Re: School Resource Officer and School Security Officers Incentive Grant Program

---

The purpose of the School Resource Officer and School Security Officers Incentive Grant Program is to continue funding and establish new funding for school resource officer (SRO) and school security officer (SSO) positions in Virginia public schools. School resource officer positions provide law enforcement and security services to schools across the Commonwealth and school security officer positions maintain order and discipline, preventing crime, and investigate violations of school board policies. Funding originates from §9.1-110 of the *Code of Virginia*.

For State Fiscal Year 2025, DCJS staff request approval to award \$18,475,567 for SROs and \$3,978,513 for SSOs for a total of \$22,454,080 in state funds. This includes the funding of 188 continuation and nineteen (19) new grants, which funds a total of 330 SRO positions and 119 SSO positions in school divisions throughout the Commonwealth.

The requests for funds from the applicants exceeded the funds available for this grant program. Thus, based on priority, new SSO applications will not be awarded at this time. This is a total of fourteen (14) applications that will not be funded.

In summary, DCJS staff request approval to **fund a total of 207 SRO and SSO grants for FY25 (July 1, 2024, through June 30, 2025) totaling \$22,454,080 in Special Funds.**

**SRO -- Grants Committee Recommendations (Summary Report)**

**SRO - School Resource Officers**

25-Apr-24

Grant Application Number	Grant Program	Applicant Location	Implementing Agency	Requested Funding	Recommended Funding	Internal Status	Applicant Brief Project Overview	Type of Application
527886	School Resource Officers	Abingdon	Town	\$ 103,872.75	\$ 103,874.00	Meets criteria with conditions	We are applying to receive continued funding for one grant-funded School Resource Officer at Abingdon High School. The grant-funded SRO began during the 2022/2023 school year and continues present day. This secondary position allows Abingdon High School, with an approximate population of 860 students, to have increased security and safety throughout the day. Our grant-funded SRO works closely with our non-grant funded SRO to frequently patrol school grounds, create positive interactions with students, present on relevant topics during classes, serve as an informal role model, provide dedicated traffic control monitoring before and after school, and provide support and assistance to the school administration, as needed.	Continuation of Grant
526573	School Resource Officers	Amelia	County Government	\$ 70,092.00	\$ 74,642.00	Meets criteria with conditions	The Amelia County Public School system has three schools: Amelia County High School, Amelia County Middle School, and Amelia County Elementary School. The Amelia County Sheriff's Office currently funds SRO positions for ACHS and ACMS. The Amelia County Elementary School currently has one school resource officer position funded by the DCJS SRO grant. We are seeking funding to continue this position to maintain a secure academic location and to create a safer learning environment for our students. This grant request is for one position in the Amelia County Elementary School.	Continuation of Grant
526275	School Resource Officers	Amherst County	County Government	\$ 79,155.12	\$ 505,586.00	Meets criteria with conditions	The SRO shall enforce the laws of the Commonwealth of Virginia and provide consultations with students/staff/parents on matters pertaining to law enforcement. The SRO will use Virginia Rules curriculum to educate students and staff on the dangers of vaping, opioid usage and conflict resolution regarding bullying. The SRO will continue to promote positive relationships with the students, parents and staff. We will continue with assisting school administration with threat assessments. The SRO will work hand in hand with Social Services regarding CPS investigations.	Continuation of Grant
527622	School Resource Officers	Amherst County	County Government	\$ 505,586.00	\$ 79,155.00	Meets criteria with conditions	SRO's build relationships with students, serving as a valuable resource to students, teachers and administrators. By infusing substance abuse and violence prevention messaging in schools, they play an important educational role. SRO's create the opportunity for school-aged children to have non-confrontational, non-enforcement contacts with law enforcement that may contribute to more positive opinions of law enforcement later in life. We currently have 10 schools in our locality. We have 1 high school, 2 middle, 6 elementary and 1 alternative. In this request we are asking positions for grant funded staff in our high school, 1 middle school and 4 elementary schools.	Continuation of Grant
527774	School Resource Officers	Appomattox County	County Government	\$ 80,044.25	\$ 57,454.00	Meets criteria with conditions	Currently we have 4 schools with 4 SRO positions in each school. The school range from Primary through High School. A continuation of this project would allow us to put a 5 SRO in the schools, which they would be placed at the High School level.	Continuation of Grant
526407	School Resource Officers	Augusta	County Government	\$ 889,019.95	\$ 889,020.00	Meets criteria with conditions	The Augusta County SRO Program grant request will be utilized by our jurisdiction to place a Law Enforcement Certified School Resource Officer in every Augusta County Public School. Augusta County Public Schools have Eighteen (18) Schools, consisting of five (5) High Schools, Four (4) Middle Schools, and Nine (9) Elementary Schools. Our agency currently employs eleven (11) SROs, four (4) of which are grant-funded, with another grant-funded position expected to be added in August 2024.  All five (5) High schools, all four (4) Middle Schools, and two (2) out of nine (9) of our Elementary Schools have full-time SROs assigned. We have seven (7) unfilled grant-funded positions to fill, to extend our SRO coverage to all Augusta County Schools.	Continuation of Grant
526441	School Resource Officers	Bedford County	County Government	\$ 1,023,690.00	\$ 1,020,733.00	Meets criteria with conditions	Bedford County Sheriff's Office wishes to apply for continuation funding for 14 SROs in order to have a School Resource Officer at every school in the county. While all high and middle schools already have an SRO, we wish to enhance safety in our 13 elementary schools and our one alternate school. Due to the remoteness of many of these schools (one 17.4 miles from the Sheriff's office), a response to a crisis could take longer than desired. With the news regarding school shootings and violence, the need for more safety measures in elementary schools is growing. An added law enforcement presence at a younger age can be impressionable and hopefully promote good choices in young students going forward.	Continuation of Grant

There are a total of eleven schools in Botetourt County, two high schools, two middle schools and seven elementary schools. SRO Buzzard will be entering his third year as a full-time SRO. Incorporating all of the SRO's staffed within the Buena Vista School system to be managed by the BVPD will serve to provide a fluid and consistent message to the youth and staff in all Buena Vista schools. The BVPD hopes to initiate conversations with our youth which will continue throughout their experiences from kindergarten to senior year graduation.	Continuation of Grant
526960	School Resource Officers	Caroline	County Government	\$ 144,193.96	\$ 93,770.00	Meets criteria with conditions	The Caroline County Sheriff's Office continues to keep the students and staff safe at Bowling Green Elementary with the approval of this grant by having an SRO in the school. The SRO can continue to monitor the halls, exterior perimeter of the building and parking lot to ensure the safety of everyone at the school.
