# Grant Application Summary

Grant Application Number	Grant Program	Assigned Grant Monitor	
18-A4275AD12	ANTI	Patrick Harris	
Applicant Location	Town, City, County, etc.	Implementing Agency	
Caroline	County	Sheriff's Office	
<b>Grant Application Category: &gt;&gt;&gt;&gt;&gt;&gt;</b>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	0	\$25,052	\$ 0

## Grant Project Description

The Caroline County Sheriff's Office is seeking to utilize grant funds to purchase 52 active shooter kits to better protect our officers during a terrorist attack, school shooting, abduction situation, etc. The kits include vests with level IV plates, a carrier, helmet and gear bag. The vests included in the kit will withstand multiple rounds of gunfire, unlike the patrol vests our officers currently use.

## Project Performance to Date (if Continuation)

New grant.

## Staff Recommendation/Comments

The grant application does meet the grant guidance. The grant would provide funding only to purchase 52 "active shooter kits" (ballistic helmets and high grade body armor) and provide training in their use to enhance the safety of deputies of the Caroline County Sheriff's Office. The grant application does not include a description of a plan that would "*allow law enforcement agencies, along with first responders and other stake holders to plan, train and respond to identified regional gaps by implementing evidence-based policing programs and services, regional partnerships, sharing of civil disturbance resources or training to address violent extremism, hate groups and domestic terrorism*".

### Grant Project Description

The Fairfax Court Service Unit is requesting continuation funding for a collaborative effort and partnership with George Mason University to address the need for a specialize assessment tool around interpersonal violence for JDRDC adult offenders. The CSU is requesting funds to partner with George Mason University to develop and implement the Interpersonal Violence Risk Assessment Instrument (PV-RI). The research team will focus on creating the tool using findings from the analysis completed in Year 1, training staff in using the tool and assisting the CSU with a data collection plan for future instrument validation.

### Project Performance to Date (if Continuation)

The grantee has completed data collection, field observations, data coding, analysis and interviews with Community Corrections and Juvenile Intake. Meetings with manager and staff groups were conducted to discuss project progress and findings regarding use of the OST/MOST risk assessment tool in Community Corrections and new diversion practices using the YASI in Juvenile Intake. Field observations of staff members in the Community Corrections and Juvenile Intake units have been completed. The research staff has recorded field notes based on their observations. An infographic was developed to share findings with managers and staff. Observational data from year one of this project has also been compared to data, gathered from Community Corrections in 2015 and Juvenile Intake in 2013.

### Grant Project Description

Funds received from this grant would assist the Community Criminal Justice Board in Loudoun County with planning and implementation of a Mental Health Docket. Implementation would consist of staff training, as well as treatment services through a local state certified mental health treatment provider. The Mental Health Docket Program is a post plea docket which provides support for defendants diagnosed with serious and persistent mental illness who are engaged in the criminal justice process.

### Grant Project Description

This project proposes two goals. The first goal is to research existing web-based appointment reminder systems to enable the agency to select a system that can utilize technology to remind clients of 8,000 plus annual appointments. The second goal is to develop and implement local agency procedures and protocols to routinely utilize the court and appointment reminder technology on an ongoing basis, with the goals of preserving the excellent court appearance rate of pretrial defendants irrespective of increasing caseloads and improving the rate of supervision appointments kept by defendants and probationers.

### Grant Project Description

Portsmouth Police Department is seeking to improve upon previous efforts to build better relationships between police and youth. To reach this next plateau, the police department is requesting funds to purchase a Use of Force Simulator. The computer generated simulations would be used to give youth a better understanding of what an officer experiences while on duty and the split second decisions they make on a daily basis. Youth will also be taught how to and how not to respond to law enforcement personnel they may encounter.

### Project Performance to Date (if Continuation)

New grant.

### Staff Recommendation/Comments

Recommend no funding. The projected program activities are outside of the intended scope of the solicitation. The project, as written, lacks a curriculum and/or evidence to support successful outcomes. Other concerns include the possibility of exposing participants to trauma as a result of the program activities.

Smyth	County	Sheriff's Office	
<b>Grant Application Category: &gt;&gt;&gt;&gt;&gt;&gt;</b>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	0	\$11,275	\$ 0

### Grant Project Description

The Smyth County Sheriff's Office is requesting funding to purchase 35 tactical trauma kits for all patrol cars for use by deputies in the event of a traumatic incident to provide life saving techniques for other deputies as well as the citizens of Smyth County. Paid EMS services are available only during the daytime. We are dependent on volunteers during the nighttime, which increase response times. Providing the trauma kits to all deputies will provide life saving techniques immediately, increasing deputy and citizen chances of survival.

### Project Performance to Date (if Continuation)

New grant.

### Staff Recommendation/Comments

Recommend no funding. The grant application does meet the grant guidance. The grant application would provide funding only to purchase tactical emergency kits and training in their use for all deputies of the Smyth County Sheriff's Office to *"ensure that no matter who is working during the shift, the deputy will have a kit readily available to them in the event of a trauma situation"*. The application stated that the kits would available to treat injured civilians and deputies. The proposal did include any *"evidenced based programs or practices intended to address the physical and psychological needs of law enforcement staff"*.

### Grant Project Description

Virginia Polytechnic Institute and State University is requesting funding to study the disproportionate rates of school disciplinary incidents and juvenile justice referrals for students with disabilities, which necessitate further study. The research project will identify specific disparities and inform plans for addressing these disparities in Virginia schools. The project proposes to answer several research questions: What are the disciplinary infractions cited among students with disabilities and those without? What are the sanctions imposed on students with disabilities who are cited for common disciplinary infractions? What are the disciplinary infractions that led to a referral to juvenile justice? What are the outcomes of the referral to intake officer for students with and without disabilities?, and What school or division level variables help to explain the disciplinary infractions and referrals to intake officer for students with disabilities?

## Grant Project Description

Winchester Police Department is seeking continuation funding to continue to facilitate a weekly youth "Thursday Night Teen Night." Requested funds will be utilized to rent space for the program and to pay off duty officers who attend the program and interact with the youth.

## Project Performance to Date (if Continuation)

The Winchester Police Department has seen the number of youth increase in the program during the course of the year. Both youth and officer reported having improved relationships and communications.

## Staff Recommendation/Comments

Fund as requested.

## Subcommittee Recommendation/Comments

Concur/accept staff recommendation as presented <input type="checkbox"/>	Concur w/staff recommendation as modified below <input type="checkbox"/>	Disagree w/staff recommendation as stated below <input type="checkbox"/>

<b>Grant Application Category: &gt;&gt;&gt;&gt;&gt;&gt;</b>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	0	\$25,000	\$24,000

### Grant Project Description

The purpose of the Wise County Officer Safety and Wellness Initiative is to promote and enhance a multi-faceted approach to officer safety and wellness utilizing a peer support system. In-service training for officers from each of the seven (7) law enforcement agencies in Wise County will be invited to participate in training conducted by Joel Murchie and Kevin Hines and include their "Our Heroes, It's Time to Talk" program. The training will also be used to vet new members for our Critical Incident Crisis Response Team and lay the groundwork to bring in new members. These team members will be used after each incident of violence to assist with diffusing the situation initially and then provide debriefing after the incident occurs.

### Project Performance to Date (if Continuation)

New grant.

### Staff Recommendation/Comments

Fund at reduced level (food for officers training is eliminated). .

### Subcommittee Recommendation/Comments
