I. Introduction

The Virginia Department of Criminal Justice Services (DCJS) is accepting applications for the Calendar Year (CY) 2026 Virginia Services, Training, Officers, Prosecution (VSTOP) grant program.

A. Grant Period

This is a **continuation** grant opportunity from CY 2025. The grant period is for 12 months, CY 2026, January 1, 2026 through December 31, 2026. Grant period extensions will not be considered.

B. Funding Source

This grant program is supported by federal STOP (Services, Training, Officers, Prosecutors) Violence Against Women Formula Grant Program funds, through the U.S. Department of Justice, Office on Violence Against Women. The VSTOP awards for this grant period are the Commonwealth of Virginia's 2024 and 2025 federal STOP awards, assistance listing number 16.588.

Due to uncertainty regarding future VSTOP funding, programs are encouraged to develop long-term strategies and infrastructure to ensure sustainability after this grant period.

C. Authority, Funding Purpose, and Priority Areas

In 1994, the United States Congress passed the Violence Against Women Act (VAWA) as part of the Violent Crime Control and Law Enforcement Act. One part of VAWA is the STOP Violence Against Women program, administered by the U.S. Department of Justice Office on Violence Against Women (OVW). The STOP program promotes a coordinated, multidisciplinary approach to improving the criminal justice system's response to violent crimes against women; encourages the development and strengthening of effective law enforcement and prosecution strategies to address violent crimes against women; and the development and strengthening of victim services in cases involving violent crimes against women.

The VSTOP grant program administered by DCJS offers funds to enhance the capacity of local communities to develop and strengthen effective law enforcement and prosecution strategies to combat violent crimes against women and to develop and strengthen victim services in cases involving violent crimes against women.

Grant funds must be used to address one or more of the following purpose areas, pursuant to OVW requirements and 34 U.S.C. § 10441(b). All program goals and objectives must be consistent with these purpose areas.

- 1. Training law enforcement officers, judges, other court personnel, and prosecutors to more effectively identify and respond to violent crimes against women (including the crimes of domestic violence, dating violence, sexual assault, and stalking, including the appropriate use of nonimmigrant status under subparagraphs (T) and (U) of section 101 (a)(15) of the Immigration and Nationality Act (8 U.S.C. § 1101(a)(15)).

- 4. Developing, installing, or expanding data collection and communication systems, including computerized systems, linking police, prosecutors, and courts or for the purpose of identifying, classifying, and tracking arrests, protection orders, violations of protection orders, prosecutions, and convictions for violent crimes against women, including the crimes of domestic violence, dating violence, sexual assault, and stalking.

D. Amount Available

It is anticipated that the VSTOP allocation for CY 2026 funding will be \$3,772,954 for the 12-month award period to support continuation applicants. VAWA requires that each category receive a certain percentage of the state allocation per year:

- "Courts" category will receive 5% of the total STOP allocation. VAWA Reauthorization 2013 directs that Court category funds go "to" Courts, instead of "for" Courts.
- "Discretionary" category can receive up to 15% of the total STOP allocation.
- "Law Enforcement" category will receive at least 25% of the total STOP allocation.
- "Prosecution" category will receive at least 25% of the total STOP allocation.
- "Victim Services" category will receive at least 30% of the total STOP allocation. At least 10% of the Victim Services category shall fund linguistically and culturally specific services and activities based in culturally specific, community-based organizations.

For a list of predetermined, anticipated award amounts for CY 2026, see **Attachment A**. Applicants must ensure that the budget they enter into the DCJS On-line Grant Management System (OGMS) as part of this grant application equals, or is less than, their predetermined award amount.

Due to uncertainty regarding future STOP funding, programs are encouraged to develop long-term strategies and infrastructure to ensure sustainability after this grant period.

Award amounts are contingent upon the availability of funding, program performance, and compliance with grant requirements.

E. Match

Nonprofit/non-governmental applicants that are **funded under the Victim Services category** are exempt from the match requirement.

For grantees categorized as Courts, Discretionary, Law Enforcement, and Prosecution, VSTOP funds may not be used to pay more than 75% of the costs of proposed projects. The remaining 25% must be provided by the applicant as cash or in-kind match. All funds designated as match are restricted to the same uses as the VSTOP funds and must be expended during the same project period. Match cannot be derived from other federal funds.

To calculate the required match, use the following formula: (Total federal funds requested / .75) – Total federal funds requested

For example, if you are requesting \$100,000 in federal funds, the calculation to determine the required match would be:

(\$100,000 / .75) - \$100,000 = \$33,333

In-Kind Match:

In-kind match may include donations of expendable equipment (cell phones, computers), office supplies, workshop or classroom materials, workspace, or the monetary value of time contributed by professional and technical personnel and other skilled and unskilled labor (including volunteers), if the services they provide are an integral and necessary part of a funded project. The value of volunteer services shall be consistent with the rate of compensation (which may include fringe benefits) paid for similar work in the program. If the similar work is not performed in the program, the rate of compensation shall be consistent with the rate found in the labor market in which the program competes. Records must be maintained documenting all volunteer services used as in-kind match. For additional guidance on the value of volunteer time, go to www.independentsector.org/volunteer time. Programs may not use federally funded time as volunteer in-kind match hours, as match cannot be derived from federal sources. This is applicable both for internal staff members and individuals external to the program. The value placed on loaned or donated equipment may not exceed its fair market value. The value placed on donated services must be consistent with the rate of compensation paid for similar work in the organization or the labor market.

It is allowable within the law enforcement category for donated police vehicles to be used as match. The above criteria are applicable.

II. Applicant Eligibility Requirements

Only organizations that currently receive a CY 2025 VSTOP grant in the **Courts**, **Discretionary**, **Prosecution**, **Law Enforcement**, and **Victim Services categories** are eligible to apply. Current CY 2025 awards must be in good standing, with all VSTOP-required progress reports and financial reports submitted. New applicants are not eligible to apply under this funding opportunity.

To be eligible for funding under this grant program, organizations:

Failure to Abide by Terms and Conditions

DCJS may suspend (in whole or in part) or terminate funding, issue a Corrective Action Plan, or impose other sanctions on a subgrantee, for any of the following:

- Failure to adhere to the standard terms and conditions or special conditions.
- Failure to implement the project within 90 days of the start of the award period.
- Implementing substantial program changes to the extent that the project is no longer aligned with the purpose of the funding.
- Failure to submit reports (programmatic and/or financial) in a timely manner.
- Filing a false certification in this application or other report or document.
- Other significant grant compliance or implementation concerns as identified by DCJS.
- Not conducting VSTOP-funded activities throughout the entire award period.

Sexual Assault Set Aside Designation

Under the 2013 VAWA Reauthorization, a new requirement was implemented for STOP Grant Program recipients. The requirement indicated that 20 percent of funds granted to a state must be allocated for programs or projects in two or more categories (victim services, courts, law enforcement, and prosecution) that meaningfully address sexual assault, to include stranger rape, acquaintance rape, alcohol, or drug-facilitated rape, and rape within the context of an intimate partner relationship. These programs are indicated in OGMS with "SAS" in their title.

OVW advises that to ensure that projects funded under the sexual assault set aside are meaningfully addressing sexual assault, state administering agencies, such as DCJS, should evaluate whether the interventions offered are tailored to meet the specific needs of sexual assault victims. This includes ensuring that the projects funded under the set aside have a legitimate focus on sexual assault and that personnel funded under the projects have sufficient expertise and experience on sexual assault. OVW further recommends that states work closely with sexual assault coalitions and service providers in each state to help ensure that programs "meaningfully" address sexual assault. As a reminder, children under 11 years

old cannot be served utilizing VSTOP funds. Any sexual assault services provided to children under 11 cannot be counted as part of the sexual assault set aside.

Defining "Meaningful"

Within the VSTOP grant program, DCJS measures how programs meaningfully address sexual assault by the amount of time that is dedicated to providing training and services that are focused on sexual assault. A program must utilize at least 50% of their time to this effort or be recognized as intentionally supporting sexual assault related services to be considered as meaningfully addressing sexual assault and be included as a part of the set aside. VSTOP funds may be used for services tailored to victims of sexual violence to include support groups, community awareness, advocacy, counseling, and helplines, among other services. In addition, VSTOP funds may also support activities such as training for law enforcement, prosecutors, and courts personnel to address sexual violence and multidisciplinary collaboration activities such as Sexual Assault Response Teams (SARTs).

Evaluation

Beginning with the CY 2026 VSTOP funding opportunity, projects will be evaluated during the grant review process via a supplemental narrative question to determine if they do, in fact, meet the sexual assault set aside. The project will need to provide details on how their project intentionally supports sexual assault related services. Details could be relevant to service provisions for victims of sexual assault, trainings, staff qualifications, and work with multidisciplinary teams among other allowable activities under STOP. In addition, staff will review the amount of time allocated to the project via the budget components to determine if the project meets this designation based on time charged to the grant. A project's utilization of time is not the only criteria that allows them to meet the sexual assault set aside designation. Moreover, these projects will be required to provide narrative responses via the biannual reporting process on their ongoing STOP funded activities that meaningfully address sexual violence.

IV. Grant Application Technical Assistance

DCJS staff are available to provide technical assistance regarding the funding announcement and the application procedures. For guidance on preparing and submitting a grant application, please contact the staff members listed on the last page of this solicitation.

V. Grant Application Deadline

Submit applications through the DCJS Online Grants Management System (OGMS) **no later than 12:00 p.m. on Monday, October 20, 2025**. Early submissions are encouraged. The OGMS link is https://ogms.dcjs.virginia.gov/index.do. The funding opportunity number is 559180.

VI. Restrictions and Limitations

A. Non-Supplantation

This funding opportunity is supported with federal funds. Federal funds must be used to supplement existing state and local funds for program activities and must not supplant (replace) state or local funds that have been appropriated for the same purpose. Additionally, requests for "new" staff positions must be justified, must not supplant state or local funds, and must result in significant additional service delivery.

B. Non-allowable and Out-of-Scope Activities

In accordance with federal grant prohibitions, grant funds may not be used for any out-of-scope or unallowable activities. Should DCJS become aware that grant funds support such activities, grant termination and other remedies may be pursued.

Activities funded with this grant cannot compromise victim safety and recovery, deter healing for victims, and/or undermine offender accountability.

The full list of out-of-scope activities is available on pages 12-13 of the OVW Fiscal Year 2025 STOP Formula Grant Program Funding Opportunity at:

https://www.justice.gov/ovw/media/1400476/dl?inline

C. Stayed Out-of-Scope Activities

Pursuant to a Federal District Court order, as of August 8, 2025, a stay was placed on eight of the listed out-of-scope activities. Additional information is available at:

https://www.justice.gov/ovw/open-notices-of-funding-opportunity

If an applicant is proposing any activities related to those listed, please contact DCJS staff at tierra.williams@dcjs.virginia.gov prior to submitting an application.

D. Allowable Costs

Grant funds may be used only for expenses that directly relate to carrying out the activities described in the 24 purpose areas listed in these guidelines.

Grant funds may support personnel costs directly associated with staffing the grant-funded projects, specialized training for staff members involved in the project, and/or the costs of equipment and supplies necessary for the project. All staff and/or positions must be directly linked to the project in a clear manner.

Grant funds may support legal assistance programs to provide representation for victims in their attempts to obtain civil protective orders, separation, divorce, and child custody.

Grant funds may support children's services only if the applicant can demonstrate an inextricable link between children's services and providing services for an adult victim. For example, VSTOP funds may support the expansion of emergency shelter services to include programs for children of the adults residing in the shelter.

E. Non-allowable Expenses

STOP/VAWA funds cannot be used to cover any costs not directly related to service delivery for victims of crimes. Additionally, organizations cannot use STOP/VAWA funds for any of the following:

- Direct payments to victims or any dependents
- Activities that directly benefit the offender/perpetrator
- Construction costs
- Food for staff and/or Board meetings and trainings
- Immigration fees
- Late fees
- Mortgage payments
- Stipends to volunteers or crisis line advocates
- Victim property loss
- Renovations
- Construction
- Physical modifications to buildings
- Land acquisition
- Purchase of real estate
- Lobbying
- Fundraising
- Cannot serve more than 15% male victims (unless project is focused on purpose areas #17 or #19)
- Attendance at a law enforcement academy or academic courses to obtain basic training or certifications, or for standard in-service (all grant-supported law enforcement training must directly align with one or more VSTOP purpose areas)
- Training not directly tied to the VSTOP purpose areas and goals and objectives of the proposed grant project

Applicants are strongly encouraged to request only the minimum number of staff necessary to implement programs. To promote the retention of qualified project staff, applicants are encouraged to request competitive salaries. It is recommended that all salaries provide a living wage; a living wage calculator is available at: https://livingwage.mit.edu/states/51/locations.

The requested compensation level should be further documented by comparison of the scope and complexity of work performed to other similar positions receiving similar pay.

Please review the application instructions for additional information on allowable and unallowable expenses for VSTOP applicants under this funding opportunity.

Ineligible Projects:

• In accordance with the VAWA Reauthorization of 2013, "youth" has been redefined to include any person under the age of 11 years old. Grant funds may not be used to support services that focus exclusively on youth.

 Grant funds may not be used to support programs for perpetrators of crime in any capacity.

VII. Availability of Continuation Funding

Award amounts are contingent upon the availability of funding, program performance, and compliance with grant requirements.

VIII. Application Review Process

This is a non-competitive grant application process.

Current DCJS grant recipients will not be considered for funding if, as of the application due date, any of the required claims, financial reports (detail of expenditure reports in OGMS), or progress reports (status reports in OGMS) for the current grant are more than 30 days overdue. DCJS may waive this provision for good cause, which may be submitted via a contract amendment reporting extension in OGMS. - 5. The application includes three goals, with two to three objectives each, and all objectives are specific, measurable, attainable, related to the items in the budget, and time based. The goals and objectives must align with the selected purpose areas and budget requests.

DCJS staff will electronically send applications back to applicants for needed corrections, which must be completed before funds can be awarded in OGMS.

The Criminal Justice Services Board is expected to make award determinations at its meeting on December 4, 2025. Award determinations are final and may not be appealed.

DCJS will issue grant awards based on approval from the Criminal Justice Services Board. Fiscal and/or programmatic revisions may be required as a condition of funding. Such revisions must be submitted in OGMS prior to project initiation unless otherwise indicated by DCJS.

Intended Outcome: We will increase our reach to sexual assault survivors, who will have access to crisis services and on-going supportive services.

Data Collection: Services will be tracked in our agency case management database. Outreach activities will be documented in an Excel-based spreadsheet.

Timeframe: All objectives are designed to be completed by December 31, 2026, over a 12-month period.

Goal #2: To support domestic violence victims with basic needs provisions.

Objective 1: By December 31, 2026, the VSTOP-funded staff will provide sheltering services to 50 victims of domestic violence.

Objective 2: By December 31, 2026, VSTOP funded advocates will provide court accompaniment to 35 victims seeking protective orders.

Objective 3: By December 31, 2026, VSTOP funded advocates will provide 250 hours of crisis intervention services to victims of domestic violence through the agency crisis line.

Intended Outcome: Victims of domestic violence will receive access to services responding to their needs as related to crime victimization.

Data Collection: Services will be tracked in our agency case management database. Crisis line services are also documented in an Excel-based spreadsheet.

Timeframe: All objectives are designed to be completed by December 31, 2026, over a 12-month period.

D. Budget Summary Form (in OGMS)

Current CY 2025 VSTOP grantees are eligible to apply for funding amounts not to exceed one-half of their current CY 2024-2025 VSTOP award amount.

Funding reported on the grid should represent the whole grant period.

| Budget Summary Form Instructions (in OGMS) | | |
|---|---|--|
| Report the amount of funds requested by category. | Personnel Fringe Benefits Consultants Travel Subsistence and Other Travel Equipment Supplies and Other Expenses Indirect Costs | |

| Match | Include match funds in the appropriate column, if required. |

| Place requests for funding under the "Federal" column. | Funding for this grant program comes from federal funds. Place requests for funding under the "Federal" column. |
| Ensure that each itemized budget form aligns with the total amount requested on the budget grid. | Each budget line must correspond to the itemized budget forms. Round all amounts to the nearest dollar. |
| Funds from Other Sources | Enter all funds from other sources that support the organization applying for funding. If the proposed project will generate program income, enter the anticipated amount of program income that will be earned and explain how these funds will be used to support the grant project. |

E. Itemized Budget Form

In OGMS, complete an itemized budget form for each section for which funding is requested. Total amounts on each itemized budget form must match amounts listed on the applicant's budget grid.

Requirements for itemized budget forms:

- All items requested in each budget form must be allowable, reasonable, and justified.
- At the bottom of each itemized budget form, the applicant must identify the funding source for the budgetary items. Allocate all expenses under federal or match funds, as appropriate.
- For all items, the applicant must indicate in the description whether the item is used exclusively for the proposed project.
- Items that are not used exclusively for the VSTOP-funded project must be prorated, and the applicant must include an explanation of how the items were prorated.
 - 1. Prorating means the request for funding is proportional to the use of each item for this grant program.
 - 2. If an item is used exclusively for this proposed project, prorating is not needed.
 - 3. If the item is used to support other projects in the agency, prorating is needed.
 - 4. How to prorate:
 - a. Proration Based on Budget: If your request for funding is 15% of your total operating budget, you can prorate items that are not used exclusively for this proposed project by 15%.

- b. Proration Based on Grant Funded Staff: If your staff is funded 50% by this grant, you can prorate this person's computer, office supplies, office furniture, or other assigned items by 50%.
- c. Proration Based on Salary: If your VSTOP funded staff serve 10% of the total victims served by your agency, you can prorate items that are not used exclusively for this proposed VSTOP project by 10%.
- 1. **Personnel and Employee Fringe Benefits Itemized Budget Form** (if personnel are not funded by this project, use \$0.00 on the budget grid.)

This section applies to all employees and volunteers supported by any funds associated with this project. Staff time supported by grant funds may only be spent on approved grant activities.

| Personnel and Employee Fringe E | Benefits Itemized Budget Form Instructions |
|---|--|
| Indicate if personnel costs are included in the budget – "Yes" or "No." | If "Yes," complete remainder of the form. |
| Personnel Form | • Enter the employee's name, position title, whether the position is full time or part time, the total hours per week worked, the total hours per year, the total annual salary (regardless of funding source), and the amount requested under the grant. Indicate if this is a new position. If the position is vacant, enter "Vacant" in lieu of an employee name. |
| | All requested amounts must be reasonable given the complexity of work and consistent with the applicant's staff compensation plan. For funding requested for a position that provides services outside of these grant activities, prorate the request to only include time spent on this grant project. |
| Employee Fringe Benefits | Select the employee's name. Enter the fringe benefit costs (FICA, retirement, group life, health insurance, workers' compensation, unemployment, disability, and other). If fringe benefits for individual employees cannot be entered, create an employee named "Fringe Benefit" and enter the |

|---|---|
| Description (maximum of 500 characters) | Select the employee's name. Under "Description of Position," include: Grant-related duties performed (do not list job duties that are not under this grant), Whether and how the position was prorated, and The basis of computation for salary and fringe benefits. |
| Justification (maximum of 500 characters) | Select the employee's name. Under "Justification for Position," include: How the position meets the purpose of VSTOP funding, Assurance that the rate of compensation is approved by the Board of Directors or aligned with the locality compensation plan for similar positions in the geographic area that perform similar work, and Assurance that the rate of compensation meets a living wage requirement. |
| Application Attachments | Attach a job description for each position for which funding is being requested in the Attachments section of the OGMS application. |

Example:

Description

Applicant requests funding for a full-time victim advocate position. This victim advocate position will provide direct services to victims of domestic violence and sexual assault. They will provide crisis intervention, court accompaniment, referrals to services, assistance with applying for victim compensation, travel assistance for obtaining services and participating in criminal justice proceedings, and they will participate in outreach activities. 100% of the position is allowable VSTOP work and so this request is not prorated. The hourly rate for this position is \$24/hour. They will work 2,080 hours (full-time) under this grant project. $$24 \times 2080 \text{ hours} = $49,920$. Fringe benefits are requested at 100%.

Justification

The salary for this victim advocate position is similar to other positions in our agency; the victim advocate pay rage is \$21.50-\$24.80 per hour. According to Unitedforalice.org, a living wage for the City of Richmond is \$18.65/hr. for one adult. Our proposed salary exceeds this living wage requirement. The victim advocacy services provided by this position will assist the organization with the following goals: supporting victims' emotional and physical needs; helping to stabilize their lives after victimization; and helping victims understand and participate in the criminal justice system, which are allowable activities with VSTOP funding.

2. **Consultants Form** (if consultants are not funded by this project, use \$0.00 on the budget grid.)

Services provided by a third party, regardless of whether there is a contract in place, should go under the Consultants form (e.g., training facilitators, consulting firms, employment agencies, interpreters, translation services, property management, daycare providers). Supporting documentation (time sheets, invoices, evidence of completed deliverables) for consultants must be maintained onsite and made available upon request.

Do not include membership fees in consultants. Membership fees must be placed in the Supplies and Other Expenses form.

| Consultants Form Instructions | |
|---|---|
| Indicate if consultants are included in the budget – "Yes" or "No." | If "Yes," complete remainder of the form. |
| Consultant Rates | The rate of compensation for individual consultants must be reasonable and consistent with that paid for similar services in the marketplace; however, the rate may not exceed \$650.00 per day (\$81.25 per hour, exclusive of travel and/or subsistence) and may not exceed the consultant's usual and customary fee. |
| Consultant Subsistence (lodging and meals) and Travel | Consultant subsistence and travel are generally not allowable unless it is necessary, reasonable, and justified. Reimbursable costs must adhere to the recipient's established travel policy. |
| Description (maximum of 500 characters) | Select the name of the consultant. |

| | Under "Description of Consultant's Role," include: A description of the consultant's role, Each service contracted for, The total budgeted amount for each service, and A basis of computation for the requested amount. |
|---|---|
| Justification (maximum of 500 characters) | Under "Justification for Use of Consultant," include: An explanation as to why a consultant is needed to perform the service, and How use of the consultant meets the purpose of VSTOP funding. Applicants are encouraged to attach supporting documentation to justify the request. |

Example:

Description

Applicant requests funding for 104 hours of counseling services contracted with Acme Counseling. 104 hours of counseling services over the 12-month grant period will allow the organization to send 2 victims per week to one hour of counseling located in our offices with Acme Counselors. (52 weeks x 2 victims per week x 1 hour per session= 104 hours). All counseling sessions will be for victims served under this VSTOP project, so this request is not prorated. The Acme Counseling rate is \$80/per hour. 104 hours x \$80/hour = \$8,320.

Justification

Our in-house counselor cannot keep up with the need for counseling services. By contracting with Acme Counseling, we can shorten the wait list and get more victims into this needed service. \$80/hour is within the federal contracting limits, and it is the actual hourly rate Acme charges its clients.

3. Travel Form (if travel is not funded by this project, use \$0.00 on the budget grid.)

Grant funds may be used for mileage costs to assist grant staff or volunteers with meeting grant goals. Applicants must use the federal mileage reimbursement rate if they do not have a local travel policy. The federal mileage reimbursement rate can be found at this link: https://www.gsa.gov/travel/plan-a-trip/transportation-airfare-rates-pov-rates-etc/privately-owned-vehicle-pov-mileage-reimbursement?topnav=travel.

The OGMS Travel form is for mileage only. Mileage is separated in OGMS because many programs have differing mileage rates for local and non-local mileage.

- Local mileage is travel within the immediate service area (satellite offices, court, meetings, etc.).
- *Non-local mileage* is travel outside of the immediate service area (trainings, conferences, meetings, etc.).

| Travel Form Instructions | |
|--|--|
| Indicate if travel (mileage) costs are included in the budget – "Yes" or "No." | If "Yes," under "Local Mileage" or "Non-local Mileage," enter the number of miles and the mileage rate. Continue the form. |
| Description (maximum of 500 characters) | Select the milage being requested. Under "Description of Mileage," include: A description of the requested milage for each item, A basis of computation for the requested amount, and Whether the request is based on the federal/state travel policy or the applicant's policy. |
| Justification (maximum of 500 characters) | Under "Justification for Mileage," include: A description of how the expense meets the purpose of VSTOP funding and If the applicant's travel policy differs from the federal/state travel policy, provide the applicant's policy as it relates to the request. |

Example:

Description

Agency estimates that over the 12-month grant period, victim advocates will travel 100 miles round trip to attend four Multi-disciplinary Team meetings with other service providers in our service area. This is based on travel in previous years. 100 miles \times 70 cents per mile (.70) \times 4 meetings = \$280.

Justification

These meetings are essential for victims' services because we collaborate on cases to determine the best way to meet the needs of our clients during the meetings. The agency policy mileage reimbursement follows the federal standard mileage rate, which is currently 70 cents per mile.

4. **Subsistence and Other Travel Costs Form** (if not funded by this project, use \$0.00 on the budget grid.)

Grant funds may be used for subsistence and other travel costs to assist grant staff or volunteers with meeting grant goals. Applicants must use federal travel rates if they do not have a local travel policy. Federal travel rates can be found at this link: https://www.gsa.gov/travel?topnav=travel.

| Subsistence and Other Travel Cos | sts Form Instructions |
|--|---|
| Indicate if subsistence and other travel costs are included in the budget – "Yes" or "No." | If "Yes," complete the remainder of the form. |
| Other Travel Costs | Under "Other Travel Costs," enter: The event title, The number of people attending, The number of trips with airfare, The airfare rate, and Other travel costs. |
| Description (maximum of 500 characters) | Select the event item being requested. Under "Description of Costs," include: A description of the costs, A basis of computation for each cost, and Whether the request is based on the federal/state travel policy or the applicant's policy. |
| Justification (maximum of 500 characters) | Under "Justification for Costs," include: A description of how the expense meets the purpose of VSTOP funding and If the applicant's travel policy differs from the federal/state travel policy, provide the applicant's policy as it relates to the request. |

Example:

Description

Justification

Attendance at this conference will give the direct service advocate who attends the tools and knowledge to work with victims of domestic violence, sexual assault, and stalking and appropriately fulfill the goals and objectives of this grant. It is our agency policy to provide subsistence in accordance with the U.S. General Services Administration (GSA).

5. **Equipment Form** (if equipment is not funded by this project, use \$0.00 on the budget grid.)

Grant funds may be used to purchase equipment needed to carry out grant funded activities. Grant funded equipment must be tracked, managed, and disposed of in a manner consistent with the subrecipient's policies and the DOJ Grants Financial Guide (www.ojp.gov/funding/financialguidedoj/overview).

Upon award, applicants must adhere to the DOJ Grants Financial Guide property standards for grant funded equipment and maintain property records and an inventory of equipment and major supplies purchased with grant funds onsite and available upon request.

Equipment is considered tangible personal property, including information technology systems, having a useful life of more than one year and a per-unit acquisition cost of \$5,000 or greater (or the organization's capitalization policy, if it is less than \$5,000). If the organization does not have a capitalization policy in place, the amount of \$5,000 must be followed.

| Equipment Form Instructions | | | |
|--|--|--|--|
| Indicate if equipment is included in the budget – "Yes" or "No." | If "Yes," complete the remainder of the form. | | |
| Description (maximum of 500 characters) | Select the equipment item being requested. | | |
| | Under "Description of Equipment," include: The basis of computation for the requested amount, Whether and how the item is prorated, An explanation of how the amount being requested is reasonable, and An explanation for how the cost of an item was determined (e.g., a quote from a vendor). | | |
| | Attach applicable documentation of estimated costs. | | |

| Justification (maximum of 500 characters) | Under "Justification for Equipment," include how the item is needed to carry out grant funded activities. |
|---|--|
| | If equipment is requested to replace outdated or "old" equipment, briefly describe why replacement is necessary and when the "old" equipment was acquired. |

Example:

Description

Applicant is seeking funding to purchase a CrimeCam Examiner Digital Camera with FLS from Arrowhead Forensics for the FNE. The item will be used for photographing fluorescence of biologicals on victims of sexual assault. The requested item is \$5,000 based on the listed category price (see attached ad) and will be used by the FNE 100% of the time to conduct examinations under this grant project; therefore, the entire cost of the item is being requested.

Justification

The item will be used for photographing fluorescence of biologicals on victims of sexual assault. With updated equipment as the current equipment is over ten years old, the program staff will be able to obtain high quality images to assist in evidence collection.

6. **Supplies and Other Expenses Form** (if not funded by this project, use \$0.00 on the budget grid.)

Supplies are all other items of tangible personal property that are not equipment. This includes computing devices that cost less than \$5,000 per unit (or the organization's capitalization threshold, if that is less than \$5,000). Supplies and other expenses include, but are not limited to, the following:

- Office supplies
- Postage
- Training or conference registration
- Telephone services
- Cell phone services
- Equipment maintenance
- Internet provider contracts

- Membership fees
- Printing projects
- Copy machines, under \$5,000*
- Printers, under \$5,000*
- Computers for grant funded staff*
- Cell phones for grant funded staff*

All costs must be itemized within this category by major types (e.g., office supplies, equipment use fees [which must be supported by usage logs], printing, postage, telecommunications, etc.). If the item includes more than one component, identify subcomponents under "Description."

Membership fees should be requested under this category. Grant funds may support a maximum of three memberships per year. Memberships must be in the name of the organization, not an individual.

VSTOP grant funds may not be used for credentialing of any kind.

Computers purchased with DCJS grant funds must be equipped with updated anti-virus protection software. Applicants are encouraged to limit computer purchase requests to \$1,500 per workstation.

*All major supplies purchased with grant funds must be tracked on an inventory list

| Supplies and Other Expenses For | m Instructions | | |
|---|--|--|--|
| Indicate if supplies and other expenses are included in the budget – "Yes" or "No." | If "Yes," complete the remainder of the form. | | |
| Description (maximum of 500 characters) | Select the supply or item being requested. Under "Description," include: An explanation of what the item is, A basis of computation that explains how the total cost of the item was determined, and Whether and how the item is prorated. For membership fees, include the above listed requirements and the following: A description of the organization or association, and The membership rate. | | |
| Justification (maximum of 500 characters) | Under "Justification," include: Why the item is needed to carry out grant funded activities, Whether the item is replacing an older item, The age of the older item, An explanation as to why it must be replaced, and An explanation of how the amount being requested is reasonable. | | |

| • | For membership fees, include the benefits the |

Example:

Description

Justification

The laptop computer will give Jane the ability to manage their cases. Jane does not currently have a laptop. They only have a desktop computer. The laptop is needed so that Jane can take it to court and have access to needed information. Similar items cost \$700-1200. This is in the mid/lower end of that range.

- 7. **Indirect Costs Form** (if indirect costs are not funded by this project, use \$0.00 on the budget grid.)
 - Indirect costs are allowable under this grant program but not required.
 - Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary to organization operation and project performance.
 - Indirect costs are those that benefit more than one activity and are common or joint purpose costs. For example, costs of an office manager or receptionist position that answers general phone calls and greets clients are considered indirect costs.
 - Requested indirect costs may only be used for allowable purposes. For example, the
 applicant cannot use indirect costs to support lobbying activities as lobbying is an
 unallowable cost under this grant program.
 - Allowable indirect costs are based on direct expenditures in the grant budget.
 - The salaries of administrative and clerical staff should generally be treated as indirect
 costs. Administrative and clerical staff salaries may be appropriate to include as direct
 costs only if all the following conditions are met:
 - a. Administrative or clerical services are integral to the grant project or activity.
 - b. Individuals involved can be specifically identified with the grant project or activity.
 - c. Such costs are explicitly included in the budget or have the prior written approval of the awarding agency.
 - d. The costs are not also recovered as indirect costs on the proposed project or other grant programs.

| Requesting Indirect Costs | | | |
|--|--|--|--|
| Indicate if indirect costs are included in the budget – "Yes" or "No." | If "Yes," complete the remainder of this form. | | |
| Determine Indirect Cost Rate | Determine the indirect cost rate that will be used for this grant program. Applicants have two rate options: | | |
| | Negotiated Indirect Cost Rate Agreement (NICRA). Applicants using a NICRA must attach a copy of their current, signed, final, or provisional agreement to this OGMS form. Applicants may apply with a provisional rate; however, if their final rate is lower, they will need to pay back the difference in any funds paid out with the higher rate. | | |
| | De Minimis Rate Applicants without a current NICRA may elect to use the de minimis rate of 15% or less. Complete the OGMS de minimis rate certification. This certification must be signed by the Project Administrator. | | |
| | If the applicant will use the de minimis rate, answer "Yes." If the applicant will use a NICRA, answer "No." | | |
| Direct Expenditures | Enter the amount of funds in the Application Budget per each category. Do not include anticipated indirect costs in this grid. Do not include matching funds in this grid. Save the form before continuing. | | |
| Expenditure Totals | Enter the indirect cost rate. | | |
| DCJS Funds | Enter the total allowable amount of indirect costs (or less if needed to fit into the budget) under federal funds. | | |

Subrecipients who request reimbursement for indirect costs will include their reimbursement requests on quarterly claims. The amounts requested must be based on the actual Modified Total Direct Cost (MTDC) amount incurred each quarter, not including match. This amount will likely vary from quarter to quarter. The amount of indirect costs requested for reimbursement each quarter cannot be the total for the year divided by four.

For assistance determining the appropriate amount of indirect costs that may be claimed, subrecipients can use the MTDC Worksheet each quarter (www.dcjs.virginia.gov/sites/dcjs.virginia.gov/files/MTDC%20Worksheet.xlsx).

XII. Fund Requests and Grant Reporting Requirements

Failure to comply with grant reporting requirements in a timely manner may result in DCJS withholding disbursement of grant funds and/or termination of the award. DCJS will provide grant reporting requirements at the time of grant award. Listed below are the anticipated requirements.

Disbursement of Funds

- Disbursement of funds will occur on a cost-reimbursement basis for actual funds expended through a "claim" process.
- Actual expenditures must be reported quarterly and invoiced pursuant to approved lineitem budget categories in the approved grant application.
- Subgrantees will only be reimbursed for costs that have been incurred within the grant period, and which are reported on the detail of expenditures (financial report).
- Grant funds, including matching funds, may only be expended and/or obligated during the grant period.
- A final claim for all obligations must be submitted within 45 days after the end of the grant period unless the 4th quarter claim is marked final by the subgrantee.
- Claims and financial reports must be submitted through OGMS.

Financial Reports (referred to as "Claims and Detail of Expenditures" in OGMS)

Grant recipients must submit quarterly financial reports in OGMS. Included with financial reports, subrecipients must submit a Claim Certification Form in OGMS. The Claim Certification Form includes a place to report program income. Program income is defined as any income earned as a result of grant funded activities. Subrecipients must use program income to offset total allowable costs of the grant project, thus reducing the federal award and non-federal entity contributions. See the DOJ Grants Financial Guide (www.ojp.gov/funding/financialguidedoj/overview) for more information on program income.

All grant recipients are required to complete financial reports by the 15th of the month after the close of each quarter. If that date falls on a weekend or state-recognized holiday, the reports are due on the next business day.

Projected Financial Report Due Dates for Calendar Year 2026 Grants

| 3 rd Quarter, July – Sept. | October 15, 2026 |
| 4 th Quarter, Oct. – Dec. | January 15, 2027 |

Progress Reports (referred to as "Status Reports" in OGMS)

Grant recipients must submit **one biannual status report, with narrative**, in OGMS, and **one cumulative annual report** in the federal *VAWA MEI IMPACT Tool for Subgrantee Reporting*. If the status report due date falls on a weekend or state recognized holiday, the reports are due on the next business day.
