Hi Tamaro,

I hope that you are feeling better. I have attached a document with background information on Virginia's threat assessment teams and our specific grant related questions. I'm happy to discuss this with you by phone if you have any questions or need additional information. I can be reached at 804.586.1743.

The grant guidelines referenced a grantee meeting to be held in the Washington, DC area. Has this occurred? Is it possible to get a contact list of the other BJA Threat Assessment grantees?

Thank you for your assistance. I look forward to hearing from you.

Karen

Good Afternoon,

My apologies for the delay in my response to you. I was out on a site visit for the past week and just returned. Unfortunately, I have laryngitis and unable to speak to you by phone. Can you please e-mail your questions?

Tamaro

Good morning,

I have programmatic and performance measures related questions on our BJA STOP grant. We are in the process of updating our statewide school survey instrument which is on hold until we have clarification on the performance measures. When would you be available to speak by phone?

Thank you for your attention to this matter.

Karen

Good evening,

I was recently hired by the Virginia Department of Criminal Justice Services to work on their STOP School Violence Threat Assessment and Technology Reporting Program grant. Would you have some time this week that we could speak by phone to discuss performance measures and special conditions?
