

VIRGINIA SCHOOL SAFETY AUDIT

What is the School Safety Audit?

In accordance with *Virginia Code* § 22.1-279.8, all schools in Virginia are required to complete an annual safety audit. The audit is a “**written assessment**” of the safety conditions of each public school to:

- (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues and
- (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school sponsored events.

Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board’s standards for student conduct.”

What are the Components of the Audit?
