#### **DCJS Update**

Laurel Marks updated the committee on the status of the recruitment and hiring for the vacant JJ Specialist position formerly held by Tracey Jenkins.

Ms. Marks discussed the VCO exception of the JJDP Act, and legislation (HB488) offered during the session. Members indicated that the proposed legislation would have had significant impact on the number children placed in foster care. There was additional discussion regarding limited alternatives for the judiciary, and funding for less restrictive, short term interventions that would be effective in serving status offenders.

Ms. Marks requested the committee's approval to use Title II funds for a targeted solicitation that would allow jurisdictions to develop suitable services for youth and provide the courts with additional options for status offenders who come before them. After a clarifying question, Ms. Marks confirmed that the idea was to provide alternatives for status offenders and not just those before the court on a violation of a court order. A motion was made by Ms. Woolard to approve the use of Title II funds. The motion was seconded. The use of Title II funds for the targeted solicitation was approved unanimously.

#### **Compliance Update**
