

The 2022 Virginia Division Safety Survey DATA BY QUESTION

This document is designed to provide the state averages for all questions found on the 2022 Division Safety Survey.

Background

The Virginia Division Safety Survey is intended to provide divisions and Virginia Department of Criminal Justice Services (DCJS) with information on how best practices for school safety are being implemented across Virginia. The results of this survey provide valuable information on training and resources needed across the state. The survey is updated each year in anticipation of emerging best practices and to gather data to inform policymakers. The web-based Virginia Division Safety Survey was developed and administered by the DCJS Virginia Center for School and Campus Safety (VCSCS).

In May 2022, all Virginia school division Emergency Managers received directions for the 2022 School and Division Safety Surveys. Submission of the online survey is one component of the Virginia School Safety Audit requirement (Code of Virginia § 22.1-279.8). The divisions received information about the surveys, including survey instructions, a preview list of survey questions, and a link to the school survey. Divisions were informed that they would receive the link and access code to the Division Safety Survey once all schools in their division had completed the School Safety Survey and were instructed to inform each of their school principals about the School Safety Survey requirements.

Once all schools in a division completed the School Safety Survey, a School Response Summary was provided to the division along with the link and access code to the Division Safety Survey. Superintendents, or their designees, completed the web-based survey during the months of June through September of 2022, providing information that reflected conditions in their divisions during the 2021–2022 school year.

All 132 school divisions in the Commonwealth of Virginia completed the 2022 Division Safety Survey.

Interpreting the Findings

Gray bars indicate survey branching based on respondent answers. If the response did not trigger the follow-up question(s), the question(s) was/were not presented to the respondent.

Many questions requested the reporting of numbers on various topics. These results are reported as such:

Total = Sum of all responses

Schools = Number of schools that reported numbers >1

Mean = Average number reported for schools that reported numbers >1

Range = Spread of numbers reported >1

If you have any questions, please contact the Virginia Department of Criminal Justice Services (DCJS) Virginia Center for School and Campus Safety (VCSCS):

N=132

School Resource Officers (SROs) 122, 92%
Certified School Security Officers (SSOs) 46, 35%
Contracted private security personnel (not SSOs) 4, 3%
None of the above 5, 4%

If you HAD School Resource Officers (SROs) in your division

§ 22.1-280.2:3. School boards; local law-enforcement agencies; memorandums of understanding.

The school board in each school division in which the local law-enforcement agency employs school resource officers, as defined in § 9.1-101, shall enter into a memorandum of understanding with such local law-enforcement agency that sets forth the powers and duties of such school resource officers. The provisions of such memorandum of understanding shall be based on the model memorandum of understanding developed by the Virginia Center for School and Campus Safety pursuant to subdivision A 12 of § 9.1-184, which may be modified by the parties in accordance with their particular needs. Each such school board and local law-enforcement agency shall review and amend or affirm such memorandum at least once every two years or at any time upon the request of either party. Each school board shall ensure the current division memorandum of understanding is conspicuously published on the division website and provide notice and opportunity for public input during each memorandum of understanding review period.

7a. When updating the MOU with law enforcement, from which entities or resources do you gather input?	select all that apply N=122 Code of Virginia/DCJS Model MOU 103, 84% Other law enforcement personnel 92, 75% School administration 92, 75% School resource officers 83, 68% Other division personnel 72, 59% School board 62, 51% Other community partners 35, 29% Parents 24, 20% Students 15, 12% Other (describe) 10, 8% (School Board Attorney, General Public, and other divisions' MOUs)
7b. How can DCJS help strengthen your school-law enforcement partnership or assist with your MOU process?	Provide exemplars, Provide more training for SROs and administrators, Provide more funding, Provide updates, Publish best practices from across the Commonwealth
7c. Do school division personnel provide consultation and/or input into SRO assignments to individual schools?	N=122
7d. Were school administrators provided with information on the roles and responsibilities of SROs?	N=122 • Yes 118, 97% • No 4, 3% If Yes, by what method? (Select all that apply) • Meeting discussion 94, 77% • MOU 83, 68% • In-person training 43, 35% • Handout or policy 36, 30% • Email 28, 23% • Other (describe) 6, 5% (At division monthly safety meetings, DCJS, and additional training)
7e. How were school resource officers (SROs) funded in your division?	select one N=122 Solely by a law enforcement agency (LEA) 42, 34% From a combination of funding sources (school division, LEA funds, and/or DCJS grant funds) 42, 34% Solely by the locality (county, city, or town) 18, 15% Solely by the school division 10, 8% Through grant funds from DCJS (SRO/SSO Incentive Grant Program) 10, 8%
8. Did your division apply for SRO/SSO grant funds last year?	N=122 O Yes 40, 33% O No 82, 67%

If your division did **NOT** apply for SRO/SSO grant funds 8a. Why did your division not apply for select all that apply SRO/SSO funds last year? N=82 All positions currently funded through local funding (may include local law enforcement agency) and therefore were not eligible 55, 67% Grant applied for by local law enforcement agency 14, 17% Temporary nature of grant funding (cannot sustain when grant ends) 9, 11% Not aware of grant opportunity 7, 9% Timing of application deadline 5, 6% Applied and denied funding in the past 3, 4% Local law enforcement agency did not agree to staff an SRO 3, 4% Could not meet the grant requirements 1, 1% Not interested in funding SRO positions 1, 1% Not interested in funding SSO positions 1, 1% If you HAD School Security Officers (SSOs) in your division

9. Please provide the name, title, and contact information for the person responsible for supervising your division's SSOs. Only needed if this person is different from your Emergency Manager or Director of Safety/Security

§ 22.1-280.2:1 describes the purposes for which a local school board may employ a certified school security officer (SSO) and the requirements if they are to carry a firearm.

Local school boards and private or religious schools may employ school security officers, as defined in § 9.1-101, for the purposes set forth therein. Such school security officer may carry a firearm in the performance of his duties if (i) within 10 years immediately prior to being hired by the local school board or private or religious school he (a) was an active lawenforcement officer as defined in § 9.1-101 in the Commonwealth or (b) was employed by a law-enforcement agency of the United States or any state or political subdivision thereof and his duties were substantially similar to those of a law-enforcement officer as defined in § 9.1-101; (ii) he retired or resigned from his position as a law-enforcement officer in good standing; (iii) he meets the training and qualifications described in subsection C of § 18.2-308.016; (iv) he has provided proof of completion of a training course that includes training in active shooter emergency response, emergency evacuation procedure, and threat assessment to the Department of Criminal Justice Services pursuant to subdivision 42 of § 9.1-102, provided that if he received such training from a local law-enforcement agency he received the training in the locality in which he is employed; (v) the local school board or private or religious school solicits input from the chief law-enforcement officer of the locality regarding the qualifications of the school security officer and receives verification from such chief law-enforcement officer that the school security officer is not prohibited by state or federal law from possessing, purchasing, or transporting a firearm; and (vi) the local school board or private or religious school grants him the authority to carry a firearm in the performance of his duties.

9a. Are the SSOs in your division required to wear a uniform?	N=46 o Yes 33, 72% o No 13, 28%
9b. What is your division's current policy on allowing SSOs to be armed?	select one N=46 ○ SSOs are not allowed to be armed in division schools, and we are not considering changing this policy in the near future 32, 70% ○ SSOs are allowed to be armed in division schools 9, 20% ○ We do not currently allow SSOs to be armed, but are considering allowing it 5, 11%

IV. THREAT REPORTING AND ASSESSMENTS

Since 2013, and in accordance with \S 9.1-184 and \S 22.1-79.4, threat assessment teams are legislatively mandated in Virginia for all public schools grades K-12. Each division superintendent shall establish, for each school, a threat assessment team that shall include persons with expertise in counseling, instruction, school administration, and law enforcement. Threat assessment teams may be established to serve one or more schools as determined by the division superintendent. It is also mandated that each team:

- Provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self;
- Identify members of the school community to whom threatening behavior should be reported; and
- Implement school board policies for the assessment of and intervention with individuals whose behavior poses a threat to the safety of school staff or students.

In addition to requiring the establishment of threat assessment teams, the Code of Virginia § 22.1-79.4 also instructs that: "Each threat assessment team established pursuant to this section shall report quantitative data on its activities according to guidance developed by the Department of Criminal Justice Services."

\S 22.1-79.4 describes the roles of threat assessment teams and oversight committees in school divisions.

- A. Each local school board shall adopt policies for the establishment of threat assessment teams, including the assessment of and intervention with individuals whose behavior may pose a threat to the safety of school staff or students consistent with the model policies developed by the Virginia Center for School and Campus Safety (the Center) in accordance with § 9.1-184. Such policies shall include procedures for referrals to community services boards or health care providers for evaluation or treatment, when appropriate.
- B. The superintendent of each school division may establish a committee charged with oversight of the threat assessment teams operating within the division, which may be an existing committee established by the division. The committee shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.
- C. Each division superintendent shall establish, for each school, a threat assessment team that shall include persons with expertise in counseling, instruction, school administration, and law enforcement. Threat assessment teams may be established to serve one or more schools as determined by the division superintendent. Each team shall (i) provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self; (ii) identify members of the school community to whom threatening behavior should be reported; and (iii) implement policies adopted by the local school board pursuant to subsection A.

5. School Safety Inspection Checklist

Certification not required again until 2023.

§ 22.1-279.8 paragraph C requires that a division's school safety audit committee review the schools' safety audits and submit any plans for improving school safety to the division superintendent for submission to the local school board.

- C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.
- 21. Safety Audit Review: The culmination of the School Safety Audit is a review of the data collected for each component. In the following questions, please provide the top two issues or concerns identified from the review of each component for your division.

Issues Identified N=132 Absenteeism/tardiness/skipping 82, 62% Mental health for students 75, 57% Need mental health training for staff 64, 48% Social-emotional learning 43, 33% Entrance lobby 28, 21% Doors are not able to be locked from inside 27, 20% Mental health 26, 20% Mental health 27, 20% Mental health 27, 20% Mental health 28, 21% No social media monitoring process 22, 17% Social media 21, 16% No social media in plantications 20, 15% Classroom disruptions 19, 14% Disrespectful behavior 19, 14% Bullying 18, 14% Cell phones 18, 14% Mental health 7 staff 18, 14% Parent involvement 18, 14% Not able to communicate directly with first responders 16, 12% Windows cannot be covered 14, 11% No anonymous reporting system in place for threats 13, 10% School connectedness 13, 10% School connectedness 13, 10% Aggressive behaviors 12, 9% Professional growth opportunities 11, 8% Student/students relationships 11, 8% Student engagement 11, 8% Student foot understable to be students of coverage 1, 15% Doors are not able to be locked from inside 27, 20% Mental health for students or not trained in "Avoid, deny defend" or "run, hide, fight" 16, 12% Professional growth opportunities 11, 8% Student/students relationships 11, 8% Student foot dent and the coverage 1, 15, 8% Student foot dent and training is not up-to-date 6.
