Juveniles accused of status offenses and non-offenders **MAY NOT** be held in secure Adult Lockups (Holding cell, locked room, or physically secured to a "stationary" object). Status Offenders and Non-Offenders may be held in non-secure custody (lobby, conference room, non-lockable room) with a permanent path of free egress. They may be handcuffed to themself or to a "nonstationary" object.

A Delinquent Offender detained at a law enforcement facility may be securely held for up to six hours for processing purposes, in conjunction with a preadjudication proceeding, release, or while awaiting transportation to a juvenile detention center. Once the delinquent offender is placed in secure lockup, the six hour clock can not be stopped until the juvenile departs the law enforcement facility.

Sight and Sound Separation from Adult Inmates must be maintained at all times.

*A status offense is noncriminal and constitutes an offense only because of one's status as a juvenile. Examples include: CHINS/CHINSup, Running Away, Truancy, and Curfew Violations.

**A non-offender is a dependent/neglected juvenile or a juvenile in need of mental health services (EPO,ECO, TDO) with no delinquent charges. These juveniles should never be detained in a lockup.
