II. STUDENT SAFETY CONCERNS

Discipline, Crime, and Violence data

[Discipline, Crime, and Violence \(DCV\) offense and incident types reported in Safe Schools Information Resource \(SSIR\)](#) are coded and grouped into nine offense categories that are aligned according to severity of offense.

11. For each Discipline, Crime, and Violence (DCV) offense category listed, indicate whether the number of occurrences at your school increased, decreased, or stayed the same when compared with the previous (2015-2016) school year.

This questions does not measure the number of occurrences, but instead measures whether there was change, and if so, the type of change.

Use the category “stayed the same” when the number of occurrences was the same as the previous year whether that means that there were occurrences or were no occurrences.
