### Staff Recommendation/Comments

Recommend funding as requested with special conditions. The applicants request for 12 month licensing for Social Sentinel can be strengthened by adding a commitment from the school for funds to keep the program. Application suggests that they are requesting testing for year 2 -- to be paid by grant funding. That does not ensure that the program will be sustained. Also, applicant should further discuss how the program benefits student/community engagement and solidifies positive relationships between LE and the community it serves.

To address officer safety, funds will be used to purchase 4 Motorola XTL 2500 VHF Radios and 6 Motorola XPR 3500 hand held radios to comply with interoperability. At present time, the radios do not communicate with Henry County Sheriff's Office. Henry County has digital technology and Martinsville is analog. This would greatly increase the safety of officers as they routinely serve process in Henry County as well as transport inmates several times a week. This update will assist both departments in communications since they work together on mutual aid assignments.

## Grant Project Description

The Suffolk PD endeavors to utilize the philosophies of policing in the 21st Century by developing a Guardianship relationship with our citizens through transformative training. The Department also desires to increase officer resilience and to enable them to deal with the physiological factors that affect them on a day-to-day basis. The requested training will teach in-house trainers how they can change the culture of the Department and teach officers to better deal with and recover from stressful encounters.

Funds are requested by Tazewell and Cedar Bluff Town Police to procure scenario-based use of force training. Specifically, the Rural Law Enforcement Technology Center Interactive Use of Force Simulator.

### Project Performance to Date (if Continuation)

This is a new grant.

### Staff Recommendation/Comments

Recommend funding as requested with Special Condition. The funding request to purchase TI Firearms Simulator can be strengthened by providing a narrative that includes citizen participation and engagement. Communities have received positive feedback from engaging citizens in the process so they too can determine how difficult it is for officers to make split second decisions. Scenario based training has been positive for officers and beneficial to community members as well by providing a different perspective -- leads to more positive citizen interaction and relationship.

### Grant Project Description

The PD will utilize grant funds to implement the Fair and Impartial Policing Train-the-Trainer program. This 2.5 day program allows teams of trainers to learn to implement both the recruit/patrol officers and the first-line supervisors' curricula of the Fair and Impartial Policing Program. The Train-the-Trainer approach to this program will ensure that all present and future officers of the Williamsburg Police Dept receive the training.

### Grant Project Description

Funds are requested for the purchase of "Simunitions" training equipment: 8-training pistols (\$3632), 10,000 rounds of ammunition (\$2640), conversion kits for patrol rifles (\$1880), 10-magazines (\$220), and 10-sets of head/face/neck protective equipment (\$1330). The proposed force on force training provides a most realistic training environment and will allow trainees the opportunity to also practice de-escalation techniques.

### Project Performance to Date (if Continuation)

This is a new grant.

### Staff Recommendation/Comments

Funding is not recommended. Proposal does not meet the program guidelines. The study recommendation cited in the application calls for a coalition with Bland, Wytheville, and Rural Retreat; neither endorsements nor plans for their inclusion are in the proposal. This application has no community involvement and seems to be exclusively LE tactical training.
