Re: American Rescue Plan Act (ARPA) Law Enforcement Equipment-Training Grant

Program

Purpose of Funding

Included in the State Budget for Fiscal Year 2023, was an allocation of \$75 million in American Rescue Plan Act (ARPA) funds for the Department "to make one-time grants to state and local law enforcement agencies located in the Commonwealth, including colleges and universities, and, local and regional jails, for the purpose of training and purchasing equipment and supplies to support law enforcement related activities excluding equipment from which one time equipment grants were appropriated from the General Assembly in item 406 chapter 552 of the 2021 Acts of the Assembly. This item refers to the state funding of \$6.5 million allocated to support Body Worn Cameras and related equipment needs.

The above budget language required that grant funds be included to provide for the support of law enforcement agencies on college and university campuses throughout the Commonwealth. As a result, the Department made funds available for colleges and universities through the ARPA Higher Education Equipment Grant Program.

Number applications received and total amount requested

The ARPA Law Enforcement Grant Program is a formula-based grant opportunity, many factors were taken in account, with the intention of having a fair and equitable disbursement of the funds. These factors included crime rates, population, financial stress, and police officer population, to determine the maximum amount of the award for each locality. The Department, with the support of a qualified contractor, created a funding matrix which distributed the funds according to the factors above, making 245 localities eligible for \$50,961,000 in funding.

Of the 245 eligible localities, 237 submitted applications prior to the original March 24th deadline. Seven (7) agencies are still in the process of finalizing their budgets and equipment categories and will do so by the secondary deadline of May 4th. The budget proposals will be reviewed and awarded in compliance with the established equipment categories in the guidelines.

Also included in this total is an award of \$2,414,000 to DCJS' Active Attack Training Program to purchase equipment and to facilitate training throughout the Commonwealth.

Lastly, this total includes an award of \$135,000 for law enforcement training to the Crater Criminal Justice Training Academy.

Number applications denied

This budget funds all the eligible localities included in the matrix, except for those agencies that elected not to apply and accept funding. At this time the only confirmed declination is the Town of Courtland.

Summary - request/recommendation to Committee

In summary, DCJS staff request approval to fund a total of 234 grants (which includes a combine application for Giles County and the towns therein) for the ARPA Law Enforcement Equipment Grant Program totaling \$53,500,000. These grants will have a retroactive grant period of July 1, 2022 - back to the beginning of the enabling budget language - through June 30, 2024.

Re: American Rescue Plan Act (ARPA) Higher Education Equipment Grant Program

Purpose of Funding

Included in the State Budget for Fiscal Year 2023, was an allocation of \$75 million in American Rescue Plan Act (ARPA) funds for the Department "to make one-time grants to state and local law enforcement agencies located in the Commonwealth, including colleges and universities, and, local and regional jails, for the purpose of training and purchasing equipment and supplies to support law enforcement related activities excluding equipment from which one time equipment grants were appropriated from the General Assembly in item 406 chapter 552 of the 2021 Acts of the Assembly. This item refers to the state funding of \$6.5 million allocated to support Body Worn Cameras and related equipment needs.

The above budget language required that grant funds be included to provide for the support of law enforcement agencies on college and university campuses throughout the Commonwealth. As a result, the Department made funds available for colleges and universities through the ARPA Higher Education Equipment Grant Program.

Number applications received and total amount requested

The ARPA Higher Education Grant Program is a formula-based grant opportunity, that provided a base allocation to each eligible agency, plus added an additional allocation for each sworn law enforcement officer. The Department, with the support of a qualified contractor, created a funding matrix which distributed the funds according to the factors above, making 41 colleges and universities eligible for \$2,733,000 in funding.

Of the 41 eligible colleges and universities, 36 submitted applications prior to the original March 24th deadline. Four (4) agencies are still in the process of finalizing their budgets and equipment categories and will do so by the secondary deadline of May 4th. The budget proposals will be

reviewed and awarded in compliance with the established equipment categories in the guidelines.

Number applications denied

This budget funds all the eligible colleges and universities included in the matrix, except for those agencies that elected not to apply and accept funding. At this time the only confirmed declination is the University of Virginia.

Summary - request/recommendation to Committee

In summary, DCJS staff request approval to fund a total of (40) grants for the ARPA Higher Education Grant Program totaling \$2,553,000. These grants will have a retroactive grant period of July 1, 2022 - back to the beginning of the enabling budget language - through June 30, 2024.

The above budget language required that grant funds be included to provide for the support of regional jails throughout the Commonwealth. As a result, the Department made funds available for colleges and universities through the ARPA Regional Jail Equipment Grant Program.

Number applications received and total amount requested

The ARPA Regional Jail Equipment Grant Program a formula-based grant opportunity, that provided a base allocation to each eligible agency, plus added an additional allocation for each certified jail officer assigned to the correctional facility. The Department, with the support of a qualified contractor, created a funding matrix which distributed the funds according to the factors above, making 23 regional jails, detention centers, or security centers eligible for \$3,984,500 in funding.

Of the 23 eligible facilities, 22 submitted applications prior to the original deadline. Staff continues to work with one additional agency to submit their completed applications.

Number applications denied

This budget funds all the eligible agencies included in the matrix.

Summary - request/recommendation to Committee

In summary, DCJS staff request approval to fund a total of 23 grant awards for the ARPA Regional Jail Equipment Grant Program totaling \$3,984,500. These grants will have a retroactive grant period of July 1, 2022 - back to the beginning of the enabling budget language - through June 30, 2024.
