The Lunenburg County Sheriff's office would like to use the Coronavirus Emergency Supplemental Funding grant to purchase Laptop Computer's for all our deputies. These laptop computers will be used to enhance social distancing requirements by allowing the officers to complete required reports and access information without physically being at the Sheriff's office. These laptop computers will also be used to conduct staff meetings and other meetings remotely thus reducing staff exposure to the Sheriff's Office and other locations.

Subaward Project Description:

Federal Agency Name:	OFFICE OF JUSTICE PROGRAMS
Subaward Project Description:	With 181 sworn officers on the front line each day in the midst of a pandemic, the need for additional supplies to keep them protected from developing COVID 19 is paramount. Without these supplies and equipment officers are at risk and being able to preserve their own health is in jeopardy. Our departments inventory of PPE and other equipment needs to be increased. Much of the supplies must be discarded after a single use and as a result it is important to have a replenishing stock for the officers. In addition, officers often provide PPE to suspects and victims and these too must be discarded.
Subawardee Principal Place of Performance:	SUFFOLK, Virginia 234345360

	The Coronavirus Pandemic brought the importance of "Social Distancing" and the use of Personal Protective Equipment (PPE) into everyday life as the new normal. While all first responders rushed to purchase PPE to ensure that the workplace is a safe environment for all who enter, there was a shortage that still continues. Additionally, the importance of communicating with the public while practicing social distancing measure sometimes created a challenge. The Williamsburg Police Department Coronavirus Emergency Equipment needs grant addresses these issues to create a safe environment for both the public and law enforcement personnel.
