Grant Project Description

Drive to Work assists low income and previously incarcerated persons in the restoration of their driving privileges so they can obtain licenses to drive to work, obtain and retain employment. Drive to work provides legal assistance using attorneys to provide legal services when needed.

Project Performance to Date (if Continuation)

During the grant year, Drive-To-Work performed on-going services to new and existing clients to remove the causes of license suspensions in individual cases. During the fiscal year, 34 new clients were assisted and licenses were restored for 45 individuals. The COVID-19 pandemic and new legislation removing fines and costs had a negative impact on referrals. When the courts and DMV were closed and new legislation removing fines and costs, impacted the number of participants as applicants took "wait and see" if their licenses were restored before applying, or not sure, how the new legislation impacted their individual situation.
