Our agency needs laptop computers for members to telework during the Coronavirus pandemic. With the increased age of staff members, CDC suggested physical distancing, and concern for the health and safety of our employees during coronavirus. Employees need the resources, equipment and ability to telework. We do not want to cripple any of our agency divisions or our entire agency by having all employees physically together, thereby increasing the possibility of exposure. Our agency also needs remote-restraint devices which will allow restricting suspect mobility from a safe distance with a tool that is not intent on hurting individuals.

The Coronavirus Emergency Supplemental Funding Grant (CESF) will assist Prince William - Manassas Regional Adult Detention Center to maintain a safe and healthy environment for both staff and inmates. Automated equipment to continue temperature checks will ensure that staff, inmates, volunteers and contractors are all checked prior to entry. The cleaning equipment is essential to the cleanliness of areas used by those that are in quarantine areas and other areas of the facility. Since jails are subject to high exposure of the coronavirus, this equipment is deemed necessary for use in the facility. Overtime is requested for hours related to the outbreak of the virus in May 2020.

The New River Valley Regional Jail is attempting to enhance our technological infrastructure in response to the COVID-19 pandemic and to be able to provide a continuity of prisoner and governmental services moving forward. As a rural jail in southwestern Virginia, the pandemic has further isolated and restricted our access to specialized medical care and mental health services for prisoners, as well as increased the requirement to make remote services available for judicial services, other governmental services. Further, there is a requirement to continue to train and update our staff members and doing so during the pandemic has proved very challenging. Our grant request prioritizes the need to update our infrastructure to respond to the current pandemic related to COVID-19 and allows for improved responses to similarly challenges in the future.

Subaward Project Description:	Pursuant to judicial emergency orders issued by the Virginia Supreme Court and in keeping with the Executive Orders issued by the Governor, the Brunswick County Commonwealth's Attorney's Office was forced to indefinitely suspend all daily office operations and court dockets beginning March 23, 2020. As a result, our office is now overwhelmed with a backlog of cases as well as continuing to receive new matters on a daily basis. In order to expedite prosecutions effectively while still adhering to imposed limitations stemming directly from the effects of the Coronavirus outbreak, we are seeking funds to expand a part-time paralegal position to full-time.

Subaward Project Description:

The Tazewell County Judicial Preparedness Program would allow Tazewell County, Virginia to purchase two AHP Bio-Decontamination Systems, 1 for the Tazewell County Courthouse and 1 for the Tazewell Regional Jail. Those units can disinfect up to 15,000 cubic feet per hour. Further, the program would allow Tazewell County to purchase 10 cases of BioShield 75 Surface Protectant for disinfection of surfaces in the courthouse and the jail. The BioShield 75 Surface Protectant helps protect against microbes for up to 90 days between uses, and is safe and non-toxic.
