Re: School Resource Officer and School Security Officers for Fiscal Year 24

Purpose of Funding

The purpose of the SRO/SSO Incentive Grant Program is to continue funding and establish new funding for School Resource Officer and School Security Officers positions in Virginia public schools. School Resource Officer positions provide law enforcement and security services to schools across the Commonwealth and School Security Officer positions maintain order and discipline, preventing crime, and investigate violations of school board policies. Funding originates from §9.1-110 of the *Code of Virginia*.

Number applications received + total amount requested

For State Fiscal Year 2024, DCJS staff request approval to award \$16,723,608 for SROs and \$4,090,874 for SSOs for a total of \$20,814,482 in state funds. This includes the funding of 154 continuation and 39 new grants, which funds a total of 298 SRO positions and 135 SSO positions in school divisions throughout the Commonwealth.

Number applications denied

This budget funds all the continuation grants and 39 out of 41 new applications. One of the applications was ineligible because the organization did not meet the criteria as a public school. The other application is requesting to supplant local funds which is unallowable.

Summary - request/recommendation to Committee

In summary, DCJS staff request approval to fund a total of 193 SRO and SSO grants for FY24 (July 1, 2023, through June 30, 2024) totaling \$20,814,482 in Special Funds with a local match totaling \$10,878,608.

Grant Project Description

We are applying to receive continued funding for our grant SRO position at Abingdon High School, which began with the 2022/2023 school year and will continue through 2023/2024. This secondary position allows Abingdon High School with an approximate population of 800-900 students, to have increased security and safety throughout the day. One of the many activities our current SRO performs, and our secondary SRO performs, includes patrolling the school grounds, interacting with students, presenting on relevant topics during classes, serving as an informal role model, providing before and after school traffic monitoring and control, and providing support and assistance to the school administration, as needed.

Project Performance to Date (if Continuation)

Accomplishments for FY22: SRO attended basic school for certification, started a VA rules curriculum, started a new educational program to combat the vaping epidemic, started See Something Say Something QR code questionnaire program, built rapport.

Grant Project Description

This grant provides us with one full time SRO who will be located at Monelison Middle School. The SRO shall enforce the laws of the Commonwealth of Virginia and provide consultations with students/staff/parents on matters pertaining to law enforcement. Students/staff will be educated based on the VA Rules curriculum. Education on proper resolution skills will be provided while developing positive relationships with students, parents and school officials. School administration will be worked with closely to ensure school safety by reviewing the school's crisis and emergency plans. We will also continue our emphasis regarding Digital Threat Assessments due to an increase in social media usage by middle school students.

Project Performance to Date (if Continuation)

Our SRO feels like this has been a great year for them, the schools and the students. The SRO has been able to maintain positive contact and instruction with students and faculty. Many positive relationships have been developed with students.

Grant Project Description

This grant will provide us with six School Resource Officer positions to place in six of our schools; one high school, one middle school and four elementary. The SRO's collaborate with school administrators and faculty to ensure schools are safe places for students to learn. SRO's often build relationships with students, serving as a valuable resource to students, teachers and administrators helping to solve problems. By infusing substance abuse and violence prevention messaging in schools, they play an important educational role. SRO's create the opportunity for school-aged children to have non-enforcement contact with law enforcement that may contribute to more positive opinions of law enforcement later in life.

Project Performance to Date (if Continuation)

This grant has allowed us to begin reaching our goal of staffing each of our schools with a School Resource Officer. We are able to reach out more frequently to the elementary age students to begin establishing relationships with them.

Grant Project Description

The Augusta County Sheriff's Office is pleased to submit its application for the FY24 SRO Incentive Grant Program. Our application will be a grant continuation request for the previously awarded SRO Grant 498923 23-219A.

Our program consists of twelve (12) new grant-funded positions for twelve (12) Augusta County Public Schools that do not have a full-time SRO.

The schools receiving grant funded School Resource Officers include nine (9) elementary schools, and (3) middle schools throughout our school system. The Augusta County Public School System consists of nineteen (19) schools of all types.

Project Performance to Date (if Continuation)

Under 498923, the previously awarded SRO Grant, 23-219A, the Augusta County Sheriff's Office has hired two (2) of the twelve (12) funded SRO positions. Our efforts to recruit and hire additional applicant for our SRO Program continues.

Grant Project Description

Bedford County Sheriff's Office wished to apply for continuation funding for 14 SROs in order to have a School Resource Officer at every school in the county. Several schools are in remote parts of the county making it difficult for law enforcement to respond quickly to a crisis. One is 17.4 miles from the Bedford Sheriff's office and 12.9 miles from the nearest SRO. All high schools and middle schools have an SRO and service calls are answered by a single deputy. With the news regarding school shootings and violence, the need for more safety measures in elementary schools is growing. An added presence of a law enforcement officer at a younger age can be impressionable and hopefully promote good choices in young students going forward.

Project Performance to Date (if Continuation)

To continue grant funding for 14 SRO officers for 13 elementary schools and the Alternated school in Bedford County with SROs trained to handle a crisis in an elementary school setting.

Botetourt County is applying for continuation of one SRO position at one public elementary school. There are a total of eleven schools in Botetourt County, two high schools, two middle schools, and seven elementary schools. Unlike many jurisdictions we have made it a priority to budget for and hire SRO's for our schools. Unfortunately, we have one elementary school that we were unable to cover. Through this grant program we have been able to receive funding and will soon have that last position filled and providing much needed services to students and staff.

Project Performance to Date (if Continuation)

We were awarded our position in September of 2023 and have been working diligently to fill our grant funded position. We have hired staff and in the very near future will move one of our more experience deputies into the SRO position.

The Buena Vista Police Department is applying for continued funding for an SRO position at Kling Elementary school for the FY24 school year. This position previously filled the high school and was moved starting FY23. This funding and subsequent position will allow the department to support some of the City's youngest citizens (Pre-K through second grades) by patrolling their school, presenting educational material, but most importantly, providing a positive outlook on law enforcement at these young ages. The SRO's primary responsibility will be the security of the school and those attending, but the BVPD wants to build an on going relationship with students at the start of their time in our school system lasting through adulthood.

Project Performance to Date (if Continuation)

SRO Snider served as a full-time SRO at Kling Elementary School during FY23. This was the first time Buena Vista schools held an SRO in an Elementary School, and has been very successful thus far with building relationships with youth from the onset

Grant Project Description

The Colonial Heights Police Department in partnership with the Colonial Heights Public Schools will continue a full time School Resource Officer that will be housed at the Colonial Heights High School Technical Center and serve other Colonial Heights school campuses as needed. Having a SRO assigned to this campus will continue to provide a high level of security, assist in crime prevention, assist other SROs and campuses, and provide a liaison between the school and law enforcement. This SRO may reduce reportable criminal offenses and will provide a visible deterrent as well as being a mentor and role model.

Project Performance to Date (if Continuation)

The SRO will complete at least one safety/security training each quarter to increase building safety. The SRO will continue to build relationships with students, parents, and staff and attend activities.

Grant Project Description

This project requires two School Resource Officers. One officer will be assigned to George Washington High School (Grades 9-12), with the second assigned to Westwood Middle School (Grades 5-8). Their duties will include all normal responsibilities of a police officer, as well as duties agreed upon by the Danville Police Department and the Danville School Board Office. The School Resource Officers will respond to calls for service on school property during school hours or during school-sanction will act as a resource with respect to delinquency prevention and explain law enforcement's role in society. They will attempt to identify at risk juveniles and provide intervention, counseling, or other assistance as needed.

Project Performance to Date (if Continuation)

The Danville Police Department filled one of the two positions funded by this grant on February 1, 2023. The officer began his assignment at George Washington High School on February 27, 2023. Recruitment efforts to fill the second are ongoing.

Grant Project Description

The grant continuation will provide DCSO the ability to continue the current and effective presence of school resource officers at Ridgeview Career Center, Ridgeview High School and Ridgeview Elementary School in rural Dickenson County. Located in the far southeastern tip of the Commonwealth and holding the title of Virginia's Baby, Dickenson County's limited budget and vast, mountainous terrain pose significant challenges to enforcement of criminal justice and safety measures. This places a strain on first responders when attempting to disseminate emergency services across all 334 sq. miles of the county. The presences of these three school resource officers ensures the continued safety of their campuses, staff and students.

Project Performance to Date (if Continuation)

The School Resource Officer Grant Program for DCSO will serve to continue the presence of school resource officers at Ridgeview Career Center, Ridgeview High and Elementary Schools in Dickenson County, drastically enhancing school safety.

One half-time School Resource Officer (one half-time equivalent) position will be permanently assigned at the Walker-Grant Middle School, with the added responsibility of responding to our two elementary schools as necessary, one of which is located next door to the middle school, and one that sits on the property adjacent to the Police Department. As we will look to hire seasoned, possibly retired law enforcement officers for part-time employment, this proposal includes a request for salaries only, with no fringe benefits required. Funding of our request will allow the current SRO to focus efforts on the high school where the greatest number of issues arise on-a-daily-basis.

Project Performance to Date (if Continuation)

No qualified candidates for part-time SRO positions were identified until 2023. All qualified candidates seek employment as full-time law enforcement. One candidate, who will retire as SRO in August in NOVA wishes to begin as part-time SRO with FPD.

Grant Project Description

Gloucester County applied for and was awarded grant funding in FY2023 through the DCJS School Resource Officer grant program. Prior to that time, the county did not have funding to have a full-time School Resource Officer in every school. The awarded grant allowed the Gloucester County's Sheriff's Office to seek to hire three additional officers to fill positions at Abingdon, Bethel and Botetourt Elementary Schools to ensure the safety, security, and welfare of all school students, faculty, staff, and visitors. One additional full time officer has been hired and it is anticipated that the remaining two positions will be filled by May 1, 2023. This grant will not supplant current local budgeted funding for SROs.

Project Performance to Date (if Continuation)

Gloucester was able to hire one SRO effective 2/1/2023. Additional applications were received after readvertisement and are in the interview stage. Anticipated employment date of 5/1/23 for two remaining positions of FY23 grant.

Grant Project Description

Goochland County Sheriff's Office (GCSO) is a second year applicant to the DCJS SRO Grant Program. GCSO will continue to use these grant funds to support the SRO program in Goochland County elementary schools. The ability to add SROs to two of our three elementary schools in Goochland County has afforded GCSO the ability to reignite the D.A.R.E. program in our elementary schools as well as being a part of the daily life of Goochland students in our schools. Our SROs are more effectively a part of the school communities they serve instead of being a part from them. SROs have become an integral component of the school communities they serve since they began their service in their schools this past year.

Project Performance to Date (if Continuation)

This grant program has been an important catalyst in ensuring the safety of the students in Goochland County Public Schools by providing the ability for our SROs to move into our elementary schools.

Grant Project Description

Greene County is a small rural county at the foothills of the Blue Ridge Mountains. Greene County Public Schools prioritizes student success within its six schools and strives to offer a safe, secure environment that encourages learning. Greene County funds School Resource Officers in three of the schools of the 157-square-mile county. In October 2022, Greene County was awarded this grant for three new School Resource Officers, allowing for one SRO in each school building in the county. The Greene County Board of Supervisors unanimously voted on February 28, 2023, to support the continuation of this grant proposal. The hiring of SROs is has high community approval and among those in leadership in the school division and sheriff's office.

Project Performance to Date (if Continuation)

We hired one of the three approved SROs and he started within the elementary school.

Grant Project Description

The purpose of this project is to encourage students to support safe schools and communities. The target group would consist of current elementary, middle, and high school students. One component of the project would consist of decision-making and conflict resolution strategies. Also, students would have an opportunity to work directly with current professionals in the field of their choice while gaining a vast knowledge of developing safe schools, success plans, and community initiatives that focus on improving the lives of citizens in the City of Emporia and Greenville County.

This would cover one SRO for the one school (Belfield Elementary School) that does not have an SRO.

Project Performance to Date (if Continuation)

This funding allows our SRO's the ability to build a rapport with the entire student body and staff. The SRO has the ability to provide a safe, orderly learning environment for students, faculty and staff. The community benefits from the addition.

PCSO is applying for continuation of FY23 grant to maintain the 2 SROs at Shenandoah Elem & Luray Elem Schools. Neither school had SRO on-site until this grant award. Currently (YTD) Shenandoah Elem enrollment 323; 87.6% receiving free/reduced meals; 10% students chronically absent. Luray Elem enrollment was 485; 78.6% receiving free & reduced meals; 9% students chronically absent. We have seen the barriers begin to drop between LE, students, parents, & school staff with these SROs in place promoting school safety. If we are awarded continuation of funding, we will see this move to an even more positive track. Without the continuation of this funding, our agency will not be able to provide the needed full-time SROs at SES & LES.

Project Performance to Date (if Continuation)

FY23 grant, supplied 2 SROs to schools that did not have any. This has fostered great relationships between LE, students, parents & school staff within these 2 new schools. SROs played important role in school safety meetings & crisis action plans.

Grant Project Description

Rappahannock County Sheriff's Office has a long history of providing security to Rappahannock County Public Schools. School safety has always been paramount to our agency. Being a small agency we must try to cover all bases with limited manpower. Current SRO's perform triple duties such as SRO, Animal Control and Patrol Deputy. With multiple responsibilities these officers carry, leaves our schools without a law enforcement presence. Depending on call volume, our schools can be without law enforcement presence for long periods of time. This is a major safety concern. Being a small and rural county, extra resources are limited. Our closest neighboring county is thirty minutes or greater from our schools.

Currently, the Roanoke County Police Department staffs an SRO in each of the High and Middle Schools to include the Technical Education School. Due to the size of one of the schools an SRO is shared between the High and Middle school. Therefore, we have 10 SROs to staff the schools. Currently, we have 3 SROs assigned to elementary schools. We would be utilizing the grant funds to fill 8 of the 16 vacant schools. These SROs would have a primary school in which they are responsible as well as a secondary school to monitor as time permits.

Grant Project Description

Rockbridge County is home to four elementary schools, a middle school, and a high school. These six schools are served by the Rockbridge County Sheriff's Office. Given the small size of our agency in comparison to the vast area we cover, we are requesting continuation funding for three elementary positions to ensure that all of our schools have the privilege of having a school resource officer. Given the recent increase in violence in our nation's schools, we cannot continue to rely on lengthy response times when seconds count. Our patrol unit is well prepared but they are assigned many duties, preventing them from covering the three schools without SROs.

Project Performance to Date (if Continuation)

There is a great need for SROs in our elementary schools. Our citizens and school staff continue to ask for deputies to be at their schools. This year we have been able to staff two of the three grant positions, but we still, have one that is vacant.

Grant Project Description

We are asking to continue our SRO grant at Natural Bridge Elementary School. NBE is at the far southeast end of the county in a very rural area. The typical law enforcement response time to this location is 20 minutes. The SRO's presence at this rural elementary school has increased the community's sense of safety and security and has greatly reduced the number of responses that other law enforcement officers were continually required to perform. The SRO continues to reduce the number of disciplinary referrals each year and has assisted with reducing truancy. The staff and students at Natural Bridge Elementary see improved tranquility since the SRO has been assigned to their school.

Project Performance to Date (if Continuation)

The SRO developed and implemented a mentoring program to encourage classroom participation and behavior consistent with a safe learning environment. The SRO's efforts have helped reduce disciplinary referrals by 75%.

Grant Project Description

This project is to continue a grant funded SRO at Halifax County High School which resides in the Town of South Boston. This SRO will provide law enforcement services to over 1500 students and 124 teachers at this location alone. Directed activities will include investigating crimes on school grounds, giving presentations to students and staff, acting as a student advocate and role model, and providing assistance in the development of safety plans. As time permits, this SRO will establish relationships and provide support to Halifax County Middle School as well as South Boston Elementary School. All three of these schools are located in the Town of South Boston.

Project Performance to Date (if Continuation)

The SRO position has been an outstanding success throughout this fiscal year. The current SRO has built lasting relationships with students, deterred crime on and off campus, and handled case prosecution related to student and employee crime.

The School Resource Officer onsite at Southampton Middle School is promoting and providing a safe and non-threatening environment that helps the productivity and ability to learn of all students. This will be the 6th year of having an SRO at SMS. The SRO provides immediate resolution of issues as they arise. He serves as a role model for the students. The SRO will provide training and education on law enforcement responses and of the laws of the Commonwealth. The SRO will work with school officials to identify troubled students and provide them with guidance and resources. 50% of our students live in high risk neighborhoods. It is imperative to have an SRO on campus to quickly deal with fights, disputes, and disruptive parents.

Project Performance to Date (if Continuation)

The assigned SRO interacts and builds relationships with students, teachers, other faculty and parents and is an important bridge between those individuals and our agency.

With the increase of school violence on the rise, it is a objective of Sussex County Sheriff Department to help decrease school violence by employing a school resource officer in our high, middle, and elementary school. Since Columbine in 1999 there have been more then 338,000 students in the US who have experience some type of gun violence at school. School shooting is not the only type of violence that occur within the walls of the school. There are different issues like bullying, gang activities, fights, and drugs that occurs during the school day and sometimes needs to be dealt with by law enforcement. As stated before it is an objective of Sussex Sheriff Officer to employ a SRO to help be proactive with the safety of the students.

Project Performance to Date (if Continuation)

Having a School Resource Officer in our elementary school has been a great success. Our SRO is the first line of security on our school grounds which has been a great detects. Our SRO also interact with the students as well as the faculty and staff.

We are seeking to obtain funds to maintain the SRO at Tazewell Middle School who is currently on a DCJS grant. This position, we are seeking to increase from a Part-time SRO to a Full-time SRO. Officer Perry, who currently holds the position chose to step down from full-time status and fulfill the current position for SRO that was only part-time when awarded from previous officer. In doing this, he chose to lose his benefits with the Town, as well as take a cut in pay to hold the position, in hopes that the grant would be upped to full-time during this upcoming grant award.

West Point Public School is a small, rural school division within King William County. Thanks to a 2022-2023 SRO grant, we are able to have an SRO in each of our two school buildings. Our WPES SRO has been an integral part of our school and division safety teams, as well as, a calming presence for our students, staff, and parents of West Point. She is a key component to the safety within our building, often reviewing and updating the process and procedures which we follow for daily routines and drills. Not only does her presence provide coverage for our elementary students, but it allows us to maintain a full-time SRO at our secondary building, which had been a split position in the past. We are excited for this partnership to grow.

The joint James City County / Williamsburg school system (James City County being fiscal agent) has 3 schools in the City. The two-grant funded SRO's were extremely successful in their first year implementing programs such as a Junior Police Safety Academy, working with the Student Health Initiative, joining the School Safety team, updating emergency response plans and mentoring students. Additionally, they joined the PTA, provided resources to the parents and made multiple home visits. One SRO assisted with truancy and other issues that occurred outside the school but also affected school safety and security. Many times, incidents were de-escalated, with fights diverted, participants re-directed and situations calmed down.

Project Performance to Date (if Continuation)

The 22/23 grant funded SRO's handled fights, threats, weapons, and drug incidents, in addition to becoming mentors to students and implementing safety and security programs in their respective schools. The program has been a huge success.
