New	0	\$92,225	\$42,008

## Grant Project Description

There is a need to bridge the gap in medication assisted-treatment services once individuals are released from incarceration. Grant funds are needed to provide these services inside and outside of jail. If approved, grant funds will provide an opportunity to form a multidisciplinary team to plan a program for the Newport News Sheriff's Office Jail which can assist in reducing recidivism and improving public safety. Program Goals of the Newport News MAT program are as follows: 1. Participate in planning activities such as meetings, trainings, and site visits to respond to the need for opioid crisis intervention and prevent an increase in overdose deaths. 2. Describe how the incorporation of NN-MAT will enhance existing jail based substance abuse treatment services and community-based programs such as jails. 3. Develop a multidisciplinary team to assist in the development of MAT policies and procedures, memorandums of understanding, and to identify roles and responsibilities of Newport News Sheriff's Office staff, medical providers, program staff, and treatment providers. 4. Identify organizational capacity to accommodate the use of MAT-conducting mental and physical health screens for medications to be utilized, storage, administration, compliance with federal and state laws and regulations, staff competence, and regular drug testing. 5. Describe plan to transition inmates into an outpatient substance abuse treatment program with MAT. 6. Develop sustainability plan.

## Project Performance to Date (if Continuation)

New project.

## Staff Recommendation/Comments

Recommend funding at reduced amount: \$31,506 federal, and \$10,502 match for a total of \$42,008.

### Grant Project Description

Provide a comprehensive substance abuse treatment program offering cognitive behavior therapy with group and individual counseling with a licensed substance abuse counselor, reentry services, trauma informed care, and medication assistance treatment for addicts. After program completion, inmates will be evaluated for participation in vocational or work release programs. Provide crisis intervention training for staff. Our program will decrease recidivism, enhance public safety, and close gaps in the availability of therapeutic services to populations in need. This is a building capacity grant.

### Project Performance to Date (if Continuation)

New project.

### Grant Project Description

Continuation grant to provide substance abuse treatment and medication assisted treatment (MAT) for 90 offenders through a comprehensive evidence-based treatment program based on a therapeutic community (tc) model. MAT participants will be administered oral Naltrexone, a supplement that increases dopamine, and a liquid multi vitamin. The medication regimen will be supplemented by weekly cognitive behavior therapy by a licensed psychiatrist. This process is meant to treat addiction from the disease model and utilize a holistic approach to improve an offender's physical and mental well-being to promote successful recovery upon re-entry into the community.

### Project Performance to Date (if Continuation)

Program has been successful in meeting all requirements and goals of program and grant requirements.
