	9. Please complete the following table with the percentage of your program's funding that comes from each funding source. Estimate the percentages, rounded to the nearest whole number, based on your program's budget for the fiscal year.			

Category	Question	Option	Response	Alert
	Calculation: To calculate the amount for "This JAG award" take the amount of this JAG award's funding going toward the program and divide it by the total amount of funding for the program. For example, if your program has a budget of $50,000 for the year and $15,000 of that comes from this JAG award, "This JAG award" equals 15,000/50,000, or 30%. To calculate the amount for "All other sources", divide the remaining funds by the total budget. In the above example, this would be 35,000/50,000, or 70%.
