

## Appendix L

### ***Law Enforcement Agencies Not Reporting Traffic Stop Data as of May 16, 2023***

This table includes all agencies which either a) did not report one or more months of CPA data for the analysis span of July 2022-March 2023 or b) were not included in the CPA report 2023 analysis dataset due to confirming zero stops for the year or having all reported stops excluded via the DCJS exclusion criteria. The presence of an agency on this list does not mean that they did not appear in the 2023 analysis dataset. Notes are based on VSP collection process notes and DCJS analysis exclusion results. Some agencies initially submitted data but had issues in their data flagged during the VSP review process and did not finalize their data in time for DCJS publication.

*Note that all quarterly references correspond to calendar year:*
