### Grant Project Description

To reduce disproportionality and disparity in the Charlottesville/Albemarle criminal justice system, the City of Charlottesville will partner with Offender Aid and Restoration/Jefferson Area Community Corrections to collect and analyze criminal justice data that will inform the development of a strategic plan with implementation strategies to address disproportionality.

### Project Performance to Date (if Continuation)

Despite the late start, the project team was able to collect relevant local data as it relates to Disproportionate Minority Contact (DMC) in the criminal justice system including data from...911, police, magistrate, jail, prosecution, courts, pretrial, local probation and state probation/parole. Most recently, the Albemarle-Charlottesville Regional Jail provided the consultant (JMI) with a decade (CY2007-2016) worth of booking data, including date, charge (type and level), race, gender and jurisdiction. This data set also allows for the calculation of length of stay and bed days expended by race. The data set has been successfully transferred to JMI for analysis. The grant planning team has met 14 times since receiving the grant award to develop the research process and oversight structure, including four meetings with JMI. This work has culminated in the guiding language of the Purpose Statement, and in the creation of the Steering Committee. Preliminary data analysis has been conducted by the Criminal Justice Planner, providing a framework for the more detailed analysis to be conducted by JMI.

### Staff Recommendation/Comments

Fund as requested. Note that this project requested a no cost extension due to procurement delays with selecting the research partner (JMI). This extension was approved through December 31, 2017.

## Grant Project Description

The City of Charlottesville in partnership with Charlottesville City Schools is requesting funding to continue the implementation of the Check and Connect Student Engagement Program. The program is designed to prevent truancy and early school withdrawal with the objectives of reducing delinquency and disproportionality in the local juvenile justice system for students in the 8th-10th grades. The program will address school behavior and attendance issues at Charlottesville High School and Buford Middle School. The Check and Connect Coach will work with 20 students and their families who are referred to the program by school attendance teams.

## Project Performance to Date (if Continuation)

The program experienced a delay in implementation due to a lengthy hiring process caused by an extensive background check. The Check and Connect Coach has offices at both Charlottesville High School and Buford Middle School, and serves on the attendance team of both schools. Due to the delayed implementation only 5 clients were enrolled in the program. Three participants improved their attendance. None of the program participants received out of school suspensions or expulsions and none of the program participants received referrals to the juvenile justice system.

### Grant Project Description

JAG funds will be used to continue to advance agency skill through training in Effective Practices in Correctional Settings – II (EPICS II). Local Probation and Pretrial Officers will improve long term outcomes when working with medium and high risk clients using the advanced skills through this specific training. EPICS is recognized as an evidence-based method to effectively change clients behaviors in a positive, proactive manner, and improve client supervision contacts and outcomes. In the second year of this grant, Chesterfield will be opening training to Henrico and Richmond.

### Project Performance to Date (if Continuation)

Chesterfield/Colonial Heights Community Corrections and Pretrial Services effectively implemented and advanced the project goals and objectives during the first year of this grant. They successfully delivered training to probation officers at the DOC sponsored EPICS-II training. They also trained trainers of EPICS-II during the first year of this grant.

Danville	City	Local Administration	
<b>Grant Application Category: &gt;&gt;&gt;&gt;&gt;&gt;</b>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	0	\$123,680	\$ 0

### Grant Project Description

The City of Danville is requesting funding to hire a Project Director for the communities Gang and Violent Crime Reduction Group. The community would utilize the OJJDP Comprehensive Gang Model and the Homicide Reduction through a Multidisciplinary and Multiagency Approach to reduce violent crimes, if funded.

### Project Performance to Date (if Continuation)

### Staff Recommendation/Comments

Recommend not to fund. The request did not meet the funding criteria. The application focused primarily on the use of the OJJDP Comprehensive Gang Model and on hiring a Program Director for the communities overall efforts. The emphasis on the Homicide Review Team model appeared to be secondary.

### Grant Project Description

This is a web-based and group facilitated substance abuse program for offenders housed at the Halifax Field Unit. This approach to treatment allows inmates to work and gain vocational skills during the day and also engage in substance use disorder treatment.

### Project Performance to Date (if Continuation)

During the past grant year, 47 offenders were enrolled, 21 offenders successfully completed the program, and 23 offenders currently remain in the program and working towards completion. Four out of 47 offenders tested positive for illegal drugs. The VA DOC has decided to increase the hours of one-on-one and group counseling from 15 hours to 29 hours a week.

### Grant Project Description

The Department of Juvenile Justice is requesting continuation funding to provide training for DJJ line and supervisory staff in the court service unit setting. Approximately 60 additional staff from Court Service Units in Virginia Beach and Richmond will be trained in Effective Practices in Community Supervision (EPICS). Funding for this project will allow the agency to provide booster training for DJJ staff previously trained and certified to deliver the EPICS Curriculum. The EPICS Train the Trainer Booster Course, will be provided for staff members who have been selected to be DJJ trainers so that the agency can sustain an effective EPICS training capacity. The curriculum has been updated and three DJJ staff who served as trainers have either left the Department or have been transferred to other units.

### Project Performance to Date (if Continuation)

The goal of providing EPICS training to 60 additional court service unit staff was met. Funding supported two EPICS sessions for 60 court service unit staff from Roanoke County, Roanoke, Staunton, and Manassas. There were no problems encountered during the grant year. The agency will build on the success of the project to date and begin to institute regional based learning activities designed to increase proficiency and measure model fidelity.

### Grant Project Description

Provides rapid screening and referral to substance abuse treatment for Loudoun County Community Corrections. Project funds provides for cognitive behavioral treatment services through a local state certified substance abuse treatment provider.

### Project Performance to Date (if Continuation)

Between March 2017 and July 2017, the Community Corrections agency utilized the Texas Christian University Drug Screen and identified and referred 33 offenders for counseling within a week of screening. During this time, four participants successfully completed local supervision, one completed phase one of treatment and five participants were re-arrested during treatment.

## Grant Project Description

Family Services of Roanoke Valley (FSRV) is requesting funding to continue the implementation of the Positive Action Program in the City of Roanoke. Positive Actions is an evidence-based prevention program that enhances academic achievement, family relationships, promotes violence prevention and substance use avoidance. The objectives of the program are to strengthen school, community, family and individual protective factors. Positive Action also increases parent and youth knowledge regarding the risks of substance abuse and early sexual behavior. The Positive Action program is led by FSRV staff with youth who reside in five Roanoke Redevelopment and Housing sites.

## Project Performance to Date (if Continuation)

Family Services of Roanoke Valley (FSRV) developed MOUs with 5 Roanoke Redevelopment and Housing Authority sites. Thirteen staff members of FSRV were trained on site by the national trainer for Positive Action. Seventy youth have received at least one Positive Action lesson, and 52 youth have remained enrolled for at least 4 weeks. By June 30th, 43 groups were conducted. Program participants have been involved in environmental cleanup activities in their neighborhoods and made toys for the animal shelter. Summer programming consists of team building exercises, learning safety concepts and “hands on” activities such as crafts.

New	0	\$125,000	\$ 0

### Grant Project Description

### Project Performance to Date (if Continuation)

### Staff Recommendation/Comments

Recommend not to fund. This project was not recommended for funding as it does not meet the Smart Policing (evidence based programming model) funding criteria. The project focused on a multifaceted approach, without a specific focus on a particular model or research partnership component.

### Subcommittee Recommendation/Comments

Concur/accept staff recommendation as presented	Concur w/staff recommendation as modified below	Disagree w/staff recommendation as stated below
