New	52	\$140,225	\$65,225

Grant Project Description

The Arlington Co. PD is requesting for unfunded needs within the PD's wellness program. The funds will provide trauma and wellness training, programs and supplies that will enhance officer resiliency and mitigate the effects of acute and cumulative work-related primary and secondary trauma and stress through in-house and local programs. The trainings and certifications include: a Human Performance/Tactical Athlete Workshop; CrossFit certifications for Peer Fitness Facilitators; Functional Movement Screen Certifications; a Reality-based Instructor school; a Compassion Course. The programs and supplies include: yoga sessions, a nutritional education and support pilot program; and books as a reference to enhance and support officers through a career of stress and trauma.

Project Performance to Date (if Continuation)

This is a new grant.

Staff Recommendation/Comments

Recommend funding at reduced amount; limited pool of applicability (deduct CrossFit Certifications, Tactical Athlete).

Bedford	Town	Police Dept	
Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	65	\$116,197	\$85,000

Grant Project Description

The Town of Bedford Police Department has not had In-Car Camera Systems in the budget for over 5 years. All of the cameras that were in the vehicles before that are all not functioning now. The police department focused on a body camera program and did not have funding for the in car system. The department improvised and used body cameras as in car cameras. They are not activated by lights and have no audio outside the vehicle. We also have outdated gun racks in the vehicle making it difficult to access the weapons in an emergency. The mobile data terminals do not securely hold all of the computers in place. There is a need to have video in each patrol vehicle for officer safety and security, better weapon security in the patrol vehicle and a secure powered docking station.

Project Performance to Date (if Continuation)

This is a new grant.

Staff Recommendation/Comments

Fund as recommended due to funding constraints.

Boykins	Town	Police Dept	
Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	68.5	\$6,863	\$6,863

Grant Project Description

Boykins is a small town, rural jurisdiction with a very limited police department budget. With this grant, Boykins PD would purchase a MDT to be used/shared in two of the departments, three vehicles. The MDT would bring us online and compatible with the Sheriff's Office whom we rely on for dispatching and further requests for DMV, NCIC, VCIN and other vital checks that could now be done through MDT. This would free up valuable time instead of returning to station to perform these tasks, as well as freeing up the dispatchers and radio traffic. This would keep us on the street for more officer presence for the community. It would also provide a level of officer safety by having information immediately on the MDT in real time.

New	38.5	\$30,000	\$29,000

Grant Project Description

The mission of the Buena Vista Police Department is to increase community interaction and form long and lasting partnerships with our citizens that are sustainable over time. The most important factor is having our officers engage the community in a positive and meaningful fashion. We are expanding our volunteer team by adding three Auxiliary Officers and three Chaplains. We engage all our K-12 students daily. Our officers teach Citizen Police academy classes to all 8th Graders for the past 4 years. We are in year three of Adult CPA. Our vision for this grant funding is to equip and outfit the Auxiliary Officer and Chaplains, purchase P25 compatible radios for our public-school administration. We will create a community policing meeting room where citizen groups, neighborhood watch groups, faith-based organizations and civic groups such as the Boy and Girl scouts can meet.

Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
Continue	0	\$46,536	\$46,536

Grant Project Description

The Department of Forensic Science received funding in FY 17 to increase capacity in the Forensic Training Section by hiring a part-time instructor and by adding equipment necessary to teach a Basic Digital Crime Scene Photo course concurrently with the Forensic Science Academy. This increase capacity allowed the Section to add a third session of the FSA and one additional Basic Crime Scene Photo course, thereby training more officers yearly without having to reduce the number of short courses. This project was continued in the FY18 and FY19 grant cycles, during which DFS was able to add several additional short courses. It is the intent of the DFS Forensic Training Section to maintain this capacity by continuing to offer a third session of the FSA and additional short courses yearly. Therefore, continuation funding is requested to retain the part-time instructor and to purchase additional auxiliary equipment items. The purchase of these items is a proactive measure to avoid possibly delays in the instruction time in the event of equipment malfunction. Funds are also requested for travel costs for the part-time instructor to conduct short courses outside of the Richmond area, and for hotel reimbursement for law enforcement officers who assist in FSA instruction.

Project Performance to Date (if Continuation)

This locality has met reporting requirements and are on task with the progress of the grant to date.

Continue	0	\$48,000	\$48,000

Grant Project Description

The Department of Juvenile Justice is requesting continuation funding to provide training for DJJ line and supervisory staff in the court service unit setting. Approximately 60 additional staff from Court Service Units in Virginia Beach and Richmond will be trained in Effective Practices in Community Supervision (EPICS). Funding for this project will allow the agency to provide booster training for DJJ staff previously trained and certified to deliver the EPICS Curriculum. The EPICS Train the Trainer Booster Course will be provided for staff members who have been selected to be DJJ trainers so that the agency can sustain an effective EPICS training capacity. The curriculum has been updated and three DJJ staff who served as trainers have either left the Department or have been transferred to other units.

Project Performance to Date (if Continuation)

DJJ's goals and objectives for current funding, was to facilitate two training sessions to a hybrid group of 60 additional CSU staff hired since the initial training in their region (2015). In addition, EPICS coder training was provided to supervisors in each of DJJ's five regions Two days of EPICS Coder Training for the Eastern region was scheduled and held on June 19, 2019, and June 20, 2019. As a result of the training, 42 supervisors and internal coaches were trained. As a follow-up to the Coder training held in the Eastern region during the month of June, each participant was required to independently score an audio tape to establish inter scorer reliability. The submission of those tapes took place in July. Four additional days of training are planned to be completed in August.

Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	54	\$27,903	\$27,903

Grant Project Description

The Town of Haysi wishes to further develop its police department into a more focused Community Policing Department, through more public transparency to daily operations, and better community relations through proven and experimental community policing practices such as foot patrols, door to door contacts, and providing emergency care to citizens while waiting for Ambulances to arrive. The results will be measured by community surveys and progress towards goals and becoming a licensed EMS agency.

Project Performance to Date (if Continuation)

This is a new grant.

New	50.5	\$9,181	\$ 0

Grant Project Description

These funds would be used to secure our patrol rifles in our Police Vehicles. Currently officers have to carry the rifles out at the beginning of their shift and bring them back in at the end of their shift because there is no way to secure the rifles. Also, when the vehicle is left unattended during shift while on a call, the only thing securing the Patrol Rifle are the windows. The rifle locks we have chosen secure not only the barrel of the rifle, but is securing the lower receiver and magazine all at the same time. These locks would help us ensure that our firearms do not fall into the wrong hands.

Grant Project Description

Determine and Prepared (DAP) is a program that uses effective targeted initiatives aimed at reducing gang and drug activity. Police Mentoring and weekly meetings specifically from the hours of 3pm to 9pm, designed for youth focusing on community oriented interaction and reconnection in a violence free zone. Programs offered include conflict resolution, peer pressure and suppression activities. Utilizing multiple strategies within the community for positive engagement for youth and their families to include referrals for services as needed. Along with weekly restructuring/prevention meetings including assigned mentors, there will be monthly engagement activities including Arts and Creativity, Music and Basic Life Skills. Quarterly DAP events will engage the community with targeted specific events for inclusion of the youth and their families. These community events will be open to all community individuals to reconnect the village mentality while in reducing gang and drug involvement.

New Kent	County	Sheriff's Office	
Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	72	\$121,653	\$58,000

Grant Project Description

The Sheriff's Office is trying to better prepare its officers to respond to emergency situations that require additional protection that is currently outside the agencies current operating budget. This grant would allow the agency to provide helmets (Paraclete Operator Elite with 4D Pads) to all of our emergency responding personnel to allow for added head protection during many different types of emergency calls or calls involving Civil Unrest. We would also like to purchase 4 ballistic shields to provide a safer response to patrol units and allow a more rapid deployment of this type of equipment in the field and help to reduce response/entry times into high-risk calls and provide an additional layer of protection for those officers making entry. The purchase of a Rescue Phone Quad and Rescue Phone Sniper Video System will allow our Crisis Negotiations Unit to use this equipment to be able to communicate with an individual during a barricade type situation and would allow video to observe what is going on in the interior of a building and provide more intelligence to the Emergency Responses Team in their planning to maintain the safest environment possible for responders and those involved in the situation. This equipment would also be available to assist King William Sheriff's Office and the West Point Police Department as our Emergency Responses Team routinely assists with these types of calls in King William and West Point. The purchase and installation of the Flir Camera for the Special Operations Vehicle would allow Commanders using the Special Operations Vehicle to have video observation of an emergency scene.

Project Performance to Date (if Continuation)

This is a new grant.

Staff Recommendation/Comments

Fund as recommended; not day to day, budget constraints-helmets and shield seem pricey.

Continue	0	\$48,988	\$48,988

Grant Project Description

Family Services of Roanoke Valley (FSRV) is requesting funding to continue the implementation of the Positive Action Program in the City of Roanoke. The Positive Action program is led by FSRV staff with youth who reside in five Roanoke Redevelopment and Housing sites. Positive Action is an evidence-based prevention program that enhances academic achievement, family relationships, promotes violence prevention, and substance use avoidance. The objectives of the program are to strengthen school, community, family, and individual protective factors. Positive Action also increases parent and youth knowledge regarding the risks of substance abuse and early sexual behavior.

Project Performance to Date (if Continuation)

Positive Action provided research base prevention programming in three public housing neighborhoods in the city of Roanoke during the school year. 56 children, grades K-5 have attended an average of 8 weekly sessions at each site for an average of 45 minutes per session. Recruitment has been an on-going effort, and a challenge. Consistent attendance has been a problem at three of the housing sites, due to turnover in housing authority staff, which made the recruitment of youth and families difficult. As a result of Pre and Post surveys the program, goal setting, decision making and good choices, consequences, and avoiding harmful substance as topics for weekly groups. Service activities included making place mats for homeless shelters, environmental clean ups, "Make A Wish" activity, and Global Youth Service Day activities. Family centered events included an "End of School Banquet", and the participation of parents and children Blue 1 Mile race. Each Positive Action group planned a service project that supported the race.

Grant Project Description

Working in collaboration with the Operational Medical Director and the Spotsylvania Department of Fire, Rescue and Emergency Management, the Spotsylvania County Sheriff's Office is working to prevent brain injuries and deaths as a result of overdoses cause by opioids. In accordance with Code of Virginia 54.1-3408, the Sheriff's Office has implemented a law enforcement program for the use of naloxone to a person who is believed to be experience or about to experience a life-threatening opiate overdose. Since the inception of the program, the Sheriff's Office has provided naloxone to one hundred individuals and all deputies have been trained in administering the medication. Grant funding of \$5,000 is requested to purchase nasal naloxone for the Sheriff's Office, to continue this successful program.

Staunton	City	Sheriff's Office	
Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	57.5	\$26,742	\$22,917

Grant Project Description

The purpose of this project is to replace our antiquated metal detector and handheld scanners with new modern equipment to better protect Sheriff's Office staff, court staff and citizens entering our courthouse. Our current metal detection equipment is old and does not function properly or provide proper weapon and contraband detection. It also allows for ballistic panels to be installed behind courtroom benches to better protect Judges in case of an active shooter situation. It will also allow us to purchase a ballistic shield and breach kit to deal with a barricade situation in the courthouse. It will provide us the opportunity to purchase new and updated emergency equipment for Sheriff's Office vehicles to replace inoperable equipment. It will allow us to adhere to the Virginia Supreme Court opinion that cell phone lockers be installed in all courthouses as well as purchase new prisoner restraints for better prisoner security. AED's are also needed in order to provide a quick response to someone having a cardiac emergency.

Project Performance to Date (if Continuation)

This is a new grant.

Staff Recommendation/Comments

Fund as recommended; delete AED a non-law enforcement expense.

Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	57	\$75,000	\$75,000

Grant Project Description

Police Officers are faced with taking immediate action in the event of an active shooter. Recently, an active shooter killed 9 people in a span of less than 30 seconds before Police intervened. By having life-saving equipment at hand, the officer(s) still can respond quickly, but with better protection. A ballistic helmet is one piece of life-saving equipment, which along with a ballistic vest is the best protection to engage an active shooter. All officers should be equipped with this as it is also vital for civil unrest situations.

Grant Project Description

The Suffolk Sheriff's Office would like to present this grant proposal for funding for ballistic entry shields and ballistic helmets with integrated face shields to better ensure deputy safety in emergency situations, such as a response to an active shooter situation. This ballistic-grade equipment would allow Civil Enforcement and Court Security deputies' immediate access to the necessary, protective equipment needed to contain and eliminate threats. In order to maintain the safety of Suffolk citizens and sheriff's deputies, we are in need of this NIJ IIIA threat level ballistic equipment.

Grant Project Description

With virtually every crime that occurs, there is information on an electronic device that will provide corroborating or exculpatory evidence. More likely, the data will provide damning information that implicates the suspect and/or exposes others. Breaking passcodes and extracting this information is a new field of specialty and the Suffolk Police Department has the knowledge but needs the tools to forensically search these devices. All local jurisdictions will also benefit from these tools as Suffolk is prepared to share them as needed.

Grant Application Number	Grant Program	Assigned Grant Monitor	
20-A4941AD16	ANTI	Tracy Matthews	
Applicant Location	Town, City, County, etc.	Implementing Agency	
Wise	County	Sheriff's Office	
Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	48.5	\$150,000	\$109,365

Grant Project Description

Grant funds will be used to support our deputies assigned to the Southwest Virginia Regional Drug Task force. With the funds we can purchase equipment for agents to enhance their ability to combat the opioid and methamphetamine epidemic. Funding will make additional manpower available to actively investigate and arrest these offenders. We will also hold community outreach functions to educate our citizens on the dangers of these drugs and other resources available to help combat addiction.

Project Performance to Date (if Continuation)

This is a new grant.

Staff Recommendation/Comments

Fund as recommended. Delete the entire Supplies and Other line at \$40,635. There is no justification or itemization of how it will be used/spent, how many officers, how many hours, etc.

Woodrow Wilson Rehabilitation Center	Other	Other Non-Crim Just Ag	
Grant Application Category: >>>>>>			
Application Type	Ranking Score (if New)	Requested Funding	Recommended
New	62.5	\$18,973	\$ 0

Grant Project Description

The goal of this project is to acquire law enforcement equipment that will enhance the ability of the Woodrow Wilson PD to ensure the safety of the communities it serves. The Wilson Workforce and Rehabilitation Center (a division of the Virginia Department for Aging and Rehabilitative Services) and the larger Augusta County area. Additional equipment to be acquired with grant funding will enhance operational efficiencies through reducing response times, locating missing students faster, and improve response to active shooter incidents.

Project Performance to Date (if Continuation)

This is a new grant.

Staff Recommendation/Comments

Not recommended for funding due to low score; unallowable vehicle.
