Re: Sexual Assault Services Program, Special Funding Opportunity, State Fiscal Year 2024

Purpose of Funding

The purpose of the Sexual Assault Services Program (SASP) is to support the establishment, maintenance, and expansion of rape crisis centers and other nongovernmental or tribal programs and projects to assist individuals who have been victimized by sexual assault, without regard to the age of the individual (34 U.S.C. §12511(b)(2)(B)). SASP funding originates from the U.S. Department of Justice's Office on Violence Against Women.

Number applications received and total amount requested

This State Fiscal Year (SFY) 2024 funding is a one-time competitive funding opportunity for a 12-month grant. DCJS received 26 applications with requests totaling \$516,816.

The requests for funds from the applicants exceeded the funds available to award, which total \$276,028. Applications were scored separately by two DCJS staff members. Twelve applications are not recommended for funding due to the lack of available funding and how their applications scored.

Summary - request/recommendation to Committee

In summary, DCJS staff **request approval to fund 14 projects** for the 12-month period (7/1/2023–6/30/2024), **totaling \$276,028**, using federal SASP funds designated for this purpose.

Treating these types of abuse as totally separate issues does not capture the true dynamics of this type of abuse. The need to blend our programs in a cohesive way is needed. To help victims we must make them aware of services. Funds are being requested to replace existing agency literature with our updated mission. New literature will be developed that high lights our sexual assault services. Public awareness for these services will be a large part of this funding. Thus, materials will be purchased that allow us to draw awareness to our agency during community gatherings and special events.

Grant Project Description

This Special Funding Opportunity is being requested to support the travel costs associated with providing 24/7/365 on-site advocacy for victims of sexual assault and operational cost of two sexual violence direct service providers (SV Program Coordinator and the SA Counselor) who provide counseling, case management, and follow-up services to victims of sexual assault. These are costs necessary for service provision which is reported in other grant programs, but for which the maximum award did not fully support program cost. In those cases, the WRCNRV has prioritized personnel and is requesting this Special Funding to support the whole program costs.
