek to provide the department with up to date training, information, and personal protection equipment that will help minimize potential exposure while increasing employee and community understanding of the nature, risks, and routes of transmission of the Coronavirus.

### Grant Project Description

Our agency needs laptop computers for members to telework during the Coronavirus pandemic. With the increased age of staff members, CDC suggested physical distancing, and concern for the health and safety of our employees during coronavirus. Employees need the resources, equipment and ability to telework. We do not want to cripple any of our agency divisions or our entire agency by having all employees physically together, thereby increasing the possibility of exposure. Our agency also needs remote-restraint devices that will allow restricting suspect mobility from a safe distance with a tool that is not intent on hurting individuals.

### Grant Project Description

The City of Hamptons Police and Fire/Rescue Divisions Joint Unmanned Aerial Systems (UAS) Team is seeking federal funding to purchase an Unmanned Aerial System which would allow for operations during rapidly evolving and critical environments without increasing officer or citizen exposure to COVID-19. The City of Hampton is adapting to the exposure rate of SAR-CoV-2 by looking outside the box for alternatives to detect and mitigate this current situation. The UAS Team has identified an Unmanned Aerial System that would greatly assist law/fire prevention enforcement reduce exposure to the coronavirus while still providing emergency services to Hamptons citizens. These services include but are not limited to dropping medical supplies and PPE to testing/triage points and possibly to citizens in need.

### Project Performance to Date (if Continuation)

New project.

### Staff Recommendation/Comments

Not recommended for funding (not Covid related).

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	18.6	\$50,000	\$49,900

## Grant Project Description

King and Queen SO needs assistance with providing personal protective gear, cleaning supplies for all personnel and overtime funds due to short staffing. Because the department's court security staff are over the age of fifty, the department has put them on leave for their safety. The full time deputies have had to step in to assist with court causing many of them to go over on hours. This has caused scheduling issues but with the assistance of funds for overtime, this can be resolved. Our deputies come in constant contact with the public every day, which has depleted our PPE and cleaning supplies. Our dispatchers are constantly rotating shifts and cleaning their stations each shift switch to ensure a clean and safe working environment.

### Grant Project Description

In 2020, the COVID-19 pandemic hit the United States. Essential workers, such as nurses, doctors, firefighters, and police officers found themselves on the front lines of this pandemic. Manassas Park Police Department has been no exception to this. In a small jurisdiction of roughly 18,000 people, the city of Manassas Park has seen over 360 confirmed cases with 6 deaths. Manassas Park Police Department has also been effected personally with officers that have been tested positive for Covid-19. With COVID-19 project and funding the Manassas Park PD will purchase vital supplies to combat the spread of the virus. Supplies such as hand sanitizer, masks, Tyvek suits, air purifiers, and gloves are essential to the safety and well-being of Manassas PD, staff and community.

### Grant Project Description

Adding security gates and ID swipe systems at all entrances and exits of campus will allow campus safety and security to monitor vehicular traffic to determine who is on campus at any given time. This will assist with contact tracing. Campus safety and security will be able to tell who was present on campus if any outbreak should occur. It will also limit person-to-person contact at each security gate granting access to campus.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	20	\$48,649	\$47,299

### Grant Project Description

The New Kent Sheriff's office is requesting assistance in providing necessary personnel protective equipment to our public safety personnel to help protect our staff against the coronavirus. Our agency has depleted most of our inventory of masks, gloves, and other PPE. We are planning to purchase the needed items in bulk to help protect our staff and provide them with the tools and equipment they need to protect themselves against the virus. Due to the current governor's order requiring the mandatory wearing of face coverings in government buildings where staff is in contact with the public our burn rate is quite high and we are expecting our back log of court cases to last for months and possible up to a year. We would like to have an inventory of personnel protective equipment to continue to fight this virus and be prepared for any other incident that may require this equipment in the future.

### Project Performance to Date (if Continuation)

Applicant Location	Town, City, County, etc.	Implementing Agency	
Richard Bland College	Other	Campus Police	
<b>Grant Application Category: &gt;&gt;&gt;&gt;&gt;&gt;</b>	CESF Law Enforcement Agencies		
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	19.3	\$47,243	\$47,243

## Grant Project Description

The mission of this project is to ensure that the members of the Richard Bland College Police Department have the necessary training, equipment, supplies, and access to support staff to provide the most effective and efficient health and safety response to the academic and residential community. Since the college has no infirmary, this is achieved through training, monitoring and social norming activities and by providing access to supplies for student, faculty, and staff. Achieving this mission will help re-enforce healthy strategies and secure a healthy and safe environment.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	15.6	\$10,000	\$10,000

## Grant Project Description

The City of Salem Police Department is motivated to purchase One Solution Police 2 Citizen software program to allow citizens to better submit non-emergency incident reports. Having this program available to our citizens will help the department better serve the community by allowing easier access for citizens to check on the status of their reports. This will free up officers to better respond to emergency calls for service, and provide a safer, healthier way for officers to interact with victims and complainants while still providing investigative assistance.

Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	18	\$47,422	\$47,422

### Grant Project Description

With 181 sworn officers on the front line each day in the midst of a pandemic, the need for additional supplies to keep them protected from developing COVID 19 is paramount. Without these supplies and equipment officers are at risk and being able to preserve their own health is in jeopardy. Our department's inventory of PPE and other equipment needs to be increased. Much of the supplies must be discarded after a single use and as a result, it is important to have a replenishing stock for the officers. In addition, officers often provide PPE to suspects and victims and these too must be discarded.

New	21	\$25,995	\$25,995

### Grant Project Description

The Coronavirus Pandemic brought the importance of "Social Distancing" and the use of Personal Protective Equipment (PPE) into everyday life as the new normal. While all first responders rushed to purchase PPE to ensure that the workplace is a safe environment for all who enter, there was a shortage that continues. Additionally, the importance of communicating with the public while practicing social distancing measure sometimes created a challenge. The Williamsburg Police Department Coronavirus Emergency Equipment needs grant addresses these issues to create a safe environment for both the public and law enforcement personnel.

New	23	\$50,000	\$50,000

### Grant Project Description

This project will increase the accessibility of mental health services for abused and trauma-exposed children and their non-offending families; who, as a result of this pandemic, are experiencing additional or increased mental health concerns. A full-time mental health clinician will be hired to deliver services. It is projected that 60 families will receive pre-service trauma screenings, 45 families (children and adults) will receive in trauma-focused cognitive behavioral therapy, and other mental health supports deemed clinically relevant.

New	23	\$16,833	\$16,833

### Grant Project Description

As Fairfax CASA navigates this COVID-19 situation, we propose to continue all activities in the coming year and to serve the needs of all children referred by the Court, while working remotely, submitting reports electronically and attending all hearings through video. During this current fiscal year (FY21), we expect to train approximately 30 new volunteers in order to continue assigning cases to volunteers as quickly as possible and avoid a waitlist. In addition to the 35+ hour pre-service training sessions, Fairfax CASA annually offers more than 60 hours of in-service training opportunities continuously to hone the volunteers' advocacy skills.

New	21	\$50,000	\$50,000

### Grant Project Description

Hanover Safe Place (HSP) provides comprehensive services to survivors of domestic violence. During the pandemic, we have seen an increase in client requests for counseling services to address anxiety, depression, and more. We are seeking support to enhance mental health services to domestic violence survivors seeking counseling services in the Town of Ashland and Hanover County. It is estimated that between January 20, 2020 and September 30, 2021, 80 survivors of domestic violence will receive counseling services from the domestic violence counselor funded through CESF. All services provided by HSP are free and confidential. The counseling services provided by HSP are trauma informed and client driven.

<b>Grant Application Category: &gt;&gt;&gt;&gt;&gt;&gt;</b>	CESF Non-Profit Organizations		
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	1	\$16,218	\$ 0

### Grant Project Description

Safehome Systems is requesting funds to buy employees laptops to accommodate for work at home situations during COVID-19 pandemic. Many of the employees do not have personal funds to have their own personal computers which inhibits them completing job tasks when working from home. If a staff member or all staff members would have to go in a quarantine situation this would also be a benefit to have work computers to continue to complete job duties. This would also continue to assist the agency staff in working with residents in shelter, outside of shelter clients, and other professionals.

## Grant Project Description

Shelter House's Domestic Violence Programs provide emergency shelter, transitioning housing, rapid re-housing, and permanent housing to victims of domestic violence and their children. Shelter House continues to provide essential housing and crisis intervention services to victims of domestic violence affected by the COVID pandemic, and is requesting CESF funding to provide hotel accommodation to allow for social distancing, quarantine, and isolation for victims of domestic violence experiencing homelessness.

## Grant Project Description

This project will enable us to hire a new 1.0 FTE attorney for our Intake Unit. This attorney will increase our capacity to more efficiently and more quickly determine eligibility and provide free legal services to low-income families in 17 counties and 4 small cities in Southwest Virginia. In addition to providing service to clients experiencing legal problems directly related to the pandemic, this attorney would also assist in the development of COVID-19-related materials, training, and outreach.

New	23	\$3,307	\$3,307

## Grant Project Description

Tahirih, a longstanding partner of DCJS, provides critical legal and social services to immigrant victims of crime in the northern Virginia region. Tahirih requests CESF support to facilitate the safe reopening of our physical office in Falls Church. Tahirih specifically requests support for the purchase of critical PPE supplies, as well as OSHA training for staff, interns, and volunteers to complete before returning to the office. CESF support will enhance existing resources, enabling us to procure the necessary supplies for safely reopening our office.

### Grant Project Description

The Boys and Girls Club of the Northern Neck (BGNN) initiative will assist Lancaster and Northumberland County families' access to after school services. BGCNN finds it necessary to develop additional sites that meet the demands in serving participants and families. To ensure it can be done in a safe and healthy manner, BGNN will implement additional safety measures in accordance with state recommendations regarding limiting site capacity, social distancing, and preventing the spread of the virus.

New	15	\$24,119	\$24,119

### Grant Project Description

CCJTA has responded to the Coronavirus emergency with a combination of equipment, training and infrastructure purchases and planned purchases. The response has strengthened our ability to work remotely and provide the necessary training to our agency population. In keeping the continuity of training going in a pandemic (or any emergency), we can reach and train a far greater number of officers. The costs related to equipment or infrastructure requested in this grant will help the academy students, recruits and staff to work and train in as safe a space as possible. The training funds expended have been used (to date) for the development and implementation of new COVID-19 courses for our students as well as the purchase of additional capacity for our officers to undergo training in an on-line environment.
