

Precipitating Events-Based Strategies

General

- Address and minimize systemic issues that could impact the case
- Consider the impact of the timing and location of interventions
- Monitor reactions to case management/interventions
- Monitor and plan for loss or injustice
 - Loss impacting the subject, e.g., job or income, status, relationship, health, rejection/ostracization
- Monitor and plan for key dates or events
- Monitor for reactions to administrative and/or court actions/orders (hearings, court dates)
- Anniversary events, e.g., date of the beginning of a relationship, date of the end of a relationship, date served with court orders/separation documents, birthdays, holidays
- The contagion effect of other high-profile or locally significant acts of violence and/or loss
