### Grant Project Description

The FNE program is requesting funding to expand a follow up program for sexual assault and domestic violence patients. Statistics show that these victims do not follow through with medical exams after their assaults. This program seeks to make this process easier and more accessible for these victims by having them return to the hospital where we have a nurse practitioner who is a trained forensic nurse provide these exams. This keeps the victim from having to repeat the history to another practitioner and also helps with prosecution when the forensic nurses can show healing or progression of injuries from the initial exam. We anticipate seeing 50 patients.

### Grant Project Description

VCU School of Social Work/Partnership for People with Disabilities requests funding to collaborate with the Virginia Association of Chiefs of Police to enhance the capacity of law enforcement to serve abused individuals with disabilities. A needs assessment survey of officers will determine their existing and desired knowledge on working with persons with disabilities and will inform the development of three different training programs for approximately 175 street officers, 150 law enforcement executives/leaders, and 50 supervisors. Training topics will likely include: understanding disability and abuse; the ADA and its relevance for police; communicating with people with disabilities; and strategies for identifying and providing accommodations. Evaluation of the training will occur.
